My Life Eiger North Face Grandes Jorasses And Other Adventures:

My Life Anderl Heckmair, 2015-01-12 In 1938 Anderl Heckmair made the first ascent of the North Face of the Eiger a monumental climb that cemented his place in history In *My Life* he tells the story of how he turned from a fragile child wrapped quite literally in cotton bindings into one of the most important mountaineers in the world Leaving school in 1920 Heckmair dedicated himself to climbing becoming a full time mountain vagabond Penniless he lived in Alpine huts and cycled from climb to climb even riding from Germany to the High Atlas mountains of Morocco He rapidly developed as a mountaineer making an ascent of the Walker Spur in awful weather and a solo ascent of the Matterhorn in walking shoes a feat that nobody believed But his crowning achievement climbed in full media glare would always be his Eiger ascent Events did not always run smoothly arrested after a quarrel with a farmer he escaped through a window never imprison mountain climbers in towers When arrested again his ice axes mistaken for deadly weapons while he slept on a park bench Heckmair chose to stay put preferring the cell bunk to his bench At times the book ventures into darker territory As one of the great German climbers of the 1930s Heckmair inevitably attracted the attention of the Nazi party he found his Eiger triumph twisted to suit their ends and he himself seated next to Hitler at a party But at its heart *My Life* is a celebration of adventure Told in joyful engaging and relaxed style it is as full of life and passion for the mountains as Anderl Heckmair himself [My Life](#) Anderl Heckmair, 2002

Eiger Direct Peter Gillman, Dougal Haston, 2020-01-23 The North Face of the Eiger was long notorious as the most dangerous climb in the Swiss Alps one that had claimed the lives of numerous mountaineers In February 1966 two teams one German the other British American aimed to climb it by a new direct route Astonishingly the two teams knew almost nothing about each other's attempt until both arrived at the foot of the face The race was on John Harlin led the four man British American team and intended to make an Alpine style dash for the summit as soon as weather conditions allowed The Germans with an eight man team planned a relentless Himalayan style ascent whatever the weather The authors were key participants as the dramatic events unfolded Award winning writer Peter Gillman then twenty three was reporting for the Telegraph talking to the climbers by radio and watching their monumental struggles from telescopes at the Kleine Scheidegg hotel Renowned Scottish climber Dougal Haston was a member of Harlin's team forging the way up crucial pitches on the storm battered mountain Chris Bonington began as official photographer but then played a vital role in the ascent *Eiger Direct* first published in 1966 is a story of risk and resilience as the climbers face storms frostbite and tragedy in their quest to reach the summit This edition features a new introduction by Peter Gillman [The White Spider](#) Heinrich Harrer, 2005 A classic of mountaineering literature this is the story of the harrowing first ascent of the North Face of the Eiger the most legendary and terrifying climb in history Heinrich Harrer author of *Seven Years in Tibet* and one of the twentieth century's greatest mountaineers was part of the team that finally conquered the Eiger's fearsome North Face in 1938 It was a landmark expedition that pitted the explorers against treacherous conditions and the limits of human

endurance and which many have since tried and failed to emulate Armed with an intimate knowledge that comes only from first hand experience of climbing the Eiger Harrer gives a gripping account of physical daring and mental resilience A new introduction by Joe Simpson author of Touching the Void confirms the lasting relevance of this true adventure classic
