Radical Educational Policies And Conservative Secretaries Of State:

Radical Educational Policies and Conservative Secretaries of State Peter Ribbins, Brian Sherratt, 1997 The authors present a series of portraits of seven very different people Mark Carlisle Keith Joseph Kenneth Baker Kenneth Clarke John MacGregor John Patten and Gillian Shephard revealing the ways in which they have sought to define and deliver educational change against a backdrop of conflicting messages from within their own party and in the face of determined opposition from much of the educational establishment These illuminating entertaining and provocative conversations suggest that what was once regarded as radical in the Conservative agenda for education is now increasingly taken for granted by allies and opponents alike Including a thorough analysis of the seven interviews this book will provide a mine of information for all those interested in contemporary politics the future of education and the workings of government **A Political Sociology of Education Policy** Helen Gunter, 2024-05-14 This book aims to restore the role of political analysis in education policy by presenting a new political sociology for framing conducting and presenting research In doing so it will be the first in the field to connect political thinking from Arendt with sociological thinking from Bourdieu **Education, Reform and the State** John Furlong, Robert Phillips, 2002-11 This book supplies the definitive contemporary history of education policy in the late twentieth century Some of the leading educationalists reflect on the major legislative and structural changes in the field over the last 25 years **Education Policy** Ian Abbott, Michael Rathbone, Phillip Whitehead, 2012-11-12 A splendid read Via interviews with several Secretaries of State for Education and a supporting analytical commentary Education Policy provides a fascinating insight and historical appraisal of English policy rationale Dr David Kitchener Reader in Education University of Bolton This book should be compulsory reading not only for people interested in the history of education policy but also for policy makers to remind them of what has gone before Dr Andrew Townsend University of Nottingham From Butler to Balls and beyond this essential book illuminates educational issues in England and Wales since WWII drawing on extensive documentary evidence Inside you will find in depth interviews with former Secretaries of State for Education and other key decision makers including Ed Balls David Blunkett Michael Gove Alan Johnson Ruth Kelly The interviews cover the historical context of their period of office and the lasting legacy of their policies This is a must read for Masters level students on Education courses and PGCE programmes and will be valuable to undergraduates studying modern history and social policy Ian Abbott is Director of the Warwick Institute of Education Mike Rathbone was previously Director of Continuing Professional Development in the Institute of Education Phil Whitehead is the course leader for the secondary PGCE Teach First All are at the University of Warwick **Education Policy in Britain** Clyde Chitty, 2014-03-31 This text provides a clear overview and assessment of the educational policy systems at work in the UK Accessibly written and covering pre school and Higher Education policy making as well as Primary and Secondary the author examines the evolution of education policy from the Education Act of 1944 to the academies of today *The Conservative Party and the Destruction of Selective*

Education in Post-War Britain Piers Legh, 2023-01-26 The book tells the untold story of the Conservative Party's involvement in terms of stance and policy in the destruction of selective state education from 1945 up to the present day. Close consideration is paid to their attitudes and prejudices towards education both in power and in opposition. Legh examines the Party's responses to the pressure for comprehensive schooling and egalitarianism from the Labour Party and the British left. In doing so, Legh defies current historiography to demonstrate that the Party were not passive actors in the advancement of comprehensive schooling. The lively narrative is moved along by the author's critical examination of the Education Ministers throughout this period: Florence Horsbrugh and David Eccles serving under Churchill and Eden, and also Quintin Hogg and Geoffrey Lloyd under Macmillan, as well as Edward Boyle and Margaret Thatcher under Edward Heath. Legh's detailed research utilises a range of government documents, personal papers, parliamentary debates, and newspapers to provide this crucial re-assessment of the Conservative Party and selective education, and in doing so, questions over simplistic generalisations about wholesale support for selective education policy. It reveals instead questioning, compromises, and disagreements within the Party and its political and ideological allies. The result is a stimulating revival of existing scholarship which will be of interest to scholars of British education and politics.

