Olson, Mariah Gumpert, 2018-04-19 This volume serves as an invaluable study guide covering all of the key political social and cultural concepts of the turbulent 1960s The 1960s were a polarizing decade beginning brightly and with hope but ending in disappointment and disarray By the end traditional values had been subverted political institutions had been overturned and marginalized groups had battled their own government to win equal rights and freedoms The clear cut foreign policies of the postwar era brought mixed results and the world's mightiest nation became mired in a war it could not win This overview of the 1960s covers all of the key political social and cultural concepts of the decade through topical and biographical entries primary documents a sample document based essay question and top tips and period specific learning objectives The book contains an Introduction that presents the historical themes of the period Alphabetical encyclopedic entries relating to the period specific themes comprise the core reference material in the book The book also contains a range of primary documents with their own introductions and a sample document based essay question Other features include a list of Top Tips a thematically tagged chronology and a list of specific learning objectives readers can use to gauge their working knowledge and understanding of the period *Mississippi's Black Cotton* John Obee, MacArthur Cotton, 2025-05 The literature of the civil rights movement is replete with stories about the major actors in the movement including for example Martin Luther King but there is little focus on the MacArthur Cottons of the era the young Black men and women who at great risk to their physical and mental health chose to become involved in the movement when so many others chose not to Without these young Black people there would have been no movement and what was accomplished with the Civil Rights Acts of the 1960s would never have happened This was particularly true in Mississippi the most repressive of all fifty states and one that had sponsored state terrorism to ensure that white supremacy reigned supreme Despite having no real reason to believe that change could happen MacArthur Cotton and those like him believed that they had to act In MacArthur's case his actions were in the tradition of his activist family and he relates his involvement with many of the important figures in the Mississippi movement such as Medgar Evers and Fannie Lou Hamer Importantly he also honors others like him who are largely unknown to history such as the Greenes and McGees in Greenwood who were waging their own war against their oppressive state While having been imprisoned many times and having lived in a constant state of terror Cotton persisted as a foot soldier in a war and as with all veterans of wars was left with emotional and psychological scars Despite the toll that it took on him as a person however he remains a committed activist to this day **Jesus, Jobs, and Justice** Bettye Collier-Thomas, 2013-12-20 Originally published New York Alfred A

Knopf c2010 **Across the Line** Barry Jacobs, 2022-11-01 In the 1960s college sports required more than athletic prowess from its African American players. For many pioneering basketball players on 18 teams in the Atlantic and Southeastern conference, playing ball meant braving sometimes menacing crowds during the tumultuous era of civil rights. Perry Wallace feared he would be shot when he first stepped onto a court in his Vanderbilt uniform. During one road game, Georgia's Ronnie Hogue fended off a hostile crowd with a chair. Craig Mobley had to flee the Clemson campus along with other black students. C. B. Claiborne couldn't attend the Duke team banquet when it was held at an all-white country club. Wendell Hudson's mother cried with heartache when her son decided to play at the University of Alabama, and Al Heartley locked himself in a campus dorm at North Carolina State for safety the night Martin Luther King Jr. was assassinated. Grounded in the civil rights struggles on campuses throughout the South, the voices of players, coaches, opponents, and fans reveal the long neglected story of race, sports, and social history. Barry Jacobs has covered college basketball as well as news and other sports since 1976 for numerous publications, among them the New York Times, Washington Post, GQ, People, Oceans, the Saturday Evening Post, and the Sporting News. He is the author of four books, including Coach K's Little Blue Book, The World According to Dean, and Three Paths to Glory. For 14 years he wrote the Fan's Guide to ACC Basketball. He also served as an elected county commissioner for 20 years and supervises Moorefields, an historic site near Hillsborough, NC.
