## **Railroad Street:**

*Johnstown Flood* David McCullough, 2007-05-31 The stunning story of one of America's great disasters a preventable tragedy of Gilded Age America brilliantly told by master historian David McCullough At the end of the nineteenth century Johnstown Pennsylvania was a booming coal and steel town filled with hardworking families striving for a piece of the nation's burgeoning industrial prosperity In the mountains above Johnstown an old earth dam had been hastily rebuilt to create a lake for an exclusive summer resort patronized by the tycoons of that same industrial prosperity among them Andrew Carnegie Henry Clay Frick and Andrew Mellon Despite repeated warnings of possible danger nothing was done about the dam Then came May 31 1889 when the dam burst sending a wall of water thundering down the mountain smashing through Johnstown and killing more than 2 000 people It was a tragedy that became a national scandal Graced by David McCullough's remarkable gift for writing richly textured sympathetic social history *The Johnstown Flood* is an absorbing classic portrait of life in nineteenth century America of overweening confidence of energy and of tragedy It also offers a powerful historical lesson for our century and all times the danger of assuming that because people are in positions of responsibility they are necessarily behaving responsibly **Rosenstock's Gazetteer and Commercial Directory of China** , Street Design

Victor Dover, John Massengale, 2013-12-31 The best streets in the world's villages towns and cities whether modest or grand continually remind one that simplicity is part of the recipe for success in this art The advice of Victor Dover and John Massengale their historic examples and their own designs reflect that simplicity From the Foreword by HRH The Prince of Wales *Street Design* is a lucid practical and altogether indispensable guide for envisioning and creating vibrant 21st century towns and cities It should be required reading for every local political leader planner architect real estate developer and engaged urban citizen in America Kurt Andersen host of Studio 360 and author of *True Believers* We are going to start walking around the places we live again and as that occurs and becomes normal we will rapidly redevelop a demand for higher quality in building at the human scale From the Afterword by James Howard Kunstler Your charrette traveling library must include the important *Street Design* book by Victor Dover and John Massengale Bill Lennertz Executive Director National Charrette Institute What an amazing resource For those who wish that my book *Walkable City* had pictures this is the book for you If either your work or your play includes the making of places you will find *Street Design* to be an invaluable tool Jeff Speck AICP CNU A LEED AP Hon ASLA Written by two accomplished architects and urban designers this user friendly street design manual shows both how to design new streets and enhance existing ones It offers step by step instruction and shares examples of excellent streets examining the elements that make them successful as well as how they were designed and created Topics also include strategies for shaping space in the public right of way through correct building height to street width ratios terminated vistas landscaping and street geometry This book is a valuable resource for urban designers planners architects and engineers With guest essays from Kaid Benfield David Brussat Javier Cenicacelaya
