A Complicated War William Finnegan,1992 Among Africa s suffering is the little known war in Mozambique now in its second decade Finnegan traveled through the country in 1988 to assess the impact of a war waged by guerrillas who are armed and often directed by South Africa He tells a compelling story of rural misery caused by the war which in turn offers a fertile ground for its continuation Finnegan s narrative includes historical background and critical analysis of the Mozambique government whose policies have not created an inclusive framework for the nation Finnegan is drawn to the conclusion that Mozambique s peasants long have been denied the fruits of peace first under centuries of Portuguese colonialism and now as they are exposed to the current war that is destroying their future

Reworking the German Past Susan G. Figge, Jennifer K. Ward, 2010 Coming to terms with the past has been a preoccupation within German culture and German Studies since the Second World War In addition there has been a surge of interest in adaptation of literary works in recent years Numerous volumes have theorized chronicled or analyzed adaptations from novel to film asking how and why adaptations are undertaken and what happens when a text is adapted in a particular historical context With its focus on adaptation of twentieth century German texts not only from one medium to another but also from one cultural moment to another the present collection resides at the intersection of these two areas of inquiry The ten essays treat a variety of media Each considers the way in which a particular adaptation alters a story or history for a subsequent audience taking into account the changing context in which the retelling takes place and the evolution of cultural strategies for coming to terms with the past The resulting case studies find in the retellings potentially corrective versions of the stories for changing times The volume makes the case that adaptation studies are particularly well suited for tracing Germany's obsessive cultural engagement with its twentieth century history Contributors Elizabeth Baer Rachel Epp Buller Maria Euchner Richard C Figge Susan G Figge Mareike Hermann Linda Hutcheon Irene Lazda Cary Nathenson Thomas Sebastian Sunka Simon Jennifer K Ward Susan G Figge is Professor of German Emeritus at the College of Wooster Ohio and Jennifer K Ward is Associate Provost Cornish College of the Arts Seattle

The Child's View of the Third Reich in German Literature Debbie Pinfold, 2001-08-23 This book examines the ways in which German authors have used the child's perspective to present the Third Reich It considers how children at this time were brought up and educated to accept unquestioningly National Socialist ideology and thus questions the possibility of a traditional naive perspective on these events Authors as diverse as Günter Grass Siegfried Lenz and Christa Wolf together with many less well known writers have all used this perspective and this raises the question as to why it is such a popular means of confronting the enormity of the Third Reich This study asks whether this perspective is an evasive strategy a means of gaining new insights into the period or a means of discovering a new language which had not been tainted by Nazism This raises and addresses issues central to a
