Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions
of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been
sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the
collection have been scanned to simulate the original Our readers see the books the same way that their first readers did
decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the
original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would
occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be
delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if
necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing
s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the
experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books
of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on
demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly
