Setting National Priorities The 1984 Budget:

Setting National Priorities Joseph A. Pechman, 1983 Stressing the importance of the federal budget as a reflection of American priorities a group of articles explains the President's budget for 1984 examines alternative policies and evaluates the economic implications of various options **Setting National Priorities**, 1983 *Setting National Priorities*, 1983

Changing the Course, 1986 *Public Budgeting* Irene S. Rubin, 2015-01-28 Some of the best writings on public budgeting and finance can be found in the journals that ASPA publishes or sponsors For this volume editor Irene Rubin has brought together the best of these articles emerging classics that address the most important theoretical and practical problems underlying public budgeting The anthology is organized topically rather than historically with an effort to delineate the issues needed to understand some of the more recent controversies in the field Rubin's introductory essay and section openers frame the key issues and provide historical context for each article The collection begins with descriptions of what public budgeting is where it comes from and what it is for It moves on to the relationship between budget processes and outcomes constraints on budgeting the legal context in which it operates and adaptations to those constraints such as contracting out The book concludes with a discussion of the ethics and norms that underlie budgeting in a democracy Throughout the anthology the emphasis is on areas of disagreement and debate so students can get involved and explore different viewpoints *The Limits of Social Policy* Nathan Glazer, 1988 Many social policies of the 1960s and 1970s designed to overcome poverty and provide a decent minimum standard of living for all Americans ran into trouble in the 1980s with politicians with social scientists and with the American people Nathan Glazer has been a leading analyst and critic of those measures Here he looks back at what went wrong arguing that our social policies although targeted effectively on some problems ignored others that are equally important and contributed to the weakening of the structures family ethnic and neighborhood ties commitment to work that form the foundations of a healthy society What keeps society going after all is that most people feel they should work however well they might do without working and that they should take care of their families however attractive it might appear on occasion to desert them Glazer proposes new kinds of social policies that would strengthen social structures and traditional restraints Thus to reinforce the incentive to work he would attach to low income jobs the same kind of fringe benefits health insurance social security vacations with pay that now make higher paying jobs attractive and that paradoxically are already available in some form to those on welfare More generally he would reorient social policy to fit more comfortably with deep and abiding tendencies in American political culture toward volunteerism privatization and decentralization After a long period of quiescence social policy and welfare reform are once again becoming salient issues on the national political agenda Nathan Glazer's deep knowledge and considered judgment distilled in this book will be a source of advice ideas and inspiration for citizens and policymakers alike **Legislatures in the Policy Process** David M. Olson, Michael L. Mezey, 1991-05-16 This book will be of interest to specialists and students of

politics and economic policy making The Air Force Comptroller ,1985 Administrative Reform Comes of Age Gerald E. Caiden,2014-07-24 No detailed description available for Administrative Reform Comes of Age The Resurgence of Conservatism in Anglo-American Democracies Barry Cooper,Allan Kornberg,William Mishler,1988 This work presents analyses by experts on the rise of anew tide of conservative governments in the United States Canada and Great Britain in an attempt to find what if any common ideologies and programs unite them with what results in terms of institutional change and policy direction have been and what are the prospects for permanent change *Oversight of the National Science Foundation* United States. Congress. House. Committee on Science, Space, and Technology,1989 Energy Abstracts for Policy Analysis ,1975-07 **The Half War** Robert P Haffa Jr,2019-07-11 This book offers a strategic organizational and logistical analysis in a historical context of the planning of conventional forces to meet a limited contingency The central question is Why from 1960 to 1982 did the U S fail to construct a coherent limited contingency force Analysis of a series of comparative case studies reveals that the strategic concept to the half war or limited contingency was never articulated adequately enough to support specific force planning Organizations designed to oversee and command limited contingency forces fragmented by interservice rivalries and the absence of joint doctrine lacked multiservice composition and a unified command structure A search for economy in limited contingency forces seemed justified by illusions about their capabilities Low budgetary priority and Congressional perceptions that enhanced U S rapid deployment capabilities would encourage U S global intervention contributed to the lack of logistical and mobility systems dedicated to them The wider intent of this study is to shed light on the general purpose force planning process and to suggest policy guidance as the United States once again embarks on a major conventional force planning initiative Rather than being trapped by the past new efforts to meet vital U S military interests below the nuclear threshold must identify half war planning contingencies structure unified commands capable of directing tailored conventional forces in specific theaters and provide adequate strategic mobility systems **Naval War College Review** Naval War College (U.S.),1983 **Insane Squandering** Sergei I[A]kovlevich Veselovskii,Viktor V. Potapov,O. V. Sal'kovskii,1988 *Budgeting and Financial Management in the Federal Government* Jerry L. McCaffery,Lawrence R.
