Rubin, 2024-08-02 The incomparable play of light and color in Paul Cezanne's work was the foundation of his reputation as a forerunner of modernism From the start he went his own

way and his paintings initially evoked a lack of understanding in art critics of the time as well as ridicule. Despite his Romantic, Baroque, Impressionist and finally Classical influences, it is still difficult to ascribe Cézanne to any particular art movement. James H. Rubin traces Cézanne's life and work from A to Z in this brief volume, creating an image of a painter who wanted to transform painting itself. PAUL CEZANNE (1839-1906) was one of the most influential painters in the early days of modernism and has often been described as a pioneer of *Neues Sehen* or New Vision. His work still exercises undiminished influence to this day. JAMES H. RUBIN (1944) is an art historian and professor at the State University of New York in Stony Brook. His research focuses on nineteenth-century European art, especially the history, theory and critique of French Modernism.

The Letters of Paul Cézanne Alex Danchev, 2016-09-23

Revered and misunderstood by his peers and lauded by later generations as the father of modern art, Paul Cézanne (1839-1906) has long been a subject of fascination for artists and art lovers, writers, poets and philosophers. His life was a ceaseless artistic quest, and he channeled much of his wide-ranging intellect and ferocious wit into his letters. Punctuated by exasperated theorizing and philosophical reflection, outbursts of creative ecstasy and melancholic confession, the artist's correspondence reveals both the heroic and all too human qualities of a man who is indisputably among the pantheon of all time greats. This new translation of Cézanne's letters includes more than twenty that were previously unpublished and reproduces the sketches and caricatures with which Cézanne occasionally illustrated his words. The letters shed light on some of the key artistic relationships of the modern period: about one-third of Cézanne's more than 250 letters are to his boyhood companion, Émile Zola, and he communicated extensively with Camille Pissarro and the dealer Ambroise Vollard. The translation is richly annotated with explanatory notes, and for the first time the letters are cross-referenced to the current catalogue raisonné. Numerous inaccuracies and archaisms in the previous English edition of the letters are corrected, and many intriguing passages that were unaccountably omitted have been restored. The result is a publishing landmark that ably conveys Cézanne's intricacy of expression.
