Sailor Who Captured The Sea:

The Sailor Who Captured the Sea: A Story of the Book of Kells Deborah Nourse Lattimore, 1993 A sailor continues the work of others in creating the illuminated Book of Kells The Sailor Who Captured the Sea Deborah Nourse Lattimore, 2001-12-24 In ancient Ireland watch a young artist struggle to complete an illuminated manuscript within the darkened walls of a monastery Find out how a Scottish king outwits the Queen of the Fairies to save his own sons On a rocky cliff in Cornwall witness the horrifying ending of a ghost a knight and a beautiful woman named Morgenna Much of the rich folklore we know today such as the legendary tales of Camelot comes from the British Isles Here are stories about ghosts fairies kings beautiful noblewomen magical swords and Viking raiders Visit misty moors rocky cliffs and darkened monasteries with acclaimed folklorist Deborah Nourse Lattimore as she spins traditional tales into story magic A Victorian Sailor's Grave in the Seto Inland Sea Graham Thomas, 2018-09-12 In 1868 Frank Toovey Lake a young British Midshipman died while serving with the Royal Navy and was interred on the island of Hiroshima in the Seto Inland Sea of Japan Up until recently Lake s grave on Hiroshima had been identified only by his family name Lake and he was described as an English officer who died while serving on the Royal Navy survey ship HMS Sylvia However no further information on Lake could be found until new research showed that in one important detail these facts were wrong namely that the ship had been incorrectly identified as HMS Sylvia when in fact he died on HMS Manilla From knowing this it has now been possible to give the young officer his full name Frank Toovey Lake and to build an understanding of his life Since the burial the islanders have both maintained and improved the grave until the present day This led to admiration among the late 19th century British community in Japan including prominent members such as Sir Ernest Satow and Thomas Glover and a flurry of newspaper articles appeared around the world in 1899 recounting the story and praising the conscientiousness of the local people Since then the grave s story has made only sporadic appearances in the media but continues to be celebrated locally This grave is far from unique the graves of many foreigners can be found in Japan most within the foreign cemeteries in cities such as Tokyo Yokohama Kobe and Nagasaki and to whose numbers we can add those of souls buried at sea within Japan s waters But there are at least two good reasons to celebrate its continued existence First in the mid 19th century as Japan became more accessible to the outside world this created at least initially mutual distrust between foreigners and Japanese these newcomers were viewed as barbarians and intruders albeit at times justifiably and this was a period when some were slain and their vessels fired upon So without suggesting that widespread conflict existed because it didn t nonetheless it is notable that during this period a group of villagers decided to care for and not destroy the grave and that today this grave is as well tended as ever Second at one time Lake s death was commemorated on a monument in the churchyard of the village where he was born A few years ago that monument along with other Toovey graves was swept away the graveyard cleared for ease of maintenance and all trace of Frank Toovey Lake has now gone This story also touches on other aspects of Japan

and Britain's 19th century history not least the display of typical contradictory characteristics of Pax Britannica in the Inland Sea the rapid deployment of the Royal Navy into Japan's territorial waters yet undertaking surveying and other benign operations the threat and occasional use of gunboat diplomacy and at times an arrogance towards the country yet countered by great affection for the place and its people by some or many individuals The story also involves personalities such as Richard Henry Brunton T B Glover and the British diplomat Ernest Satow who took important roles in helping Japan develop In short the story of Lake and his grave is more than the story of an individual and a granite monument

Sailor Who Captured The Sea Deborah Nourse Lattimore, 2002-01-01 Brings together a tale of the Irish Book of Kells which when copied will bring lasting peace to the land a Scottish tale of a battle between a mortal king and the fairy queen and a tale from Cornwall of a knight his lady and a terrible beast

A Sailor's History of the U.S. Navy Thomas J Cutler, 2005-01-15 Today's sailors have too little appreciation of their heritage To counter this problem Thomas J Cutler has compiled a history of our naval heritage in the form of A Sailor's History of the U S Navy The work is unique in two important ways First it is written thematically rather than chronologically This allows recent history to be blended with more distant but important events in ways that will reinforce the timelessness as well as the timeliness of the U S Navy thereby having a greater appeal to today's sailor There are a number of themes being used the most obvious are manifested in chapters with the themes of honor courage and commitment but others serve as useful vehicles as well for example there is a chapter called What's in a Name that briefly discusses how ships have been named and then uses the many ships that have carried the name Enterprise as the theme for presenting significant portions of the Navy's history The other unique characteristic of this history is that it focuses wherever possible on the roles of ALL sailors rather than just the officers That is not to say that Jones and Decatur are not there but that the emphasis is along the lines of the crew of the Bon Homme Richard fought on into the night rather than Jones fought Also there are plenty of individual sailor heroes who can stand alongside the Perrys and the Farraguts Boatswain's Mate First Class Williams who won the Medal of Honor in Vietnam Dorie Miller of Pearl Harbor fame Gunner's Mate Third Class Paul Henry Carr at the battle off Samar etc Some emphasis upon what it was like to be a sailor working and living conditions at different times is included as well
