**Personal Experience and the Media** Klaus Ulrich Miltz, 2006 The work of the West German artist Rainer Werner Fassbinder is as versatile as it is extensive During the 16 years of his artistic career Fassbinder produced more than 40 films and staged 29 plays half of which he had written himself In doing so he not only drew on aesthetic traditions as diverse as the German folk play the American gangster film Hollywood melodrama the Theatre of Cruelty and the French Nouvelle Vague but also worked in three media simultaneously theatre cinema and television It has often been pointed out that this versatility appears to forestall any conceptualisation of Fassbinder's work from the vantage point of its production The present work aims at exactly such a conceptualisation by exploring the interplay between his work for the different media

regarded with skepticism as ungraspable or elusive to the point of confounding Countering this tendency William Storm advocates a wide angle view of this master trope exploring the ironic in major works by playwrights including Chekhov Pirandello and Brecht and in notable relation to well known representative characters in drama from Ibsen's Halvard Solness to Stoppard's Septimus Hodge and Wasserstein's Heidi Holland To the degree that irony is existential its presence in the theatre relates directly to the circumstances and the expressiveness of the characters on stage This study investigates how these key figures enact embody represent and personify the ironic in myriad situations in the modern and contemporary theatre

*Possession* Alison Taylor, 2021-12-14 Premiering at the 1981 Cannes Film Festival Andrzej u awski's *Possession* remains a distinct phenomenon Though in competition for the illustrious Palme d'Or its art cinema context did not rescue it from being banned as part of the United Kingdom's video nasties campaign alongside unashamedly lowbrow titles such as *Faces of Death* and *Zombie Flesh Eaters* Skirting the boundary between art and exploitation body horror and cerebral reverie relationship drama and political statement *Possession* is a truly astonishing film Part visceral horror part surreal experiment part gothic romance dressed in the iconography of a spy thriller there is no doubt that the polarity evinced by *Possession*'s initial release was in part a product of its resistance to clear categorisation With a production history almost as bizarre as the film itself a cult following gained with its VHS release and being reappreciated in the decades since as a valuable work of auteur cinema the story of how this film came to be is as fascinating as it is unfathomable Alison Taylor's *Devil's Advocate* considers *Possession*'s history stylistic achievement and legacy as an enduring and unique work of horror cinema Beginning with a marital breakdown and ending with an apocalypse the film's strangeness has not dissipated over time its transgressive imagery histrionic performances and spiral staircase logic remain affective and confounding to critics and fans alike Respecting the film's wilfully enigmatic nature this book helps to unpack its key threads including the collision between the banal and the horrific the socio-historical context of its divided Berlin setting and the significance of its legacy particularly with regard to the contemporary trend for extreme art horror on the festival circuit

**Christoph Schlingensief** Anna Teresa Scheer, 2018-02-22 The first book to focus specifically on the late German artist Christoph Schlingensief's theatre work it subversively merges art politics and everyday life to imbue his productions both inside and outside the theatre with a reenergized concept of the political in art Scheer traces Schlingensief's artistic lineage as a filmmaker with no formal training in theatre whose work does not correspond to theoretical frameworks such as postdramatic theatre Regietheater or established categories of political theatre

such as Brechtian community and agit prop theatre She explores how his work instead draws upon the highly performative gestures of the historical and post Cold War avant gardes as well the happenings and event based practices of the sixties Comprehensive case studies of six diverse theatrical and activist events are offered to demonstrate both the immediacy of Schlingensief s response to contemporary social and political events and his use of a range of artistic influences and different genres Rocky Dutschke 68 1996 Save Capitalism Throw the Money Away 1999 The Berlin Republic or the Ring in Africa 1999 Hamlet 2001 Atta Atta Art Has Broken Out 2003 and the Church of Fear 2003 Key questions such as how his theatre functions as a provocation and how an artist can insert themselves into the powerful flows of imagery produced by the perpetual global news cycle form a coherent line of enquiry throughout each of the chapters The significance of Schlingensief s artistic legacy of politicized theatre making that pioneers new modes of active aesthetic and public engagement in the political realm remains pertinent to topical socio political debates and is of relevance to an international audience across a diversity of disciplines
