Serving Minority Elders In The 21st Century:

Serving Minority Elders in the 21st Century May L. Wykle, PhD, RN, FAAN, Amasa B. Ford, MD, 1999-04-21 Nationally recognized scholars address the unique problems encountered by minority elders in achieving the goal of maximum well being as we enter the 21st century Topics include physical health continuum of care mental health social policy economic security and research planning and development Minority populations surveyed include the elderly African American Asian American American Indian Mexican American and women Contributors include D Lee M Haug R Binstock G Cohen K Markides T Tripp Reimer E Kahana and many more **The Oxford Handbook of Social Work in Health and Aging** Daniel Kaplan, Barbara Berkman, 2015-11-09 This Second Edition of the Handbook addresses the evolving interdisciplinary health care context and the broader social work practice environment as well as advances in the knowledge base which guides social work service delivery in health and aging This includes recent enhancements in the theories of gerontology innovations in clinical interventions and major developments in the social policies that structure and finance health care and senior services In addition the policy reforms of the 2010 Patient Protection and Affordable Care Act set in motion a host of changes in the United States healthcare system with potentially profound implications for the programs and services which provide care to older adults and their families In this volume the most experienced and prominent gerontological health care scholars address a variety of populations that social workers serve and the arenas in which they practice followed by detailed recommendations of best practices for an array of physical and mental health conditions The volume's unprecedented attention to diversity health care trends and implications for practice research policy make the publication a major event in the field of gerontological social work This is a Must Read for all social work social work educators practitioners and students interested in older adults and their families **The Encyclopedia of Elder Care** Eugenia L. Siegler, Elizabeth Capezuti, Mathy D. Mezey, 2007-10-25 Focusing on the broad but practical notions of how to care for the patient The Encyclopedia of Elder Care a state of the art resource features nearly 300 articles written by experts in the field Multidisciplinary by nature all aspects of clinical care of the elderly are addressed Coverage includes acute and chronic disease home care including family based care provisions nursing home care rehabilitation health promotion disease prevention education case management social services assisted living advance directives palliative care and much more Each article concludes with specialty web site listings to help direct the reader to further resources Features new to this second edition More extensive use of on line resources for further information on topics Thoroughly updated entries and references Inclusion of current research in geriatrics reflecting evidence based practice New topics including Assisted Living Nursing Home Managed Care Self Neglect Environmental Modifications Home Institution Technology Neuropsychological Assessment Psychoactive Medications Pain Acute and Chronic Still the only reference of its kind The Encyclopedia of Elder Care will prove to be an indispensable tool for all professionals in the field of aging such as nurses physicians social workers

counselors health administrators and more *Learning to Be Old* Margaret Cruikshank, 2009-01-16 What does it mean to grow old in America today Is successful aging our responsibility What will happen if we fail to grow old gracefully Especially for women the onus on the aging population in the United States is growing rather than diminishing Gender race and sexual orientation have been reinterpreted as socially constructed phenomena yet aging is still seen through physically constructed lenses The second edition of Margaret Cruikshank's *Learning to Be Old* helps put aging in a new light neither romanticizing nor demonizing it Featuring new research and analysis expanded sections on gay lesbian bisexual transgender aging and critical gerontology and an updated chapter on feminist gerontology the second edition even more thoroughly than the first looks at the variety of different forces affecting the progress of aging Cruikshank pays special attention to the fears and taboos multicultural traditions and the medicalization and politicization of natural processes that inform our understanding of age Through it all we learn a better way to inhabit our age whatever it is **The Encyclopedia of Elder Care** Liz Capezuti, Michael L. Malone, MD, Paul R. Katz, MD, Mathy Doval Mezey, 2013-12-11 Print CourseSmart **Handbook of Social Work in Health and Aging** Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume's 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today **Chronic Illness** Ilene Morof Lubkin, Pamela D. Larsen, 2013 The newest edition of best selling *Chronic Illness* continues to focus on the various aspects of chronic illness that influence both patients and their families Topics include the sociological psychological ethical organizational and financial factors as well as individual and system outcomes This book is designed to teach students about the whole client or patient versus the physical status of the client with chronic illness The study questions at the end of each chapter and the case studies help the students apply the information to real life Evidence based practice references are included in almost every chapter *Successful Aging Through the Life Span* May L. Wykle, Peter J. Whitehouse, Diana L. Morris, 2004-10-25 This book explores concepts and practices for productive aging What factors contribute to successful aging What is the role of exercise and nutrition What is the role of children and adults in interaction with elders The chapters

identify the best practices for successful aging examine trends in intergenerational caregiving and define roles and responsibilities across the life span Topics addressed include how to maximize productive engagement of older adults how multigenerational issues impact successful aging the ways in which a learning environment can promote intergenerational relationships

