Radical Hermeneutics Repetition Deconstruction And The Hermeneutic Project

Lorraine Code

Radical Hermeneutics Repetition Deconstruction And The Hermeneutic Project:

Radical Hermeneutics John D. Caputo, 1988-01-22 Radical Hermeneutics forges a closer collaboration between hermeneutics and deconstruction than has previously been attempted For John D Caputo hermeneutics means radical thinking without transcendental justification attending to the ruptures and irregularities in existence before the metaphysics of presence has a chance to smooth them over Part One shows how Kierkegaardian repetition and Husserlian constitution are fused in Heidegger's classic of hermeneutic statement Being and Time Part Two takes up the radicalization of Husserl's and Heidegger's questioning carried out by Derrida Here Caputo urges a more radical reading of Heidegger as well as a more hermeneutic reading of Derrida Part Three argues that radical thinking is not an exercise in nihilism as its critics charge but a renewed vigilance about the gaps and differences inherent in our experience Caputo projects the possibility of a postmetaphysical conception of rationality an ethics of dissemination and a notion of faith liberated from the onto theologic Radical Hermeneutics addresses the most trenchant issues in recent Continental thought

Hegel, History, and Interpretation Shaun Gallagher, 1997-06-30 Hegel History and Interpretation is a collection of essays that extends critical discussions of Hegel into contemporary debates about the nature of interpretation and theories of philosophical hermeneutics Essays by Susan Armstrong John D Caputo William Desmond Robert Dostal Shaun Gallagher Philip T Grier H S Harris Walter Lammi George R Lucas Jr Michael Prosch Thomas Rockmore and E Christopher Smith explore difficult issues concerning historical interpretation the nature of hermeneutics at the end of metaphysics the social and critical function of reason and the inadequacy of Hegel's interpretation of the experience of otherness In the course of these essays Hegel is made to converse with Kierkegaard Nietzsche and Heidegger as well as with contemporary theorists such as Gadamer Habermas Foucault and Derrida Thus the contributors explore both the themes that form the common ground between Hegelian philosophy and contemporary interpretation theory and the mixed reception of Hegel's philosophy into contemporary discussions about history deconstruction critical theory and alterity

Mind the Gap: Borders, Limits and Frontiers Cahir Healy, 2025-05-19 How do borders define political cultural and social realms influencing identity and community Mind the Gap Borders Limits and Frontiers explores such questions and comprises two parts the first section compiles interdisciplinary essays from leading scholars to critique borders in our global yet divided world Topics include national borders such as the Northern Irish border as well as conceptual and ontological borders more generally Border issues are similarly key to the second part of the book which publishes for the first time the imprisonment memoir of Irish politician Cahir Healy 1877-1970 who was a leading figure in the protest against the Partition of Ireland His memoir offers a first hand account of the conditions faced by Healy and other border objectors who were illegally imprisoned for two years on board the Argenta ship in Belfast Lough c 1922-1924 This book therefore goes beyond mapping border theory it addresses the real life impact of borders on those who confront them daily and is a vital read for those interested in border studies

The Philosophy of Derrida Mark Dooley, Liam Kavanagh, 2014-12-18 For more than forty years Jacques Derrida has attempted to unsettle and disturb the presumptions underlying many of our most fundamental philosophical political and ethical conventions In *The Philosophy of Derrida* Mark Dooley examines Derrida's large body of work to provide an overview of his core philosophical ideas and a balanced appraisal of their lasting impact One of the author's primary aims is to make accessible Derrida's writings by discussing them in a vernacular that renders them less opaque and nebulous Derrida's unusual writing style which mixes literary and philosophical vocabularies is shown to have hindered their interpretation and translation Dooley situates Derrida squarely in the tradition of historicist hermeneutic and linguistic thought and Derrida's objectives and those of deconstruction are rendered considerably more convincing While Derrida's works are ostensibly diverse Dooley reveals an underlying cohesion to his writings From his early work on Husserl Hegel and de Saussure to his most recent writings on justice hospitality and cosmopolitanism Derrida is shown to have been grappling with the vexed question of national cultural and personal identity and asking to what extent the notion of a pure identity has any real efficacy Viewed from this perspective Derrida appears less as a wanton iconoclast for whom deconstruction equals destruction but as a sincere and sensitive writer who encourages us to shed light on our historical constructions so as to reveal that there is much about ourselves that we do not know

