Poems from a Midwest Outlaw Cole E. Fisher, 2014-08-20 This book is a window into the thoughts and feelings one goes through when you're locked behind bars Its the memories of lost loves and things that keep you sane You regale the emotions of triumphs friends and family The things that you appreciate the most The tragedy of being incarcerated and being away from those you love the most The sense of helplessness and regret and the lessons you will learn Or at least the ones that this Outlaw learned For now life is a journey [Selling Women's History](#) Emily Westkaemper, 2017-01-09 Only in recent decades has the American academic profession taken women's history seriously But the very concept of women's history has a much longer past one that's intimately entwined with the development of American advertising and consumer culture Selling Women's History reveals how from the 1900s to the 1970s popular culture helped

teach Americans about the accomplishments of their foremothers promoting an awareness of women's wide ranging capabilities. On one hand Emily Westkaemper examines how this was a marketing ploy as Madison Avenue co-opted women's history to sell everything from Betsy Ross Red lipstick to Virginia Slims cigarettes. But she also shows how pioneering women and female historians used consumer culture to publicize histories that were ignored elsewhere. Their feminist work challenged sexist assumptions about women's subordinate roles. Assessing a dazzling array of media including soap operas, advertisements, films, magazines, calendars, and greeting cards, *Selling Women's History* offers a new perspective on how early and mid twentieth century women saw themselves. Rather than presuming a drought of female agency between the first and second waves of American feminism, it reveals the subtle messages about women's empowerment that flooded the marketplace.
