Crawfish Bottom Douglas A. Boyd, 2011-08-05 A small neighborhood in northern Frankfort, Kentucky, Crawfish Bottom was located on fifty acres of swampy land along the Kentucky River. Craw's reputation for vice, violence, moral corruption and unsanitary conditions made it a target for urban renewal projects that replaced the neighborhood with the city's Capital Plaza in the mid 1960s. Douglas A. Boyd's *Crawfish Bottom: Recovering a Lost Kentucky Community* traces the evolution of the controversial community that ultimately saw four hundred families displaced. Using oral histories and firsthand memories, Boyd not only provides a record of a vanished neighborhood and its culture but also demonstrates how this type of study enhances the historical record. A former Frankfort police officer describes Craw's residents as a rough class of people who didn't mind killing or being killed. In *Crawfish Bottom*, the former residents of Craw acknowledge the popular misconceptions about their community but offer a richer and more balanced view of the past.

Declared Defective Robert Jarvenpa, 2018-05-01 *Declared Defective* is the anthropological history of an outcaste community and a critical reevaluation of *The KKK Family*, written in 1912 by Arthur Estabrook and Charles Davenport, leaders of the early twentieth-century eugenics movement. Based

on their investigations of an obscure rural enclave in upstate New York the biologists were repulsed by the poverty and behavior of the people in Nam Hollow They claimed that their alleged indolence feeble mindedness licentiousness alcoholism and criminality were biologically inherited Declared Defective reveals that Nam Hollow was actually a community of marginalized mixed race Native Americans the Van Guilders adapting to scarce resources during an era of tumultuous political and economic change Their Mohican ancestors had lost lands and been displaced from the frontiers of colonial expansion in western Massachusetts in the late eighteenth century Estabrook and Davenport's portrait of innate degeneracy was a grotesque mischaracterization based on class prejudice and ignorance of the history and hybridic subculture of the people of Guilder Hollow By bringing historical experience agency and cultural process to the forefront of analysis Declared Defective illuminates the real lives and struggles of the Mohican Van Guilders It also exposes the pseudoscientific zealotry and fearmongering of Progressive Era eugenics while exploring the contradictions of race and class in America
