Inscribed Power Ryan D. Giles, 2017-09-18 In *Inscribed Power* Ryan D. Giles explores the function of amuletic prayers, divine names, and incantation formulas that were inscribed and printed on parchment paper and other media and at the same time inserted into classic literary works in Spain. Giles' insightful analysis of the intersection between amulets and literary texts offers fresh and original interpretations of well-known texts such as the *Poema de m o Cid*, the *Libro de Alexandre*, the *Libro de buen amor*, *Celestina*, *Lazarillo de Tormes*, and the *Busc n*. *Inscribed Power* is a fascinating work that highlights specific amuletic texts that were used to heal, protect, or otherwise provide a blessing or curse to discover how their powers could influence fictional lives at different moments in the development of Spanish literature. **Rain of Fire** John

Fire And Rain Harold Covington, 2000-10-29 CHAPEL HILL, NORTH CAROLINA, OCTOBER 1970 On a chilly autumn night in this chic and cultured Southern university town, two teenaged girls named Mary Jane Mears and Jeannie Arnold are brutally raped and murdered. The killers are never caught or identified, and over the years the case is buried in musty files in police basements. CHAPEL HILL, NORTH CAROLINA, OCTOBER 1996 Twenty-six years later, autumn returns to Carolina. So does Matt Redmond, a hardened and embittered veteran DEA agent who has left his career in Washington and come home to solve the killing of the two girls, one of them his high school sweetheart. In an ironic twist, Matt's pursuit of the secret of his first love's death brings him another: A proud and struggling single mother, Heather Lindstrom, comes to share his passion for truth and justice for the victims. But there is danger in disturbing the skeletons in Chapel Hill's academic closet, for behind the horrific 1970 slayings lies one of the dirtiest and most dangerous secrets of the Vietnam protest era. The most powerful men and women in the land want Matt Redmond off this case, and they will do whatever is necessary to stop him, including murder. The price Matt and Heather pay for the truth may be their own lives. *The Strongest Rural Doctor* Xiao

Fire and Rain, Answering the Rune's Call Sara Annon, 2019-01-18 This series rises out of my personal journey with the Runes that began during a Mask Dance workshop in Northern Germany the birthplace of the runes During the week I spent in a lovely seminar house secluded in among the trees bordering the heather of the Lunebergerheide I found myself tasked with telling the story of the Runes as one of creation not destruction We used shamanic drumming and rattling to drive the visionary state and a specific body posture to guide our experience My time was spent deep in a philosophical discussion with the energetic field of the Runes It was impressed on me that the two fundamental distortions in the historical practice of Runes were the suppression of sexual energy in Christianity and the Germanic tribe's practice of ritual killing to gain personal power I was shown how this combination inherently leads to atrocities My first step was to seek out any creation stories I could find that were related to the runes Somewhat to my surprise I did not find any direct or obvious correlations between the runes names and the stories In fact the use of the runes as an alphabet turned out to be driven by the Christian Church Then I looked into the current practice of Rune Stances and found their origins were both recent and suspect Along the way I had to admit that if the creation story of the runes was readily accessible they would not have had to grab hold of an ignorant mixed blood New Mexican to tell their tale What I had to offer was my own idiosyncratic view of the situation Since I had experience with ecstatic trance postures I wondered if rune shapes corresponded with ancient ecstatic body postures Once I turned towards the much older and more mysterious visionary roots of the Runes my path to a runic story of creation began to open I ended up with a mosaic of a sacred World Tree made of ancient bits and pieces I hope they can open creative experiential doors for those drawn to work in the runic realms Keywords Ancestry Creation Myths Ecstatic Trance Postures Epigenetics Rune Stances Runes Sacred Speech World Tree Shamanism Sustainable

both mental and material or neither We need both humanities and natural science approaches to study religion and religious meaning Levy contends but we must also recognize the limits of these approaches First we must make the dominant metaphysics that undergird the various disciplines of science and humanities more explicit and second we must reject those versions of metaphysics that maintain simple monisms and radical dualisms Bringing Donald Davidson s philosophy a form of pragmatism known as anomalous monism to bear on religion Levy offers a blueprint for one way that the humanities and natural sciences can have a mutually respectful dialogue Levy argues that in order to understand religions we have to take their semantic content seriously We need to rethink such basic concepts as narrative fiction information agency creativity technology and intimacy In the course of his argument Levy considers the relation between two closely related semantics fiction and religion and outlines a new approach to information He then applies his theory to discrete cases ancient texts modern media and intimacy
