Political Conflict and Development in East Asia and Latin America Richard Boyd,Galjart Benno,Tak-Wing Ngo,2007-01-24 Long run processes of socio economic change generate prodigious problems of social conflict and social

control and governments responsible for these processes must therefore manage the resultant conflict. Consequently the success or failure of a government's management of such conflicts is a crucial factor in development outcomes. This volume investigates the political struggle for development specifically in two vital regions: East Asia and Latin America. This analysis calls into question the dominant emphasis on institutional and cultural bases for stable growth. A careful historical account of the two regions is presented which permits the rigorous testing of conventional wisdoms regarding development. Of importance to a broad range of academics in the spheres of development studies, politics, political economy and sociology, this book will also make an interesting read for those with a general interest in these areas.

Subject Headings for School and Public Libraries Joanna F. Fountain, 2012-01-16 For public and school libraries, this resource reflects recent changes in Library of Congress subject headings and authority files and provides bilingual information essential to reference librarians and catalogers serving Spanish speakers. Libraries must provide better access to their collections for all users, including Spanish language materials. The American Library Association has recognized this increasing need. *Subject Headings for School and Public Libraries Bilingual Fourth Edition* is the only resource available that provides both authorized and reference entries in English and Spanish. A first check source for the most frequently used headings needed in school and public libraries, this book incorporates thousands of new and revised entries to assist in applying LCSH and CSH headings. Of the approximately 30,000 headings listed, most include cross references and all of the cross reference terms are translated. MARC21 tags are included for all authorized entries to simplify entering them into computerized catalogs, while indexes to all headings and free floating subdivisions are provided in translation from Spanish to English. This book gives librarians access to accurate translations of the subject terms printed in books published and cataloged in English speaking countries, invaluable information in settings with Spanish speaking patrons.

La Leyenda Negra en la frontera norte de México Edgar Cota Torres, 2007 Edgar Cota Torres ha descubierto que la leyenda negra de la frontera norte de México es una narración a muchas voces, un imaginario colectivo que se puede leer con placer, compartido y críticamente veraz. Un libro esclarecedor y contundente para rastrear la literatura fronteriza actual con sagacidad y simpatía. Gabriel Trujillo Muñoz En este estudio Edgar Cota Torres explora de qué manera los escritores bajacalifornianos, específicamente Gabriel Trujillo Muñoz, Luis Humberto Crosthwaite y yo, representamos a la sociedad y el espacio de la frontera México-Estados Unidos en un proceso de subversión de los estereotipos en los que hemos sido enmarcados. Los residentes norteos y mostramos una cultura que se adapta a sus realidades y necesidades con una histórica y singular. En él cuestiona las visiones estereotípicas de Estados Unidos y las del centro de México respecto de la literatura fronteriza y cómo los escritores del norte del país desmitificamos la leyenda negra. Rosina Conde En su libro *La representación de la leyenda negra en la frontera norte de México*, Edgar Cota Torres presenta los complejos discursos que construyen e informan la zona fronteriza.