Sky Above Clouds Wendy L. Miller, Gene D. Cohen, 2016-04-01 Through their scientific research and clinical practice husband and wife team Gene D Cohen and Wendy L Miller uncovered new clues about how the aging mind can build resilience and continue growth even during times of grave illness thus setting aside the traditional paradigm of aging as a time of decline Cohen considered one of the founding fathers of geriatric psychiatry describes what happens to the brain as it ages and the potential that is often overlooked Miller an expressive arts therapist and educator highlights stories of creative growth in the midst of illness and loss encountered through her clinical practice Together Cohen and Miller show that with the right tools the uncharted territory of aging and illness can in fact be navigated In this book the reader finds the real story of not only Cohen s belief in potential but also how he and his family creatively used it in facing his own serious health challenges With Miller s insights and expressive psychological writing *Sky Above Clouds* tells the inside story of how attitude community creativity and love shape a life with or without health even to our dying Cohen and Miller draw deeply on their own lessons learned as they struggle through aging illness and loss within their own family and eventually Cohen s own untimely death What happens when the expert on aging begins to age And what happens when the therapist who helps others cope with illness and loss is forced to confront her own responses to these experiences The result is a richly informative and emotional journey of growth

The Health and Well-Being of Caribbean Immigrants in the United States Annette Mahoney, 2012-10-12 The Health and Well Being of Caribbean Immigrants in the United States is a timely addition to the knowledge base concerning the integration of this population into the fabric of American society On the eve of the fortieth anniversary of the 1965 Immigration Reform Act this book examines the relationship between immigrants from the Caribbean and the culture of the United States This body of work provides resources for scholars and researchers and provides instrumental strategies for use in practice by counselors social workers curriculum developers and immigration analysts With this book you will develop a new appreciation for the social capital immigrants bring with them their adaptation to their new society and the extent to which their distinctive characteristics promote or hinder their social mobility Using tables figures and graphs The Health and Well Being of Caribbean Immigrants in the United States provides thorough analyses of broad ranging issues and proposes viable solutions to the problems these immigrants face In this important resource expert educators researchers and community leaders address the unique challenges that affect this population including increased infant mortality rates increased HIV AIDS among the Caribbean community the growing trend of violence and abuse among Caribbean and Caribbean American youths the special needs of aging and elderly immigrants living in the United States the impact of the 1996 immigration legislation on Caribbean families The Health and Well Being of

Caribbean Immigrants in the United States paints a clear picture of how these citizens are coping with the social economic and political aspects of the American way of life This guide offers new findings and insight into the reality of the diverse immigrant Caribbean population setting the stage for establishing groundbreaking initiatives to develop better support services Innovative community based approaches and culturally specific prescriptive intervention models make this book an integral source for social scientists human service professionals and policymakers **Chronic Illness** Ilene Morof

Lubkin,Pamala D. Larsen,2002 Focuses on the various aspects of chronic illness that influence both patients and their families Topics include the sociological psychological ethical organizational and financial factors as well as individual and system outcomes **Theory & Practice in Clinical Social Work** Jerrold R. Contextualizing Health and Aging in the Americas William A. Vega,Jacqueline L. Angel,Luis Miguel F. Gutiérrez Robledo,Kyriakos S. Markides,2018-09-22 This book presents new insights into the consequences of the impending growth in and impact of the older segment of Latino aging adults across distinctive regions of the Americas It uses a comparative research framework to further understanding of current issues in health and aging in the transnational context of the health and migratory experiences of the U S Mexican population It provides an important contribution to the interdisciplinary investigation of chronic diseases and functional impairments social care and medical services care giving and intervention development and neighborhood factors supporting optimal aging using new conceptual and methodological approaches inter group comparisons Specifically the chapters employ different methodologies that investigate trends in aging health and services related to immigration processes family and household structure macroeconomic changes in the quality of

community life and focus on the new realities of aging in Latino families in local communities The book focuses on measurement data quality issues new conceptual modeling techniques and longitudinal survey capabilities and suggests needed areas of new research As such it is of interest to researchers and policy makers in a wide range of disciplines from social and behavioral sciences to economics gerontology geriatrics and public health

