**8 Keys to Old School Parenting for Modern-Day Families** Michael Mascolo,2015-04-27 Raising secure and confident  
kids using best parenting practices from the past Does it ever seem to you like kids these days are in control of their parents  
Having a strong sense of yourself as a parent is key to raising a resilient independent thoughtful and solution focused child  
But over the last several generations parents have been immersed in the well intentioned idea that parenting should be child  
centered rather than adult centered Many parents have begun to follow their children s lead rather than insist that children  
adapt to parental prerogatives Parental authority has come to be seen as a bad thing The 8 keys presented in this book focus  
on valuing your own authority as a parent cultivating your child s character applying discipline instead of punishment  
strategies to motivate compliance fostering emotional development problem solving conflict management and effective  
communication They will help parents raise self directed children who are active learners feel good about themselves take  
initiative and have a strong moral compass      **CRISIS AND THE CLASSROOM** Deborah J. Hill,2003-01-01 The purpose of  
this book is to share knowledge from the author s personal experience as well as to provide information culled from multiple  
and varied specialists in the field of emergency services and crisis management The crisis aspect as discussed in this book  
deals with it as a disaster emergency calamity or catastrophe that is usually time limited and associated with danger The first  
chapters focus on aspects of human nature that can lead to a crisis and attempt to answer why people resort to using  
violence Family systems particularly the dysfunctional family are reviewed and a discussion of personality disorders is  
followed by a review of some of the more negative aspects of human nature as shown both as individuals and as humans  
functioning as a society and in looking at the family environment as a cause of crisis In addition to a review of social factors  
there is particular emphasis on self defeating and self destructive behaviors that often lead to a crisis Part II concentrates on  
the management of anger and violence and also reviews some successful and unsuccessful disciplinary practices used to deal

with misbehavior including problems associated with absenteeism and truancy Teenage pregnancy and the drug crisis in schools are also examined in this section Training and basic self defense techniques assertiveness skills and disaster preparedness are significant aspects of crisis management and are also reviewed in this section Part III concentrates on negotiation and communication skills that are often the most crucial aspects of successful crisis management programs The final section of this book is about healing and has been gathered from a variety of sources In particular the chapter on grief and loss is the result of interviewing many people around the world over the past 15 years in the wake of a variety of tragedies This section of the book also looks at practical ways to cope with the aftermath of crisis including stress management techniques various forms of traditional and alternative therapies and the use of humor as a defense mechanism and coping strategy One of the purposes of this book is to gather practical information and to organize and consolidate it for easy reference Although this book was originally written for teachers it will also prove helpful to anyone who is associated with schools