The Routledge Companion to the Study of Religion,

International Encyclopedia of Education, 2009-04-17 The field of education has experienced extraordinary technological societal and institutional change in recent years making it one of the most fascinating yet complex fields of study in social science Unequalled in its combination of authoritative scholarship and comprehensive coverage *International Encyclopedia of Education* Third Edition succeeds two highly successful previous editions 1985 1994 in aiming to encapsulate research in this vibrant field for the twenty first century reader Under development for five years this work encompasses over 1 000 articles across 24 individual areas of coverage and is expected to become the dominant resource in the field Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines and this new edition comprehensively matches this diversity The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework with 1 500 contributors representing over 100 countries capturing a complete portrait of this evolving field A totally new work revamped with a wholly new editorial board structure and brand new list of meta sections and articles Developed by an international panel of editors and authors drawn from senior academia Web enhanced with supplementary multimedia audio and video files hotlinked to relevant references and sources for further study Incorporates ca 1 350 articles with timely coverage of such topics as technology and learning demography and social change globalization and adult learning to name a few Offers two content delivery options print and online the latter of which provides anytime anywhere access for multiple users and superior search functionality via ScienceDirect as well as multimedia content including audio and video files

Phenomenology Leonard Lawlor, 2014-09-03

After Husserl the study of phenomenology took off in different directions. The ambiguity inherent in phenomenology between conscious experience and structural conditions lent itself to a range of interpretations. Many existentialists developed phenomenology as conscious experience to analyse ethics and religion. Other phenomenologists developed notions of structural conditions to explore questions of science, mathematics and conceptualization. *Phenomenology: Responses and Developments* covers all the major innovators in phenomenology, notably Sartre, Merleau-Ponty and the later Heidegger, and the major schools and issues. The volume also shows how phenomenological thinking encounters a limit, a limit most apparent in the aesthetical and hermeneutical development of phenomenology. The volume closes with an examination of the furthering of the division between analytic and continental philosophy.

The Adventure of Weak Theology Štefan Štofaník, 2018-10-16. In this distinctive exploration of John D. Caputo's work, Štefan Štofaník traces Caputo's journey of philosophical discovery from his earlier more conventional academic writings to his later, almost confessional works of weak theology and his deep engagement with Derrida. Štofaník draws upon Caputo's life story to help explain sudden shifts in Caputo's thinking, offers intricate readings of philosophical passages that have all too often been taken for granted, and joins in Caputo's effort to find a theology that can be trusted and that does not rely upon dogmatic and hierarchical authority. At the same time, Štofaník subtly disagrees with aspects of Caputo's view and turns to the work of Antoine de Saint-Exupéry as a way to suggest that one cannot take leave of the tradition of theology as easily as Caputo thinks. At times *The Adventure of Weak Theology* reads like a letter to Caputo, and Štofaník's own passion for theology, his deep understanding of Caputo's work, and his gift for writing makes this an immensely appealing book for both admirers and critics of Caputo.

Overcoming Onto-Theology Merold Westphal, 2009-08-25. *Overcoming Onto-theology* is a stunning collection of essays by Merold Westphal, one of America's leading continental philosophers of religion, in which Westphal carefully explores the nature and the structure of a postmodern Christian philosophy. Written with characteristic clarity and charm, Westphal offers masterful studies of Heidegger's early lectures on Paul and Augustine, the idea of hermeneutics, Schleiermacher, Hegel, Derrida, and Nietzsche, all in the service of building his argument that postmodern thinking offers an indispensable tool for rethinking Christian faith. A must-read for every student and professor of continental philosophy and the philosophy of religion. *Overcoming Onto-theology* is an invaluable collection that brings together in one place fourteen provocative and lucid essays by one of the most important thinkers working in American philosophy today.