Mental Health Care in the African-American Community Sadye Logan, Ramona Denby, Priscilla A Gibson, 2013-01-11 Over the course of an African American's lifetime mental health care needs change according to an individual's unique interactions with his or her environment Mental Health Care in the African American Community uses this perspective to provide a deeper analysis of factors and issues affecting the mental health of African Americans This comprehensive text provides a current and historical analysis of the impact of mental health research policy community and clinical practice from a life course perspective Stressing evidence based practice as an expanded way to think and talk about individualizing and translating evidence into a given practice situation this valuable book provides a social work context for all helping professions Mental Health Care in the African American Community provides the helping community with non traditional expanded ways of thinking and intervening in the mental health needs and care of African Americans Organized logically this complex subject presents data in a user friendly way that engages the reader and provides chapter summaries and suggested group classroom activities to facilitate understanding This text is extensively referenced and includes figures and tables to clearly illustrate data Topics in Mental Health Care in the African American Community include a historical overview of African Americans mental health care a conceptual and theoretical framework for African Americans mental health current issues affecting mental health intervention for African Americans mental health in group homes and foster care depression substance abuse poverty ADHD suicide mental health in elderly African Americans mental health policy rural African American mental health needs kinship care multiethnic families and children much much more Mental Health Care in the African American Community is a valuable textbook for practitioners administrators researchers policymakers educators and students in social work psychology mental health services case management and community planning

Handbook of U.S. Latino Psychology Francisco Villarruel, 2009-07-29 Emphasizing the importance of cultural sensitivity and competence in research and intervention approaches this handbook offers unrivalled coverage of the psychology of all Latino groups in the United States

International Social Work Stefan Borrmann, Michael Klassen, Christian Spatscheck, 2007-04-05 The book focuses on three key issues of international social work on international dimensions of social problems and how social work practice can deal with these challenges on cultural issues social workers have to think of when practicing teaching an developing social work on an international level and finally on aspects of international approaches in social work education The authors are practicing and teaching social work in several countries and their personal and educational background allowed them to gain a profound experience on international social work This makes the authors not only writing about international perspectives

but also from an international perspective **Social Care of the Elderly** Marjorie H. Cantor, Mark Brennan, PhD, 2000-02-29 A welcome addition to the literature in this important area of work that builds on the empirical studies which have illuminated our understanding of the requirements of effective service provision The final section is in a real sense a call for action for all of us in the field and for public officials and opinion makers to respond to the need for Social Care now and in the new millenium from the foreword by Rose Dobrof DSW Brookdale Professor of Gerontology Hunter College and James R Dumpson PhD Chairman of Policy Center for Aging New York Community Trust Based on two groundbreaking studies of older people in an urban setting this important book focuses on access to social services for different ethnicities Cantor and Brennan review different models and provide the theoretical base for the book in Part I They describe ways in which the complementary roles of informal and formal systems change as a function of the health status of older people In Part II they illustrate the ways in which ethnicity class and culture affect the roles of the formal and informal systems by focusing on specific case studies of African American Latino and Jewish elderly Cultural Considerations in Asian and Pacific Islander American Mental Health Harvette Grey, Brittany N. Hall-Clark, 2015-05-22 In America s increasingly diverse society it is imperative that mental health providers prioritize the development of their cultural competence to assure that they are equipped to meet the needs of their clients Cultural Considerations in Asian and Pacific Islander American Mental Health offers a broad array of perspectives from clinicians and researchers actively working with racially ethnically diverse populations This book addresses psychosocial cultural issues that impact the mental health of the growing Asian American population The book opens with the concept of what and who is an Asian American as well as the myriad distinctions and differences among various Asian groups Covered chapter topics include a historical overview of the diverse populations among Asian and Pacific Islander Americans a discussion of the tensions and similarities between empirically supported treatments and cultural competence Asian and Pacific Islander American elders and depression and a psychodynamic perspective regarding the treatment of dual diagnosis with an Asian American client This book is a must read for mental health clinicians students community workers school counselors and nurses who work with diverse populations

Invitation to the Life Course Richard Settersten, 2018-02-06 Invitation to the Life Course Toward New Understandings of Later Life discusses in depth the challenges of age time and social contexts for the study of aging and later life Understanding aging as a process and later life as a period must be accompanied by serious attention to the life course This brings significant challenges related to time as gerontologists must describe and explain life patterns over many decades It also brings significant challenges related to place as gerontologists must examine how social contexts structure pathways into and through later life and how those contexts affect the nature and meaning of experiences along the way This book is a natural extension of the editor s previous work Lives in Time and Place The Problems and Promises of Developmental Science Baywood 1999 *Multicultural Measurement in Older Populations* Douglas Holmes, 2002 In this volume established

researchers many of whom are investigators for the National Institute on Aging's Resource Centers for Minority Aging Research address the state of the art in multicultural measurement and set the stage for more work toward the goal of accurate assessment