[Comparative Inquiry and Educational Policy Making](#), John Major: An Unsuccessful Prime Minister? Kevin Hickson, Ben Williams, 2017-05-23 This year marks the twentieth anniversary of one of the most momentous general elections this country has ever seen. John Major's defeat in 1997 ended a record eighteen years of Tory government, prompting accusations of failure and ignominy. A controversial leader, Major oversaw numerous crises in international and domestic policy. Between 1990 and 1997, he presided over Britain's participations in the Gulf War, the start of the Northern Ireland peace process, the Maastricht Treaty negotiations, and famously Black Wednesday, and Britain's exit from the ERM. Towards the end, Major's government was split over Europe and ridden with allegations of sleaze. Widely criticised by the media and politicians from all parties, Major went on to be crushed by Tony Blair and New Labour in the 1997 general election. *An Unsuccessful Prime Minister* is the first wide-ranging appraisal of John Major's government in nearly two decades. This book reconsiders the role of John Major as Prime Minister and the policy achievements of his government. Major's government faced many more constraints and left behind a more enduring legacy than his critics allowed at the time or since.

Eugenics, Race and Intelligence in Education Clyde Chitty, 2009-07-07 A fascinating study into how eugenics and concepts of intelligence have influenced education systems in both the UK and US.

[Leading Beautifully](#) Fenwick W. English, Lisa Catherine Ehrich, 2016-01-08 *Leading Beautifully* provides a new dimension to understanding effective leadership. Drawing from lessons in the arts and the humanities, English and Ehrich explore how educational decision-making in schools can be informed by identity, personal competence, and an understanding of the field's intellectual foundations. Based on in-depth interviews of artists and educational leaders, this book provides insight into the inner world of successful leaders who have developed competencies and understandings that extend

beyond the standard leadership tool box This exciting new book explores the theory and practice of leadership connoisseurship as a human centered endeavor and as an antidote to mechanistic business oriented practices The authors well grounded reconsideration of educational leadership will enliven and enhance any educational leader s practice

Educating for Professional Life Elaine Penn,2017-09-26 The story of the University of Westminster is the fifth volume in a series of titles exploring the University s long and diverse history This book celebrates the twenty fifth anniversary of the institution gaining university status the right to award its own degrees and to participate in publicly funded research Drawing on extensive research conducted in the University of Westminster Archive this volume investigates the evolution from Polytechnic to University within the broader context of the transformation of UK higher education in the late twentieth and early twenty first centuries

About Our Schools Mick Waters,Tim Brighouse,2022-01-05 Foreword by Danny Dorling Through revealing and forthright interviews with 14 secretaries of state from Kenneth Baker to Michael Gove and Gavin Williamson together with many other leading figures in education Tim Brighouse and Mick Waters provide fascinating insights into the various evolutions and revolutions that have taken place in English state education since 1976 In so doing they highlight key areas for improvement and assess where we should go from here to enable teachers and schools to improve the learning and broaden the horizons of each and every one of their pupils whatever their talents challenges advantages or problems Tim and Mick have both spent a lifetime in state provided education first as pupils then as teachers and finally in various leadership and policy making positions both in and out of schools About Our Schools is born out of their shared love for education and their appreciation of how schooling can be a transformative element in the lives of children and young people All royalties from sales of this book will be donated to Barnardo s and the Compassionate Education Foundation

School Policy Reform in Europe John Benedicto Krejsler,Leif Moos,2023-07-31 This book discusses national school policy reforms in a number of key European countries and shows how these are framed in transnational collaborations that meet with national particularities and contestations It gives an overview of school policy developments that represents the diversity of Europe within a comparative framework It takes point of departure in the fact that European countries in their school and education policies have been increasingly aligning with each other mostly via transnational collaborations the OECD EU and the Bologna Process Even the IEA has been instrumental to motivate alignments by means

of influential surveys knowledge production and methodological development This alignment in terms of common standards social technologies qualification frameworks and so forth have aimed at facilitating mobility of students workers business and so forth as well as fostering a European identity among citizens from Europe s patchwork of small and medium size countries representing a patchwork of different languages cultures and societal contexts In national recontextualizations however alignments have been continuously contested according to the particularities of what has been possible educationally and politically in the different national contexts Furthermore the return of national isms as well as the rise of edubusiness and digitalization have been increasingly influential This book thus concludes that increasing transnational alignments have to be observed with meticulous attention to different national contexts that matter greatly **Education In A Post Welfare**

