Rain Mud And Swamps The Story Of The 31st Missouri Volunteer Infantry Regiment

Clyde Edward Wood

Rain Mud And Swamps The Story Of The 31st Missouri Volunteer Infantry Regiment:

Rain, Mud & Swamps Gary L. Scheel, 1998 *Rain Mud Swamps* is a meticulously researched account of one of the most durable Missouri regiments to serve the Union cause Even though the unit fought with General Sherman in such places as Vicksburg and Missionary Ridge remarkably little has been written about it This book offers the reader never before published letters diaries and other material about the regiment as well as a complete roster of all the men who served A must read for those interested in Missouri Civil War history A Companion to the U.S. Civil War, 2 Volume Set Aaron Sheehan-Dean, 2020-05-05 *A Companion to the U S Civil War* presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory *A Journal of the American Civil War: V7-1* Theodore P. Savas, 2021-12-31 Balanced and in depth military coverage all theaters North and South in a non partisan format with detailed notes offering meaty in depth articles original maps photos columns book reviews and indexes Chattanooga Revisited Missionary Ridge US Regulars at Chickamauga Cleburne and Tunnel Hill 2nd Georgia Sharpshooters Camp Thomas 1898 *A Companion to the U.S. Civil War* Aaron Sheehan-Dean, 2014-02-05 *A Companion to the U S Civil War* presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory *Slaughter at the Chapel* Gary Ecelbarger, 2016-10-05 The Battle of Ezra Church was one of the deadliest engagements in the Atlanta Campaign of the Civil War and continues to be one of the least understood Both official and unofficial reports failed to illuminate the true bloodshed of the conflict one of every three engaged Confederates was killed or wounded including four generals Nor do those reports acknowledge the flaws let alone the ultimate failure of Confederate commander John Bell Hood s plan to thwart Union general William Tecumseh Sherman s southward advance In an account that refutes and improves upon all other interpretations of the Battle of Ezra Church noted battle historian Gary Ecelbarger consults extensive records reports and personal accounts to deliver a nuanced hour by hour overview of how the battle actually unfolded His narrative fills in significant facts and facets of the battle that have long gone unexamined correcting numerous conclusions that historians have reached about key officers intentions and actions before during and after this critical contest Eleven troop movement maps by leading Civil War cartographer Hal Jespersen complement Ecelbarger s analysis detailing terrain and battle maneuvers to give the reader an on the ground perspective of the conflict

With new revelations based on solid primary source documentation *Slaughter at the Chapel* is the most comprehensive treatment of the Battle of Ezra Church yet written as powerful in its implications as it is compelling in its moment to moment details *Colonels in Blue--Missouri and the Western States and Territories* Roger D. Hunt, 2019-10-01 This biographical dictionary catalogs the Union army colonels who commanded regiments from Missouri and the western States and Territories during the Civil War The seventh volume in a series documenting Union army colonels this book details the lives of officers who did not advance beyond that rank Included for each colonel are brief biographical excerpts and any available photographs many of them published for the first time **Missouri Historical Review**, 1999 **The Day Dixie Died** Gary Ecelbarger, 2010-11-23 A history of one of the most important battles waged on American soil that changed the course of the Civil War and helped decide a presidential election In the North a growing peace movement and increasing criticism of President Abraham Lincoln s conduct of the war threatened to halt US war efforts to save the Union On the morning of July 22 1864 Confederate forces under the command of General John Bell Hood squared off against the Army of the Tennessee led by General James B McPherson just southeast of Atlanta Having replaced General Joseph E Johnston just four days earlier Hood had been charged with the duty of reversing a Confederate retreat and meeting the Union army head on The resulting Battle of Atlanta was a monstrous affair fought in the stifling Georgia summer heat During it a dreadful foreboding arose among the Northerners as the battle was undecided and dragged on for eight interminable hours Hood s men tore into US forces with unrelenting assault after assault Furthermore for the first and only time during the war a US army commander was killed in battle and in the wake of his death the Union army staggered Dramatically General John Black Jack Logan stepped into McPherson s command rallied the troops and grimly fought for the rest of the day In the end ten thousand men one out of every six became casualties on that fateful day but the Union lines had held Having survived the incessant onslaught from the men in grey Union forces then placed the city of Atlanta under siege and the city s inevitable fall would gain much needed positive publicity for Lincoln s reelection campaign against the peace platform of former Union general George B McClellan Renowned Civil War historian Gary Ecelbarger is in his element here re creating the personal and military dramas lived out by generals and foot soldiers alike and shows how the battle was the game changing event in the larger Atlanta Campaign and subsequent March to the Sea that brought an eventual end to the bloodiest war in American history This is gripping military history at its best and a poignant narrative of the day Dixie truly died **Decision in the Heartland** Steven E. Woodworth, 2008-01-30 The verdict is in the Civil War was won in the West that is in the nation s heartland between the Appalachian Mountains and the Mississippi River Yet a person who follows the literature on the war might still think that it was the conflict in Virginia that ultimately decided the outcome Each year sees the appearance of new books aimed at the popular market that simply assume that it was in the East often at Gettysburg that the decisive clashes of the war took place For decades serious historians of the Civil War have completed one careful study after another nearly all

