psychological insight and their emphasis on human dignity respect and forgiveness Dostoyevsky's early short stories contain the seeds of the themes that came to his major novels Poor Folk the author's first great literary triumph is the story of a tragic relationship between an impoverished copy clerk and a young seamstress told through their passionate letters to each other In The Landlady Dostoyevsky portrays a dreamer hero who is captivated by a curious couple and becomes their lodger Mr Prokharchin inspired by a true story is a sly comedy centring on an eccentric miser and Polzunkov is a powerful character sketch which in common with the other tales in this volume questions the very nature of existence **Not a Blueprint; It's**

the need to have a southern theory to serve as an alternative to western theories The majority of African intellectuals and activists while criticizing existing theories often do not provide alternative theories to address the prevalent inadequacies entrenched in conventional social political and economic systems This revolutionary book aims to address this lapse and proposes the theory of communitarianism as a more indigenous sustainable and integral approach to tackling the social political economic and developmental challenges of today s Africa There is an African alternative to capitalism socialism and communism a surer path to sustainable development in and from Africa This is a book that is positioned at the very core of a much needed African Renaissance A profoundly new approach to development in Africa this is essential reading for anyone concerned with authentic development in Africa and in the world
