Lawrence,2019-06-16 The Rainbow tells the story of three generations of the Brangwen family a dynasty of farmers and craftsmen who live in the east Midlands of England on the borders of Nottinghamshire and Derbyshire The book covers a period from the 1840s to 1905 and shows how the love relationships of the Brangwens change against the backdrop of the increasing industrialization of Britain The first central character Tom Brangwen is a farmer whose experience of the world does not stretch beyond these two counties while the last Ursula his granddaughter studies at university and becomes a teacher in the progressively urbanized capitalist and industrial world Women in Love is a sequel to novel The Rainbow and follows lives of the Brangwen sisters Ursula a schoolteacher and Gudrun a painter They meet two men who live nearby school inspector Rupert Birkin and Gerald Crich heir to a coal mine and the four become friends Ursula and Birkin begin a romantic friendship while Gudrun and Gerald eventually begin a love affair The emotional relationships thus established are given further depth and tension by an intense psychological and physical attraction between Gerald and Rupert All four are deeply concerned with questions of society politics and the relationship between men and women The novel ranges over the whole of British society before the time of the First World War and eventually concludes in the snows of the Tyrolean Alps

*D.H. Lawrence's The Rainbow and Women in Love* Doo-Sun Ryu,2005 Focusing on D H Lawrence s concept of essential criticism which was introduced in his posthumously published Study of Thomas Hardy and his statement that every work of art adheres to some system of morality But it must contain the essential criticism on the morality to which it adheres this book examines the ways in which Lawrence presents his ideas in his major novels The Rainbow and Women in Love It explores how this concept plays a crucial role in his fiction as an other to the implied author s messages functioning differently as equivocation and creative strife respectively in The Rainbow and Women in Love the concept helps to make these novels more dynamic than commonly realized      "The Rainbow" and "Women in Love" David Herbert Lawrence,2008

*D.H. Lawrence and the Paradoxes of Psychic Life* Barbara A. Schapiro,1999-08-12 Contributing to the debate about D H Lawrence s relationship with and fictional portrayal of women this book discusses how the dynamic tensions of his art dramatically reenact the competing forces of psychic and relational life In her examination of Sons and Lovers The Rainbow Women in Love and various short stories Schapiro discusses how Lawrence s best works reveal a continual struggle to recognize and be recognized by the other as an independent subject Drawing on Jessica Benjamin s psychoanalytic theory of intersubjectivity she also demonstrates how a breakdown of balanced subject subject relations in his texts gives rise to defensive polarities of gender and of domination and submission BOOK JACKET      **Women in Love (1920). By: D. H.**

**Lawrence** D. H. Lawrence,2017-02-22 Women in Love is a novel by British author D H Lawrence published in 1920 It is a sequel to his earlier novel The Rainbow 1915 and follows the continuing loves and lives of the Brangwen sisters Gudrun and

Ursula Gudrun Brangwen an artist pursues a destructive relationship with Gerald Crich an industrialist Lawrence contrasts this pair with the love that develops between Ursula Brangwen and Rupert Birkin an alienated intellectual who articulates many opinions associated with the author The emotional relationships thus established are given further depth and tension by an intense psychological and physical attraction between Gerald and Rupert The novel ranges over the whole of British society before the time of the First World War and eventually concludes in the snows of the Tyrolean Alps Ursula s character draws on Lawrence s wife Frieda and Gudrun s on Katherine Mansfield while Rupert Birkin s has elements of Lawrence and Gerald Crich s of Mansfield s husband John Middleton Murry PLOT Ursula and Gudrun Brangwen are sisters living in The Midlands in England in the 1910s Ursula is a teacher Gudrun an artist They meet two men who live nearby school inspector Rupert Birkin and coal mine heir Gerald Crich and the four become friends Ursula and Birkin become involved and Gudrun and Gerald eventually begin a love affair All four are deeply concerned with questions of society politics and the relationship between men and women At a party at Gerald s estate Gerald s sister Diana drowns Gudrun becomes the teacher and mentor of Gerald s youngest sister Soon Gerald s coal mine owning father dies as well after a long illness After the funeral Gerald goes to Gudrun s house and spends the night with her while her parents sleep in another room Birkin asks Ursula to marry him and she agrees Gerald and Gudrun s relationship however becomes stormy The two couples holiday in the Alps Gudrun begins an intense friendship with Loerke a physically puny but emotionally commanding artist from Dresden Gerald enraged by Loerke and most of all by Gudrun s verbal abuse and rejection of his manhood and driven by his own internal violence tries to strangle Gudrun Before he has killed her however he realises that this is not what he wants and he leaves Gudrun and Loerke and climbs the mountain eventually slips into a snowy valley where he falls asleep and freezes to death The impact of Gerald s death upon Birkin is profound The novel ends a few weeks after Gerald s death with Birkin trying to explain to Ursula that he needs Gerald as he needs her her for the perfect relationship with a woman and Gerald for the perfect relationship with a man David Herbert Richards D H Lawrence 11 September 1885 2 March 1930 was an English novelist poet playwright essayist literary critic and painter His collected works represent among other things an extended reflection upon the dehumanising effects of modernity and industrialisation Some of the issues Lawrence explores are emotional health vitality spontaneity and instinct Lawrence s opinions earned him many enemies and he endured official persecution censorship and misrepresentation of his creative work throughout the second half of his life much of which he spent in a voluntary exile which he called his savage pilgrimage At the time of his death his public reputation was that of a pornographer who had wasted his considerable talents E M Forster in an obituary notice challenged this widely held view describing him as The greatest imaginative novelist of our generation Later the Cambridge critic F R Leavis championed both his artistic integrity and his moral seriousness placing much of Lawrence s fiction within the canonical great tradition of the English novel

H. Lawrence* Paul Poplawski, 1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence's life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence's achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence's career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world's foremost authorities on Lawrence's life and work The chapters that follow provide separate entries for all of Lawrence's works except for individual poems and paintings with critical summaries discussions of characters and details of settings There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies Maps and chronologies further trace Lawrence's travels and his development over time      **D. recent publication of Lawrence's early letters and corrected texts of his fiction have prompted a new assessment of him. This systematic study accordingly concentrates on the neglected early novels and short stories and reveals a new relationship between his art and thought. *D.H.