The Challenge of God Colby Dickinson, Hugh Miller, Kathleen McNutt, 2020-01-23. In view of the double vocative that characterizes the relation of Creator to creature, this book offers critiques of modern and postmodern philosophy for the ways in which they have separated philosophy, theology, and spirituality. This collection examines the complicated relationship of God to Being and the meaning of Revelation, as well as highlighting the context and the role of the Spiritual Exercises of Ignatius Loyola. Discussions include the Catholic Principle and its relevance in contemporary times, and Christian epic visionaries such as Dante, Milton, Blake, and Joyce.

providing scholars a forum to debate their theological identity and its meaning for future studies This volume contributes a unique engagement from many perspectives with the Catholic intellectual tradition in its philosophical theological spiritual literary and artistic dimensions *Post-deconstructive Subjectivity and History* Aniruddha Chowdhury,2013-09-19 In *Post Deconstructive Subjectivity and History* Aniruddha Chowdhury argues that deconstruction is not only not a dissolution of subject as it is often opined but an affirmation of the singular ethical subject and singular history singularity conceived as alterity difference and non identity Part of the emphasis of the singular history is to conceive the historical relation as figural and as one of repletion with difference One of the distinctive aspects of the book is that it not only focuses on the tradition of phenomenology but also extends deconstruction to critical theory and postcolonial theory Through his intimate reading of the canonical texts of the Continental philosophical tradition phenomenology and critical theory and postcolonial thought Chowdhury illuminates pertinent issues in Continental thought and postcolonial theory *The Democratic Theory of Hans-Georg Gadamer* Darren Walhof,2016-11-29 This book examines the distinctive contribution that the writings of Hans Georg Gadamer make to democratic theory Walhof argues that Gadamer s hermeneutical philosophy enlarges our perspective by shifting our view away from individual citizens to what exists between citizens thereby allowing us to envision political realities that are otherwise hard to see These realities include the disclosure of truth in democratic politics achieving common ground in democratic dialogue even amidst significant disagreement and diversity the public and political nature of the religious traditions that make claims on and shape citizens and the solidarities that connect us to each other and enable democratic action The author argues that bringing these dimensions to awareness enriches our theories of democracy and is particularly crucial in an era of hyper partisanship accelerating inequality and social conflicts involving racial sexual and religious identities *Italian Literature in North America* Canadian Society for Italian Studies,1990 *The Wounds of Possibility* Ricardo Gil Soeiro,2013-01-04 Bringing together writers translators poets and leading scholars of cultural theory literary theory comparative literature philosophy history political science music studies and education *The Wounds of Possibility* aims to offer an in depth and wide ranging study of George Steiner s imposing body of work This book is a timely volume of important essays on one of the most provocative thinkers critics and philosophers now writing During an era in which the question of the ethical and of the status of the work of art and its relation to the theological dimension has returned with renewed urgency Steiner s work provides rich resources for reflection and it is hoped that the volume will stand on its own as a rich nuanced accompaniment to the reading of Steiner s work With their broad range of thematic foci theoretical approaches and stunning constellations of quoted material from different backgrounds all the essays in the book try to reflect upon the relation between human identity and language ethics and literature philosophy and art and they all offer what we regard as being the most comprehensive engagement with Steiner s work to date **Theory of Literature** Paul H. Fry,2012-04-24 Bringing his perennially popular course to the page Yale University Professor Paul H Fry offers in this

welcome book a guided tour of the main trends in twentieth century literary theory At the core of the book s discussion is a series of underlying questions What is literature how is it produced how can it be understood and what is its purpose Fry engages with the major themes and strands in twentieth century literary theory among them the hermeneutic circle New Criticism structuralism linguistics and literature Freud and fiction Jacques Lacan s theories the postmodern psyche the political unconscious New Historicism the classical feminist tradition African American criticism queer theory and gender performativity By incorporating philosophical and social perspectives to connect these many trends the author offers readers a coherent overall context for a deeper and richer reading of literature

