My Mothers People:

Fledgling Octavia E. Butler, 2011-01-04 *Fledgling* Octavia Butler's last novel is the story of an apparently young amnesiac girl whose alarmingly unhuman needs and abilities lead her to a startling conclusion she is in fact a genetically modified 53 year old vampire. Forced to discover what she can about her stolen former life she must at the same time learn who wanted and still wants to destroy her and those she cares for and how she can save herself. *Fledgling* is a captivating novel that tests the limits of otherness and questions what it means to be truly human. *Go Ask Your Mothers* Sarah Wells, 2024-08-13 From a CEO of a multimillion dollar company that empowers working moms this guide gives managers an inside look at what mothers really want from their leaders. In a post pandemic job market creating a truly mom supportive workplace is the ultimate competitive advantage. But there's a pervasive problem across workplaces big and small. Managers aren't asking new mothers what support they need to transition back to work successfully. At the same time working moms are afraid to ask for help resulting in poor employment outcomes for both parties. The solution: Intentional and open conversation which has to start at the managerial level. *Go Ask Your Mothers* is a guidebook for leaders at every level and in every sector offering them an outline of the struggles new working moms face from a lack of proper accommodations to the wide range of mental and physical postpartum challenges. Context for why communication problems can arise between managers and moms. A road map for initiating successful conversations with new mothers. Proven strategies for facilitating successful transitions back to work for new moms. Investing in working mothers is more than just a powerful retention strategy it's an investment in your entire organization's success. Now more than ever we cannot afford to lose these highly valuable employees and equipped with the right tools we won't have to. ***The Golden Road*** Lucy Maud Montgomery, 1925 *The Golden Road* a sequel to *The Story Girl* will have a warm welcome by all who are familiar with the author's stories and if there are any who do not know them here is an opportunity to get acquainted. Prince Edward Island is again the setting of scenes of lovely meadow views and the adventures of the King family are full of the same spirit of joyousness that has made this author a favorite one with various classes of readers. This book completes a romance of Aunt Oliva begun in a previous story. *Dire Threads* Janet Bolin, 2011-06-07 Willow Vanderling's quaint new embroidery shop is not a hit with the local zoning commissioner. When he's murdered the evidence is stacked against Willow. ***Queerstories*** Maeve Marsden, 2018-08-28 There's more to being queer than coming out and getting married. This exciting and contemporary collection contains stories that are as diverse as the LGBTQIA community from which they're drawn. From hilarious anecdotes of an awkward adolescence to heartwarming stories of family acceptance and self discovery the LGBTQIA community has been sharing stories for centuries creating their own histories disrupting and reinventing conventional ideas about narrative family love and community.
