Saints As Citizens A Guide To Public Responsibilities For Christians:

Saints as Citizens Timothy R. Sherratt, 1995 *Christians in Active Politics* Yokoniah Mvula, 2022-09-16 Some Christians may be uncomfortable to think of Jesus as being political since the word politics or political has evolved to have negative overtones and connotations in our world today particularly in Africa where this monograph from the Department of Theology and Religious Studies of the University of Malawi has originated Christians often argue that their commission or job description does not include the political process which is the way a society conducts its public affairs However Jesus beginning with his temptation as in the gospels of Matthew and Luke showed the people who would follow him what it means to do God's will The third temptation conceived of in this study as a political temptation for power is the rationale behind the arguments made in this study which begins by positing that the message of Jesus was not politically neutral and therefore Christianity as a super culture must be active in all sectors affecting social concerns if it is to truly be the change agent who Christ believes it to be It goes on to define and describe what it means to say that the message of Jesus was political and lays out the biblical theological ethical and experiential rationale for Christians active participation in the secular political arena

Five Foundations of Human Development Errol A. Gibbs, Philip A. Grey, 2011-06-08 Five Foundations of Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals

and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved problems of past centuries problems of the present and emerging problems of the future Problems such as wars genocide greed and the exploitation of human beings begin within our destructive spiritual nature and manifest in the physical nature Therefore solutions also lie in the spiritual realm as a counterbalance to the natural realm of human existence FFHD is a blueprint for human survival based on adherence to physical laws and spiritual laws that transcend a belief in an omnipotent all powerful omnipresent everywhere and omniscient all knowing being It will awaken the conscience to comprehend the lifethreatening issues that face humankind The solutions therefore cannot merely be left only to the educated elite the military forces and those in high public and private office The global significance of this book is that it informs a more communal view of our world It is the only perspective that will allow us to enter the global village prepared for the racial social cultural environmental and economic challenges that lie ahead

Power Made Perfect? Timothy R. A. Sherratt, 2016-03-02 How would politics be different if Christians acknowledged Jesus Christ as the archetype of all rulers democratic and nondemocratic How would our

practice of politics change if we recognized the suffering love of Christ as the truest exercise of power Power Made Perfect offers a distinctive approach to government and politics It is important the author argues to ask how creation provides guidance for political conduct for politics to be an exercise in piety and to approach politics in a fallen world with prudence and not in pursuit of ultimate solutions But it is even more important to begin with Jesus Christ Christ is the rightful ruler of the world who exercises power by suffering and dying for guilty humans All political activity is held to the standard of Christ's sacrifice In this book Timothy Sherratt surveys major Christian political initiatives and schools of Christian political thought with a particular emphasis on American politics before outlining ways in which Christians in churches can practice faithful political engagement *Christian Scholar's Review* ,2004

Thoughts to Enlighten and Empower the Mind Errol A. Gibbs, Philip A. Grey, 2011-06-16 Thoughts to Enlighten and Empower the Mind is a compilation of two thousand and one questions and philosophical thoughts extracted from the authors seminal work Five Foundations of Human Development These thoughts follow the same chronology of information that helps to promote fulfilling lives through human development from spiritual moral social intellectual and physical perspectives The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow our thoughts to permeate our minds with hope and optimism for the future of humanity Gibbs and Grey support the premise put forward by many great writers who contend that our thoughts determine happiness and effectiveness in life Our thoughts and our emotions have a great influence on our carnal impulses and desires We nurture good and bad thoughts and human effort alone is insufficient to properly manage them Negative thoughts establish barriers to communications and harmonious living Positive thoughts radiate harmony among individuals and nations More importantly those in positions of great power who lead humanity must by their thoughts help to create a better world or inadvertently plunge humanity into great chaos as has been recorded in six thousand years of human history Only a mind that is free of unhealthy thoughts transcends a life of fulfillment Positive thoughts permeate our beings and open up new frontiers of positive leadership for the modern age The global significance of this book is that it informs a more communal view of our world by virtue of the conditioning of our thoughts It will help inform enlighten and empower the minds of leaders to embrace every field of endeavor including engineering science religion politics the military and the environment This will be accomplished with the most vital creative and positive thoughts that rise to a high level of responsibility for the betterment of all humanity Christians Organizing for Political Service James W.