Gadamer and the Transmission of History

Jerome Veith, 2015-02-02 Observing that humans often deal with the past in problematic ways Jerome Veith looks to philosopher Hans Georg Gadamer and his hermeneutics to clarify these conceptions of history and to present ways to come to terms with them Veith fully engages Truth and Method as well as Gadamer s entire work and relationships with other German philosophers especially Kant Hegel and Heidegger in this endeavor Veith considers questions about language ethics cosmopolitanism patriotism self identity and the status of the humanities in the academy in this very readable application of Gadamer s philosophical practice

Radical Theology Ingolf U. Dalferth, 2016-07-01 Ingolf U Dalferth develops a radical theology that unfolds the orienting strength of faith for human life from the event of God s presence to every present In a concise and clear manner Dalferth outlines the theological and philosophical approaches to hermeneutics in the modern era in order to promote a convincing and defensible theology for the twenty first century critically carrying on Martin Heidegger and Rudolf Bultmann without forgetting Karl Barth The result of his reconstruction is a radical theology that neither glorifies premodern theology in an antimodern attitude nor seeks a mystical deepening of the secular but argues for a radical change in theological perspective of the possible In doing so theology unfolds limit concepts that restrict the claims of science and philosophy critically and develops ideas of orientation that illumine the ways in which human life is understood and lived in radically new ways in faith From here Dalferth unfolds the reality of revelation and the Christian sense of an unconditional hope that fundamentally transcends all beliefs based on mundane realities and orients the world on something beyond its own temporal horizon its loving Creator

Against Ethics John D. Caputo, 1993-10-22 A brilliant and witty postmodern critique of ethics framed as a contemporary restaging of Kierkegaard s Fear and Trembling John D Caputo undertakes a passionate poetic and satiric search for the basis of an ethics in the postmodern situation Restaging Kierkegaard s Fear and Trembling Caputo defends the notion of obligation without ethics of responsibility without the support of ethical foundations Retelling the story of Abraham and Isaac he strikes the pose of a postmodern day Johannes de Silentio accompanied by communications from such startling figures as Johanna de Silentio Felix Sineculpa and Magdalena de la Cruz In dialogue with the thought of Kierkegaard Nietzsche Derrida and Lyotard Caputo forges a challenging original account of what is possible and what is not possible for a continentalist ethics today *Against Ethics* is a bold work A counterethics whose

multiple voices will be heard long after the trivializing arguments of many analytic ethicists have vanished and the arcane formulations of many postmoderns have been jettisoned Edith Wyschogrod Caputo provides a brilliant new analysis of the limits of ethics Essential reading for anyone concerned with the philosophical issues raised in postmodernity Drucilla Cornell One of the most important works on philosophical ethics written in recent years Caputo speaks with a passion and concern that are rare in academic philosophy Mark C Taylor Against Ethics is beautifully written clever learned thought provoking and even inspiring Theological Studies Writing in the form of his ideas Caputo offers the reader a truly exquisite reading experience His iconic style mirrors a truly refreshing honesty that draws the reader in to play Quarterly Journal of Speech

Feminist Interpretations of Hans-Georg Gadamer Lorraine Code, 2010-11-01 Fifteen essays examine the work of German philosopher Hans Georg Gadamer to provide feminist interpretations of his views on science language history literature and other topics Continental Philosophy in the 20th Century Richard Kearney, 2015-09-29 Continental philosophy is one of the twentieth century's most important and challenging philosophical movements This major volume includes fourteen chapters on its major representatives and schools including phenomenology existentialism and postmodernism
