Russell, 2008-07-02 What if you could look at a psycho biographical profile in 48 000 words that cover 48 years in the life of a nurse counselor teacher Theories abound and some say The truth is in there This book is being replaced by the boojk Communication and Living Through Time **Modest Beginnings, High Aspirations: A memoir of Skill, Self-development, and Community Empowerment** Albert O. Ebo Richardson PHD, 2024-08-27 Acquiring skills and nurturing talents are attributes that must be inculcated and embraced in homes schools work and play by children young and older adults alike everywhere in the world The title of the book Acquiring Skills and Nurturing Talent chronicles my life story It presents the details of my family experiences education work and community engagement I have worked and traveled extensively in America Africa Ghana Nigeria South Africa Liberia Canada Mexico Europe Asia Singapore China and other parts of the world The book illustrates

the important role that acquiring skills and nurturing talents such as technical skills artistic skills sports skills language skills and entrepreneurial skills play in instilling self development They also facilitate community empowerment and contribute immensely toward the complex and difficult enterprise of nation building Chapters 1 through 7 is the autobiographical narrative In the remaining chapters 7 through 15 the book provides a group of lectures presentations and some prior publications whose contents vividly and fully describe my activities They offer tremendous insight into how I went about putting into practice my strong belief in the value of acquiring skills for the purpose of self development community empowerment and nation building Chapter 16 is a photo gallery of a portion of my larger extended family They are spread around the world It is said that a picture is worth a thousand words So I have included lots of pictures to bring the narratives to life

Communication and Living William J. Russell, 2014-03-26 This book is about three things communication education and mental health Mr Russell weaves you through his thought process while traveling through time In the process of moving from one thought to another and through one decade to another he assembles a powerful trichotomy love and sex to schizophrenia and the pitfalls of the education system His many years of experience in education mental health and teaching give him a unique perspective in what the future might hold His personal mantra is one we can all live by Pick up this book and travel with him you may be enlightened but at the very least entertained *My Mother's Secret*

D.M.B., 2022-01-05 *My Mother's Secret* By D M B My parents Keith and Betty Lu got involved in Ballroom dancing They took many lessons with many dance instructors One instructor in particular was so kind as to come to our house to provide more advanced lessons Both of my parents and Chico instructor could dance beautifully There were many dance parties for their students At the time I noticed that Chico was coming to the house a lot more often I didn't think too about it after all my mother is a strong Christian woman

I Had Gave Up Mr. Xavier Tobias Thornton, 2012-02-15 The Main Thing The relationship between family structure and crime is so strong that controlling for family configuration erases the relationship between race and crime and between poverty and crime This conclusion shows up time and again in the literature Fatherlessness in America and most pervasively among young African American Males is devastatingly genocidal to the health and sustainability of the Black Family I HAD GAVE UP a poignant true story told in his own vernacular unfortunately is the death chant of millions of people of a darker hue across this nation Xavier Tobias Thornton's depiction of himself as a toddler watching his father loading his truck with his stuff but mostly taking away with him Xavier's only chance at transcending the tragedy of being born black male and poor in America It is my prayer that through this biographical account of a bright uneasily broken child of God's horrendous ascension toward wholeness an epiphany of humanity is realized It is my hope that this book and other literary documentaries will serve as cadence in the march of a time when collectively we faced and conquered a plaque on our nation and reaped the fruits of restored families I D Had Gave Up Is about this author who spent almost 11 years of his life behind Bars by the age of 28 years old he d existed almost half of his life in prison It is

also about the 65 million fatherless incarcerated males like him and the millions to follow if we don't find the social antidote to end the social travesty of fatherlessness *St. Nicholas* ,1915