Society Tomlinson, Sally, 2005-11-01 Providing a critical overview of education policy since 1945 this book includes chronologies of education acts reports and initiatives and summaries of major legislation *The Secondary Mod* Dick Stroud, 2021-04-21 This is the story of secondary modern schools based on facts not prejudice It is an alternative to the popular narrative that these schools were a scar on the country s educational history The Secondary Mod is a journey perhaps more a voyage of discovery Along the way you will discover that the accepted stories about the tripartite system and comprehensive schools are a simplistic distortion of the truth Worse still the mistakes the education establishment made in the past still determine how children are educated today Researched using the National Archives this book explores the evolution of secondary education in England and Wales from the end of WWI to the early 2000s It s a tale of bureaucratic reports well meaning ideas badly implemented and the harsh realities of life after WWII What we learn enables us to answer the question were secondary moderns a monstrous mistake or much maligned You may be surprised *Understanding the School Curriculum* Alex Moore, 2014-08-13 At a time of rapid social change and numerous policy initiatives there is a need to question the nature and function of school curricula and the purposes of formal public education Comparing curriculum developments around the globe Understanding the School Curriculum draws on a range of educational philosophical and sociological theories to examine the question What is a curriculum for In considering different answers to this fundamental question it explores a range of topical issues and debates including tensions and dynamics within curriculum policy The implications of uncertainty and rapid social change for curriculum development the positive and negative influence of free market ideologies on public education the impact of globalization and digital technologies arguments for and against common core curricula and state control It examines the possibility of a school curriculum that is not shaped and monitored by dominant interests but that has as its founding principles the promotion of responsibility responsiveness a love of learning and a sense of wonder and respect for the natural and social world Understanding the School Curriculum is for all students following undergraduate and Masters courses in curriculum public policy and education related subjects It is also for all training and practising teachers who wish to combine a deeper understanding of major curriculum issues with a critical

understanding of the ways in which ideologies impact on formal state education and to consider ways of producing school curricula that are appropriate to the times we live in **Social Policy and Privatisation** Mark Drakeford,2018-10-08 Privatisation and Social Policy follows this format while addressing one of the key issues of recent years namely the covert but undeniable impact of growing privatisation on the development and implementation of social policy As the text demonstrates there is no area of policy which privatisation has not affected resulting in the gradual transfer of responsibility from the public to the private sphere in areas such as education housing health social security and social services **The Making of Educational Leaders** Peter Gronn,1999-05-01 Peter Gronn provides a model of the process by which leaders characters are shaped for leadership in different educational contexts He focuses on the attributes of the individual and the formative circumstances which have shaped their perceptions and understandings **The Transformation of Initial Teacher Education** Ian Abbott,Mike Rathbone,Philip Whitehead,2019-03-04 Tracing the development of initial teacher education since the large scale expansion of the teaching profession after the Second World War to the present day The Transformation of Initial Teacher Education explores the changing nature of teacher training Examining the growth of the teaching industry this book addresses key issues including the return to an apprentice model the growing importance of schools in initial teacher training the continuing decline in the role played by higher education an examination of the broader socio economic context of increased marketisation a reconsideration of the international political factors driving the reform process and interviews with prominent individuals who have been involved with the development of policy Considering the ideas and ideals that have permeated teacher education and how these have shaped the experiences of trainees on a variety of programmes across a broader international context this book examines the future of teacher education and the changing nature of teaching providing essential insight for trainee teachers school staff and any academics involved in teacher education
