Woods recounts Annette Jackson's North Woods experiences during the 1930s when she, her husband and their children lived in a small cabin on the shore of Umsaskis Lake. Jackson, an avid sportswoman and nature lover, writes of hunting, fishing, campfire cooking, and the sounds of the wilderness through the seasons. She visits trappers and woodsmen and tells what it's like to sleep on a bed of pine boughs under the stars that shine on the legendary Allagash. *My Life in Dire Straits* John Illsley, 2021-11-09 The bass player and founding member of Dire Straits shares a behind-the-scenes history of the British rock band. One of the most successful music acts of all time, Dire Straits filled stadiums around the world. Their albums sold hundreds of millions of copies, and their music classics like "Sultans of Swing," "Romeo and Juliet," "Money for Nothing," and "Brothers in Arms" is still played on every continent today. There was quite simply no bigger band on the planet throughout the eighties. In this powerful and entertaining memoir, founding member John Illsley gives the inside track on the most successful rock band of their time. From playing gigs in the spit and sawdust pubs of south London to hanging out with Bob Dylan in LA, Illsley tells the story of the band with searching honesty, soulful reflection, and wry humor. Starting with his own unlikely beginnings in Middle England, he recounts the band's rise from humble origins to the best-known venues in the world, the working man's clubs to Madison Square Garden, sharing gigs with wild punk bands to rocking the Live Aid stage at Wembley. And woven throughout is an intimate portrait and tribute to his great friend Mark Knopfler, the band's lead singer, songwriter, and remarkable guitarist. Tracing an idea that created a phenomenal musical legacy, an extraordinary journey of joy and pain, companionship, and surprises, this is John Illsley's life in Dire Straits. Praise for *My Life in Dire Straits*: A forensic and uplifting journey through the sheer hard work, pitfalls, and thrills of navigating a great rock and roll band to the pinnacle of success. I so enjoyed the ride. Onwards, John. Roger Taylor, drummer, songwriter, and founding member of Queen. Reading John Illsley's book, I relived so many moments. He captures the early days of the English bands and their story, the ups and downs, relationships, craziness, and fun. Of course, the music was key. This really happened. Mike Rutherford of Genesis. Fascinating. Illsley is brutally frank about the toll that the band's fame had on his relationships, most notably his marriage, a victim, he writes, of my life on the road. Fans will be mesmerized. FACS, 2019-08-31 This is the twelfth book in the series *Christianity and the Human Brain*. It integrates neuroscience and the Bible, the holy book of Jesus. My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine. I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain, which indeed separates mankind from all other living creation. It has been my belief that the human brain does not limit itself to the physical skull. Rather, it extends in a nonphysical form to the outside spiritual world, even while living on earth. In other words, a big part of the human brain is actually outside the skull and the body. After performing brain surgeries for three decades, I have realized that my theory is so true. The majestic human brain can't be just the 1,500 grams of jelled matter inside the skull. The human journey

therefore is transforming the human brain into the brain of a man of God and transforming the hand of man into the hand of the man of God The spiritual human brain never dies Only the flesh does This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demands from me My life is dedicated to Jesus to my patients and to my residents As a physician I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well published author of several famous medical journals As an academic teacher I trained for more than thirty four years and have watched thousands of trainees graduate But all this is nothing as I strive to achieve Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual miracles testimonials and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good hearted medicine This book is full of many vibrant stories that I love to share which is timely since I am guessing that my generation will soon be viewed obsolete by future generations What will remain are the books I authored This book is a text of wealth covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections So many chapters are written about my special love for Jesus Christ and his children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to mothers newborns and little children While my soul is grieving a section is centered on the ongoing Christian persecution especially the genocide of Christians in my country Egypt which is also the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason or another such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose human trafficking and health care crises Few chapters are included about my personal views about introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our savior It is never enough to share our love and write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about
