Railroads Freight And Public Policy Studies In The Regulation Of Economic Activity:

Railroads, Freight, and Public Policy Theodore E. Keeler, 2010-12-01 This book examines railroad regulation and public policy regarding the freight industry Railroads, Freight, and Public Policy Theodore E. Keeler, 1983-01-01

De-monopolization And Competition Policy In Post-communist Economies Ben Slay, 2019-03-07 Even in developed capitalist economies markets function poorly without regulation by competitive forces The countries that once were part of the Eastern bloc are introducing market forces into industries created according to the monopolistic logic of central planning so that competition policy plays an important role in the transition to capitalism This interdisciplinary study examines how barriers to the development of competitive markets and competition policy are being overcome in Russia Poland Hungary and Mongolia A group of U S Russian and East European specialists explores the institutions and programs of competition policy as well as its role in the overall post Communist transition Providing a complete comparative picture of the development of competition policy in a broad cross section of formerly socialist countries the contributors consider the extent of the post Communist monopoly problem as well as progress in de monopolization **American Studies** Jack

Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 **Extractives, Manufacturing,**

and Services David O. Whitten, 1997-04-22 The second volume in the Handbook of American Business History series this book offers concise histories of extractive manufacturing and service industries as well as extensive bibliographic essays pointing to the leading sources on each industry and bibliographic checklists Supplementing other bibliographic materials in business history this volume provides researchers with a much needed path through the vast array of material available in the library and on the Internet Indicating which resources to check and which to bypass the book is a guide to a sometimes overwhelming amount of information Each of the book's chapters provides a concise industry history beginning with the industry's rise to importance in the U S and continuing to the present The bibliographic essays provide a narrative outline of the leading sources published or made available in archives libraries or museum collections since 1971 when Lovett's American Economic and Business History Information Sources was published Each discussion concludes with a bibliographic checklist of the titles mentioned in the essay as well as other titles In a rapidly expanding information society researchers teachers and students may be easily overwhelmed by the exhaustive material available in print and electronically What is useful and what can be ignored is a strategic question and few know where to begin This book provides a guide **ECMT**

Round Tables Possibilities and Limits of Regulation in Transport Policy Report of the Sixty-Second Round Table on Transport Economics Held in Paris on 29-30 September 1983 European Conference of Ministers of

Transport, 1984-01-01 This Round Table examines the history possibilities and limits of regulation in transport policy **The Economic Effects of Airline Deregulation** Steven Morrison, Clifford Winston, 2010-12-01 In 1938 the U S Government took

under its wing an infant airline industry Government agencies assumed responsibility not only for airline safety but for setting fares and determining how individual markets would be served Forty years later the Airline Deregulation Act of 1978 set in motion the economic deregulation of the industry and opened it to market competition This study by Steven Morrison and Clifford Winston analyzes the effects of deregulation on both travelers and the airline industry The authors find that lower fares and better service have netted travelers some 6 billion in annual benefits while airline earnings have increased by 2.5 billion a year Morrison and Winston expect still greater benefits once the industry has had time to adjust its capital structure to the unregulated marketplace and they recommend specific public policies to ensure healthy competition **The Brookings Review**, 1982 **Transportation and National Policy** United States.
