Flanagan, 1992-02-10 It is 1966 the war is escalating and a young Air Force Academy graduate s assignment is to patrol unfriendly territory with six man hunter killer teams As a Forward Air Controller flying single engine spotter planes Flanagan is the link between fighter bomber pilots and ground forces This autobiographical account recreates the period when Flanagan assigned to Project Delta was plunged into major operations in key combat areas Spectacular airstrikes team rescues lost men thwarted attempts to save comrades all are recounted here with raw honesty A factual combat history from one man s perspective this is also a thoughtful look at the warrior values of bravery honesty and integrity Flanagan examines the influences that help build these values educational institutions the military training system including the service academies and religion and reflects on the high cost of abandoning them In Vietnam Above the Treetops Flanagan traces his life from adolescence through the training period combat missions of all kinds and re entry into the everyday world His war tales take us to key regions from the Demilitarized Zone south through the Central highlands and into War Zone C near Cambodia Flanagan tells the absolute truth of his experience in Vietnam call signs bomb loads and target coordinates are all historically accurate He offers observations on the Vietnamese and Korean forces he worked with comparing Eastern and Western cultures and he vents his frustrations with the U S command structure Determined to reconstruct the past Flanagan re read old letters from Vietnam examined maps deciphered pocket diaries interviewed former comrades and let his own long buried memories surface Flanagan did not find this book easy to write but he wanted to pay tribute to his fellow warriors especially those still missing in action he wanted to exorcise his war nightmares and further understand his experience Even more important he needed to communicate the values he and his comrades lived by in distant jungles where they faced some of the toughest circumstances known to human

beings *Blood Trails* Christopher Ronnau, 2008-12-18 BAPTISM BY FIRE Chris Ronnau volunteered for the Army and was sent to Vietnam in January 1967 armed with an M 14 rifle and American Express traveler s checks But the latter soon proved particularly pointless as the private first class found himself in the thick of two pivotal fiercely fought Big Red One operations going head to head against crack Viet cong and NVA troops in the notorious Iron Triangle and along the treacherous Cambodian border near Tay Ninh Patrols ambushes plunging down VC tunnels search and destroy missions there were many ways to drive the enemy from his own backyard as Ronnau quickly discovered Based on the journal Ronnau kept in Vietnam *Blood Trails* captures the hellish jungle war in all its stark life and death immediacy This wrenching chronicle is also stirring testimony to the quiet courage of those unsung American heroes many not yet twenty one who had a job to do and did it without complaint fighting sacrificing and dying for their country Includes sixteen pages of rare and never before seen combat photos

Serial Vigilantes of Paperback Fiction Bradley Mengel, 2009-10-21 Rough justice has often been served in the pages of serial novels notably beginning with Don Pendleton s *The Executioner* in 1969 This is the first overview of the serial vigilante genre which featured such hard boiled protagonists as Nick Carter Mark Stone Jake Brand and Able Team among the 130 series that followed Pendleton s novel Serial vigilantes repeatedly take the law into their own hands establishing and imposing their own moral standards usually by force The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys private eyes spies and cops in different media A complete bibliography for each series is featured *On Their Own* Joyce Hoffmann, 2008-06-24 Over three hundred women both print and broadcast journalists were accredited to chronicle America s activities in Vietnam Many of those women won esteemed prizes for their reporting including the Pulitzer the Overseas Press Club Award the George Polk Award the National Book Award and the Bancroft Prize for History Tragically several lost their lives covering the war while others were wounded or taken prisoner In this gripping narrative veteran journalist Joyce Hoffmann tells the important yet largely unknown story of a central group of these female journalists including Dickey Chapelle Gloria Emerson Kate Webb and others Each has a unique and deeply compelling tale to tell and vivid portraits of their personal lives and professional triumphs are woven into the controversial details of America s twenty year entanglement in Southeast Asia

Militarization and the Global Rise of Paramilitary Culture Brad West, Thomas Crosbie, 2021-10-12 This edited book demonstrates a new multidimensional comprehension of the relationship between war the military and civil society by exploring the global rise of paramilitary culture Moving beyond binary understandings that inform the militarization of culture thesis and examining various national and cultural contexts the collection outlines ways in which a process of paramilitarization is shaping the world through the promotion of new warrior archetypes It is argued that while the paramilitary hero is associated with military themes their character is in tension with the central principals of modern military organization something that often challenges the state s perceived monopoly on violence As such

paramilitization has profound implications for institutional military identity the influence of paramilitary organizations and broadly how organised violence is popularly understood

Returning Fire Col. James W. Booth, 2011-09-28 This book is the factual story of the development of armed helicopters in the US Army and their first employment in combat The story is dramatically told by the courageous men who lived it flying daily into enemy infested areas facing murderous fire from automatic and anti aircraft weapons In late 1961 the US Government deployed five Transportation Helicopter Companies H 21 lift ships to South Vietnam to increase the mobility of South Vietnamese ground forces The Viet Cong quickly recognized that the H 21s were unarmed and began shooting at them endangering the lives of American crewmen A helicopter company equipped with 25 UH 1 helicopters had been cobbled together on Okinawa by the Commander US Army Pacific Believing the company was soon to be deployed to Vietnam the men assigned to the unit armed its helicopters by scrounging weapons systems left over from WW II and Korea stored in Army Air Force depots in Okinawa Machine guns and 2 75 inch rockets were jury rigged onto the UH 1s Officially designated the Utility Tactical Helicopter Company but widely known as the UTT the company deployed to Saigon in September 1962 After some jurisdictional squabbles with the Air Force over roles and missions UTT began combat operations in October It quickly became widely known for professionalism and the courage of its crew members Such was its fame that for years South Vietnamese military personnel called all armed helicopters UTT Unfortunately over its years in RVN the Company endured frequent designation changes UTT 68th 197th 334th Armed Helicopter Company Why remains a mystery even today The Companys legacy is strong and endures today Armed helicopters are a major component of US Army combat forces The current Army Apache program over 600 is a direct descendent Additionally the Marines and Navy have strong armed helicopter programs as does every major military power in the world Ironically it all began with a small group of courageous men mounting scavenged weapons mostly outmoded on helicopters originally designed for medical evacuation This is their story
