Human Rights on Trial Justine Lacroix, Jean-Yves Pranchère, 2018-05-31 The first contemporary overview of the critiques of human rights in Western political thought from the French Revolution to the present day **More than Don't Let 'em Win** DC Vesser, 2020-01-21 This book attacks a poison that for so very long we have called political correctness Political correctness PC is the act of avoiding expression or language that can perceptively be construed as marginalizing by specific minorities or demographic groups It is often difficult to argue against PC because supporters of PC are likely to claim that contrary to using PC one would instead use expressions or language that offends which is oft what I wind up doing This response is a false conflation of permitting and condoning but the fallaciousness usually doesn't deter those who want to win the argument It's easy to accuse someone of simply seeking justification to use epithets in order to put him on the defensive and into the unenviable position of having to assert that he's not a racist It's also dirty and hateful to do so and that's how such responses should be considered We also review Agenda 21 Document 7277 the Illuminati the Club of Rome and the Committee of 300 in brevity We discuss the New World Order and speculate about megaregions and their locations both in the United States and abroad We take a very long train ride from the most southern tip of South America all the way to New Zealand and we discuss possibilities for a likely location for the capital of the world that may surprise you We even speculate about a location right here in the United States for a habitat for useless eaters We discuss how close we have come in our society to achieve all the goals of the New World Order I really hope you enjoy the read [Encyclopedia of Political Theory](#) Mark Bevir, 2010-03-18 How do we arrange our collective affairs Why do we live together in the ways we do How ought we to live together All humans think about the world they live in its history and future and the ideals by which they want to live in relation to others How we think today decisively influences the world of tomorrow This encyclopedia attempts to bring greater clarity and understanding to political debate Drawing together a team of international scholars the Encyclopedia of Political Theory examines the ideas of the major political theorists from before Plato to our own times the main schools of political thought the concepts and issues that have captured the imagination and attention of political theorists and some of the main institutions and practices inspired by political thought With more than 450 entries these three volumes provide a quick one stop source to key topics in the field Key Features Examines the global landscape of all the key theories and the theorists behind them Includes specific lists of entries that deal with constitutional thought and democratic thought Refers to

Hunter-Bowman, 2022-07-21 This book rooted in the disciplines of theology and peace studies reflects with and on war affected communities in Colombia about transitioning from violence to peace It argues that much that is significant for peace building in situations of war escapes the notice of governments human rights organizations and academics because it is accomplished through a kind of agency they do not recognize This book names that agency as constructive agency under duress and demonstrates its significance for peacebuilding by reflecting on a form that the author has seen operating in Colombia over nearly two decades Badiou and Politics Bruno Bosteels, 2011-08-10 Examines the political thinking of French philosopher of Alain Badiou whose theories of ontology and mathematics have set him apart from many of his post structuralist contemporaries **Politics and the Concept of the Political** James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James

Wiley's book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber, Carl Schmitt, Paul Ricoeur, Hannah Arendt, Sheldon Wolin, Claude Lefort, and Ernesto Laclau and Chantal Mouffe. These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors. They represent state centered, republic centered, and society centered conceptions of politics as well as realist, authoritarian, idealist, republican, populist, and radical democratic traditions of political thought. This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory. *Politics and the Concept of the Political* will be a useful resource to general audiences as well as to specialists in political theory. *Being and Freedom* John Skorupski, 2021. *Being and Freedom* is a panoramic account of ethics in Europe from the French Revolution to the end of the nineteenth century. John Skorupski explores the interaction of philosophical ideas with social influences across Europe during this period, including Kantian ethics, Hegel's holism, and the British utilitarian tradition.

Resisting Ethics S. Schaffer, 2004-09-03. *Resisting Ethics* is a new contribution to an ongoing debate on how the world can be improved. Starting with the notion that resistance and ethics are theoretically and practically intertwined, Schaffer develops a new socially oriented ethics based on the practical experience of resistance and ethics. Borrowing from and extending the ideas of Sartre, Merleau-Ponty, and Bourdieu, and using case studies of the Algerian Revolution and the Zapatista rebellion, Schaffer argues that existentialism can give us new insights into how we can and should act ethically in the world. *Resisting Ethics* is a wide ranging work and represents a new kind of intervention into issues of social justice and resistance.
