Reflections in the Ripples Charles Barnett,2014-06-19 A lake untroubled by the wind can be as reflective as a mirror However with the slightest breeze the surface is agitated and the reflection is no longer clearly represented The reflection is distorted and the small details that make up the complete picture can no longer be discerned Our lives are similar to lakes in this instance We look upon our lives trying to see ourselves as we are but the surface is constantly moving and disturbed by the moments that define us This is why we must look beneath the surface where no matter what commotions are occurring above the image remains unaffected and motionless and things appear as they truly exist Then we can properly envision our current state and make appropriate decisions to bring about necessary changes We've been given a mirror faultless and pristine in which to gaze and evaluate ourselves from the image reflected This mirror is God's Word In it is truth and enlightenment for everyone who cares to search for the answers to all questions Find your No Wake Zone where you can clearly evaluate your current situation and standing so you'll be able to make quality choices to help bring about desired results Setting Your Heart on Fire Raphael Cushnir,2007-12-18 To live in accord with love is to set your heart on fire In the crucible of such an inferno all convention burns away What's left is an entirely new kind of existence one full of passion presence and infinite possibility This book is a wake up call from your own heart It is a roadmap to love not the romantic familial or platonic kind but a love that most of us have rarely tasted This love exists prior to and apart from any specific type of expression It is a dynamic primal force that connects us with the surrounding universe and provides the key to our deepest and most lasting fulfillment if we can learn to tap into its awesome power Raphael Cushnir's own experience has taught him that we often close ourselves to love that life's challenges losses and disappointments can shut us down emotionally and physically leaving us stagnant in our work and relationships and feeling empty and alone Setting Your Heart on Fire presents