tending to indicate the pivotal importance of what people during the war referred to as the West In this fast paced overview Woodworth presents his case for the decisiveness of the theater Overwhelming evidence now indicates that it was battles like Fort Donelson Shiloh Chattanooga and Atlanta that sealed the fate of the Confederacy not the nearly legendary clashes at Bull Run or Chancellorsville or the mythical high water mark at Gettysburg The western campaigns cost the Confederacy vast territories the manufacturing center of Nashville the financial center of New Orleans communications hubs such as Corinth Chattanooga and Atlanta along with the agricultural produce of the breadbasket of the Confederacy They sapped the morale of Confederates and buoyed the spirits of Unionists ultimately sealing the northern electorate's decision to return Lincoln to the presidency for a second term and thus to see the war through to final victory Detailing the Western clashes that proved so significant Woodworth contends that it was there alone that the Civil War could be and was decided

Yankee Warhorse Mary Bobbitt Townsend, 2010-03-24 A German born Union officer in the American Civil War Maj Gen Peter Osterhaus served from the first clash in the western theater until the final surrender of the war Osterhaus made a name for himself within the army as an energetic and resourceful commander who led his men from the front He was one of the last surviving Union major general and military governor of Mississippi in the early days of Reconstruction This first full length study of the officer documents how despite his meteoric military career his accomplishments were underreported even in his own day and often misrepresented in the historical record Mary Bobbitt Townsend corrects previous errors about his life and offers new insights into his contributions to major turning points in the war at Vicksburg Chattanooga and Atlanta as well as other battles Townsend draws on battle reports not found in the Official Records on personal papers and on other unpublished material to examine Osterhaus's part in the major battles in the West as well as in minor engagements She tells how he came into his own in the Vicksburg campaign and proved himself through skill with artillery expertise in intelligence gathering and taking the lead in hostile territory blazing the trail down the west side of the river for the entire Union army and then covering Grant's back for a month during the siege At Chattanooga Osterhaus helped Joe Hooker strategize the rout at Lookout Mountain at Atlanta he led the Fifteenth Corps the largest of the four corps making Sherman's March to the Sea Townsend also documents his contributions in the battles of Wilson's Creek Pea Ridge Arkansas Post Port Gibson Ringgold Gap and Resaca and shows that he played a crucial role in Canby's Mobile Bay operations at the end of the war In addition to reporting Osterhaus's wartime experiences Townsend describes his experiences as a leader in the 1848 1849 Rebellion in his native Germany his frustration during his term as Mississippi's governor and his stint as U S consul to France during the Franco Prussian War Osterhaus stood out from other volunteer officers in his understanding of tactics and logistics even though his careful field preparation led to criticism by historians that he was unduly cautious in battle Yankee Warhorse sets the record straight on this important Civil War general as it opens a new window on the war in the West **Mud** Clyde Edward Wood, 2006 Napoleon delayed his attack at Waterloo to allow the mud to dry Had he attacked earlier he might have

defeated Wellington before Blücher arrived In November 1942 Russian mud stopped the Germans who could not advance again until the temperature dropped low enough to freeze the mud During the Vietnam War Project Popeye was an American attempt to lengthen the monsoon and cause delays on the Ho Chi Minh Trail Soldiers have always known just how significant mud can be in war But historians have not fully recognized its importance and few have discussed the phenomenon in more than a passing manner Only three books Military Geography by John Collins Battling the Elements by Harold Winters et al and Battlegrounds edited by Michael Stephenson have addressed it at any length and then only as part of the entire environment's effect on the battlefield None of these books analyzed mud's influence on the individual combatant Mud A Military History first defines the substance's very different types Then it examines their specific effects on mobility and on soldiers and their equipment over the centuries and throughout the world From the Russian rasputitsa to the Southeast Asian monsoon C E Wood demonstrates mud's profound impact on the course of military history Citing numerous veterans memoirs archival sources personal interviews and historical sources soldier scholar Wood pays particular attention to mud's effect on combatants morale health and fatigue His book is for all infantrymen past present or the clean dry comfortable armchair variety

