The Mannequins' Ball Daniel Gerould, Bruno Jaslenski, 2014-07-16 This play by Futurist poet Bruno Jaslenski is an outstanding example of the joining of left wing politics and avant garde interest in human mechanization that characterized the experimental theatre of Poland in the inter war

years Stalinism and the purges cut short Jasienski's career and prevented productions of his play for many years except for a brilliant constructivist staging in Prague in 1933. The Mannequins Ball can now take its place along with Capek's R U R as one of the major twentieth century dramas making use of the themes and techniques of human automata. Reproduced in this volume are the eight woodcuts by Moor which accompanied the original Moscow publication in 1931. **Silent Selling**

Judith A. Bell, 2022-01-01 Capturing the direction and evolution of today's retail industry Silent Selling Best Practices and Effective Strategies in Visual Merchandising 6th Edition is a blend of practical and creative problem solving activities to carry students well beyond the basics of visual merchandising. Readers gain an understanding of experts' recent discoveries and learn valuable techniques while being encouraged to think outside the box. The author Judy Bell covers not just apparel display but also grocery and food services and non traditional retailing environments. This book covers everything from eye catching color arrangements to lighting to the importance of signage. Visual merchandising careers are also discussed.

Next Top Mannequin T.K. Wrathbone, 2018-08-13 What could possibly go wrong during a two week modelling course at a prestigious modelling company? A lot. Twelve year old Delany Jane Chester and her best friend Macy Compton have won the prestigious Top Modelist Fashion and Beauty Agency two week summer course competition. Two whole weeks of fashion fun and beauty blitzes and they cannot wait. But things start to happen and they give Dell the chills especially when walking the hallway of mannequins, a long red glossy hallway with twenty five very real and very lifelike mannequins that look exactly like the past twenty five graduate winners of the course. Their eyes follow Dell wherever she goes and nightmares soon arise sending her into sensory overload. Something is very wrong at Top Modelist and she sets out to prove what it is but will that be the biggest mistake of her life. *Profiles of the Mannequin* Eric Feigenbaum, 2024-09-05 They've been referred to as the quintessential silent sales force but they are so much more than fancy clothes hangers. Mannequins breathe life, emotion and animation into retail environments across the world. They are works of art that tap into the emotions and aspirations of all who engage with them. Profiles of the Mannequin tracks the history and evolution of these intriguing figures from the headless models of 1900 right up to today's virtual mannequins. Exploring shifts in representation of gender, race and body type, this study chronicles the connection between mannequins and movements in art, the humanities, current affairs and fashion. Beautifully illustrated and engagingly told, fascinating in depth interviews with creative professionals recount their experiences, philosophies and stories of the mannequin and its impact on our culture as both a utilitarian object and as an artistic statement. Interviewees include Carol Barnhart former owner and CEO Carol Barnhart Inc, Harry Cunningham former Senior Vice President Store Planning Design and Visual Merchandising Saks Fifth Avenue, James Damian former President of Hindsgaul Mannequins USA, Paul Olszewski former National Director of Windows and Internal Flagship Marketing Macy's, Barbara Paris Gifford Curator Museum of Art and Design MAD New York, Ralph Pucci mannequin designer, gallery owner and entrepreneur Rob Smith the CEO and Founder of the Phluid Project the first gender neutral store in the retail industry.
