**The Link** Ola A.T. Onikoyi,2014-03-03 There is clear evidence of discontent and disconnection in the life of many individuals resulting to lack and limitations The population of the poor is increasing in the midst of plenty The hardworking people have little or nothing to show for their effort The rich also cry profusely for one need or another Those who claim to be men of God have no general answer to the immediate needs of their congregation all these are proofs of an urgent need for a more pragmatic approach to solving our numerous problems We urgently require knowing what links us to solutions and what connects us to the main domain of power We are not totally impervious to the facts but we need to get used to it For instance we know the air we breathe but not all of us know the contents of this vitality of life We know the mind as in man but many are ignorant of it as the powerhouse creative theater and the link to the spiritual mass where the creations and the Creator meet We know the world but many are yet to know that we are the world we are the children of the most high God so we should start giving what we want If you need love give it first If you need wealth give service Whatsoever you need be prepared to pay the price and link it up with what you have The world is a masterpiece of abundance There is enough wealth to go round in the universe Each and every one can be what he or she desires to be All we need to know is how to link our inheritance how to connect with our aspirations and how to attract our yearnings The eighty two topics in this book will assist you to link up with yourself connect with your God and be able to attract solutions and the best things of life Read passionately keep thinking and keep linking

Parliament: House of Commons: Business, Innovation and Skills Committee,2013-02-06 The Business Innovation and Skills Committee has today published a report containing a number of conclusions and recommendations resulting from its inquiry into the Insolvency Service including i without an increase in resources the investigations unit will be unable to increase the number of cases it can prosecute which will further undermine stakeholder confidence ii there is a risk that further reductions in annual running costs and staff may put undue pressure on the Insolvency Service to deliver iii it is clear from the evidence that the fee generated income model for the Official Receiver Service is unreliable in the current economic climate iv issues remain with pre pack administration which need to be addressed v given the level of debt relief they can receive it would not be unreasonable to increase the 525 upfront fee that individual debtor bankrupts have to pay The Committee welcomes the news that the regulators and the insolvency industry have been working together to create common regulatory standards across the profession The creation of a single gateway for complaints common standards and a common appeals process would be an important step in this regard The Service should be required to publish an annual report that charts progress in this area     **How GOD Made Me A MILLIONAIRE** Prince Sylvester,2017-10-06 Too often you hear

**A Call to Stand** Georgette Loschiavo,2009-10 Americans have been weathering this storm but a sequel is inevitable A nightmarish storm is hovering over Us right now and the dark clouds are threatening almost every aspect of Our lives In the wake of every crisis there comes a moment when a lightening bolt of truth hits The sting goes deep and anger arises when Our pretentious picture of Ourselves is disturbed but the pain of facing past mistakes will be worth it if it wakes Us up to remember Who We are We must learn what it takes to be good stewards of the legacy left to Us We are facing a tempestuous point in time but built into every storm is the chance to learn and grow We have to know Who We are and what is required to keep the dream alive Change must come but We must be the change The evolution of both democracy and Humankind requires education and cooperation Nothing more and nothing less The next step is a matter of choice Our choice It is time to learn from history and answer the call to take a stand