Millenarian Dreams and Racial Nightmares John H. Matsui, 2021-05-19 In Millenarian Dreams and Racial Nightmares John H Matsui argues that the political ideology and racial views of American Protestants during the Civil War mirrored their religious optimism or pessimism regarding human nature perfectibility and the millennium While previous historians have commented on the role of antebellum eschatology in political alignment none have delved deeply into how religious views complicate the standard narrative of the North versus the South Moving beyond the traditional optimism pessimism dichotomy Matsui divides American Protestants of the Civil War era into premillenarian and postmillenarian camps Both postmillenarian and premillenarian Christians held that the return of Christ would inaugurate the arrival of heaven on earth but they disagreed over its timing This disagreement was key to their disparate political stances Postmillenarians argued that God expected good Christians to actively perfect the world via moral reform of self and society and free labor ideology whereas premillenarians defended hierarchy or racial mastery or both Northern Democrats were generally comfortable with antebellum racial norms and were cynical regarding human nature they therefore opposed Republicans utopian plans to reform the South Southern Democrats who held premillenarian views like their northern counterparts pressed for or at least acquiesced in the secession of slaveholding states to preserve white supremacy Most crucially enslaved African American Protestants sought freedom a postmillenarian societal change requiring nothing less than a major revolution and the reconstruction of southern society Millenarian Dreams and Racial Nightmares adds a new dimension to our understanding of the Civil War as it reveals the wartime marriage of political and racial ideology to religious speculation As Matsui argues the postmillenarian ideology came to dominate the northern states during the war years and the nation as a whole following the Union victory in 1865

Blue & Gray Magazine ,1999 *Military*

Bibliography of the Civil War: Regimental publications and personal narratives. Union and Confederate biographies. General references. Armed forces. Campaigns and battles, 2003 Volume IV Compiled and revised by Silas Felton 1063 pp revised with books missed in vols I II and III regimental publications personal narratives biographies campaigns and battles Northern and Southern Felton s new compilation is without peer He covers the subject from five different perspectives Regimental Publications and Personal Narratives Union and Confederate Biographies General References Armed Forces and Campaigns and Battles And making the work extremely useful the last 236 pages contain a complete Index of Authors of Volumes I through IV as well as a new Index of Titles in the Revised Volume IV Furthermore to clear up confusion created by the multiple names often used by Confederate units during the war artillery batteries in particular which carried a state designation but were commonly known by the battery commander s name Felton has cited a written work with a single number designation but indexed and listed it under its common appellation to aid the researcher and eliminate confusion

Civil War History of 31st Missouri Volunteer Infantry Regiment Clarence M. Carroll, Robert E. Parkin, 1990 *The 11th Missouri Volunteer Infantry in the Civil War* Dennis W. Belcher, 2011-09-29 The 11th Missouri Infantry distinguished itself as just the type of regiment the Union needed in the Civil War Hard as nails and loyal to a fault the men of the Eagle Brigade would follow their commanders into hell if they ordered They battled two Confederate regiments at Iuka turned the tide at Battery Robinett at Corinth assaulted the impossible Stockade Redan at Vicksburg as whole ranks of soldiers were cut down and broke Hood s line at Nashville Although the 11th Missouri ranks among the 300 top regiments of the Civil War little of its history has been formally recorded This study provides a detailed account of the regiment s four and a half years of outstanding service and a roster [History of the 31st Infantry Regiment](#) United States. Army. Infantry Regiment, 31st (1916-1957), 1953 **Silencing the Vicksburg Guns** Jerry Evan Crouch, John Davis Evans, 2005 Capturing Vicksburg and the 31 000 Confederates defending the Vicksburg guns was General Grant s masterpiece It was a brilliant military accomplishment not equaled since Napoleon s early campaigns The 7th Missouri Infantry Regiment was with Grant every step of the way *Third Missouri Infantry Regiment of Volunteers* United States. Congress. House. Committee on Military Affairs, 1857 *The 21st Missouri Regiment Infantry Veteran Volunteers*, 1899
