Literaturwissenschaften und Architektur unter die Lupe genommen *The Aesthetic Imperative* Peter Sloterdijk, 2018-03-15

In this wide ranging book renowned philosopher and cultural theorist Peter Sloterdijk examines art in all its rich and varied forms from music to architecture light to movement and design to typography Moving between the visible and the invisible the audible and the inaudible his analyses span the centuries from ancient civilizations to contemporary Hollywood With great verve and insight he considers the key issues that have faced thinkers from Aristotle to Adorno looking at art in its relation to ethics metaphysics society politics anthropology and the subject Sloterdijk explores a variety of topics from the Greco Roman invention of postcards to the rise of the capitalist art market from the black boxes and white cubes of modernism to the growth of museums and memorial culture In doing so he extends his characteristic method of defamiliarization to transform the way we look at works of art and artistic movements His bold and original approach leads us away from the well trodden paths of conventional art history to develop a theory of aesthetics which rejects strict categorization emphasizing instead the crucial importance of individual subjectivity as a counter to the latent dangers of collective culture This sustained reflection at once playful serious and provocative goes to the very heart of Sloterdijk s enduring philosophical preoccupation with the aesthetic It will be essential reading for students and scholars of philosophy and aesthetics and will appeal to anyone interested in culture and the arts more generally **The Open Studio** Susan

Zofia Kulik Agata Jakubowska,2020-07-30 Zofia Kulik s rich artistic career has a dual nature

Between 1970 and 1987 she worked alongside Przemysław Kwiek as a member of the duo KwieKulik after which she began to develop a successful individual career. While KwieKulik's work has been well established as central to the East European neo avant garde art lexicon of the 1970s and 80s, Kulik's solo work has yet to be examined in depth. The first publication devoted solely to her work, this monograph analyzes the themes of her rich and complex oeuvre addressing the post communist condition, artistic labor, intermediality and the conditions of working as a female artist. The book forms a portrait of Kulik as an artist whose work is both deeply focused and rich in variations that reflect the socio political shifts in her native Poland. With contributions from leading art historians including Edit Dor, Angela Dimitrakaki, Ewa Lajer Burchard, Suzana Milevska and Tomasz Zającki. *La idea de espacio en la arquitectura y el arte contemporáneos, 1960-1989* Javier Maderuelo Raso, 2008-09-01. La presente obra recrea el espacio como tema en la arquitectura y el arte contemporáneos principalmente en el periodo que abarca desde los primeros años sesenta hasta finales de los ochenta cuando la idea de espacio cobra un especial protagonismo. El análisis del papel del espacio en las artes se centra en la escultura y sus desbordamientos de manera que se establece una especie de dialéctica entre el espacio arquitectónico y el escultórico rastreando los ricos matices que se han generado en los límites de ambas disciplinas y que han dado origen a otros nuevos géneros en los que lo espacial aparece como una de sus características más definitorias. Sin pretender llegar a hacer una historia de la cultura de una época o momento determinado, este ensayo intenta superar las metodologías al uso en historiografía del arte así como los conceptos preestablecidos sobre las distintas artes para sirviéndose de ideas y acontecimientos filosóficos, artísticos, musicales, literarios y arquitectónicos trazar un perfil del ambiente cultural que se respiraba en Occidente tras la Segunda Guerra mundial. Para ello se sirve de un hilo conductor: la idea de espacio.
