Settlements Of Hope An Account Of Tibetan Refugees In Nepal:

Settlements of Hope Ann Armbrecht, 1989 The Agendas of Tibetan Refugees Thomas Kauffmann, 2015-09-01 Since the arrival of the first Tibetans in exile in 1959 a vast and continuous wave of international especially Western support has permitted these refugees to survive and even to flourish in their temporary places of residence Today these Tibetan refugees continue to attract assistance from Western governments organizations and individuals while other refugee populations are largely forgotten in the international agenda This book shows and discusses how Tibetan refugees continue to attract resources due notably to the dissemination of their political and religious agendas as well as how a movement of Western supporters born in very different conditions guaranteed a unique relationship with these refugees *The Tibetan Government-in-Exile* Stephanie Römer, 2008-05-15 This book provides a detailed account of the structure and political strategies of the Tibetan government in exile the Central Tibetan Administration CTA in northern India Since its founding in 1959 it has been led by the 14th Dalai Lama who struggles to regain the Tibetan homeland Based on a theoretical approach on exile organizations and extensive empirical studies in Asia this book discusses CTA s political strategies to gain national loyalty and international support in order to secure its own organizational survival and the ultimate goal the return to Tibet The book is organized around the two fundamental questions firstly how the CTA fosters its claims to be the sole representative of all Tibetans over the last decades in exile and secondly which policies have been carried out in order to regain the homeland The book is divided into four substantial chapters the historical background providing a review of pre 1959 political Tibet a theoretical section which covers the critical position of exile organizations an examination of the exile Tibetan community and government from the early years an analysis of crucial CTA policies Innovative and unique this book combines a political science approach with Tibetan studies to analyse exile Tibetan politics in particular and exile governments in general Buddha's Warriors Mikel Dunham, 2005 The Chinese Invasion And Occupation Of Tibet Has Been One Of The Great Tragedies More Than A Million People Have Died As A Result An Ancient Culture With Its Buildings Literature And Artifacts Has Been Largely Destroyed In Kham Eastern Tibet In Particular Where People Retained The Warrior Like Qualities Of Old Groups Of Men Banded Together To Oppose The Chinese By Force And I Am Glad That Mikel Dunham Has Been Able To Tell These Brave Men S Story In This Book Much As They Told It To Him His Holiness The Dalai Lama From The Foreword In The Last Sixty Years Tibet Has Been So Mythologized And Politicized That The Outside World Remains Confused About What Really Happened When Mao Tse Tung Invaded In 1950 Buddha S Warriors Is The Story Of The Tens Of Thousands Of Tibetans Who Violently Resisted The Bloody Occupation Of Their Country And The Desecration Of All That Was Holy To Them From The Farthest Reaches Of Tibet Kham Amdo And Golok The Most Feared Tribes In Asia Mounted Their Warhorses And Rode Together For The First Time In History By Their Side Were Thousands Of Buddhist Monks Who Renounced Their Vows Of Nonviolence Grabbed Swords And In The Name Of Freedom Charged Into Enemy

Lines Tibet's Only Source Of Outside Help Came From A Small Group Of Cia Agents Who Secretly Trained And Armed The Freedom Fighters Author Mikel Dunham Spent Seven Years Interviewing The Warriors Who Fought The Chinese Collecting Stories That Otherwise Would Have Been Lost To History He Also Befriended The Cia Officers Who Trained The Young Tibetans These Firsthand Accounts Bring Faces And Deeply Personal Emotions To The Forefront Of The Ongoing Tragedy Of Tibet Buddha's Warriors Is A Sweeping History Of A Nation And An Ancient Culture Under Siege The Saga Of The Tibetan Resistance Movement Is One Of Brave Soldiers And Cowardly Traitors Courage Against Repression Buddhism Against Atheism And Ultimately Of What Happens To An Isolated Civilization When It Is Thrust Almost Overnight Into The Horrors Of Modern Day Warfare

Geopolitical Exotica Dibyesh Anand, *Geopolitical Exotica* examines exoticized Western representations of Tibet and Tibetans and the debate over that land's status with regard to China Concentrating on specific cultural images of the twentieth century promulgated by novels popular films travelogues and memoirs Dibyesh Anand lays bare the strategies by which Exotica Tibet and Tibetanness have been constructed and he investigates the impact these constructions have had on those who are being represented Although images of Tibet have excited the popular imagination in the West for many years *Geopolitical Exotica* is the first book to explore representational practices within the study of international relations Anand challenges the parochial practices of current mainstream international relations theory and practice claiming that the discipline remains mostly Western in its orientation His analysis of Tibet's status with regard to China scrutinizes the vocabulary afforded by conventional international relations theory and considers issues that until now have been undertheorized in relation to Tibet including imperialism history diaspora representation and identity In this masterfully synthetic work Anand establishes that postcoloniality provides new insights into themes of representation and identity and demonstrates how IR as a discipline can meaningfully expand its focus beyond the West Dibyesh Anand is a reader in international relations at the University of Westminster London

[Arrested Histories](#) Carole McGranahan, 2010-10-01 Argues that some histories including Tibetans armed resistance against the Chinese are arrested deliberately left untold until some future moment when changed circumstances favor their telling

Reconceiving International Refugee Law James C. Hathaway, 2023-07-24 Violence and other human rights abuses continue to force desperate people to migrate in search of protection Yet because the political and economic reasons that induced an historical openness to the arrival of refugees have largely withered away there is no longer a guarantee that any state will be prepared to receive these

involuntary migrants Governments of both North and South are withdrawing from the international legal duty to provide potentially indefinite protection to any and all refugees who arrive at their borders The challenge is to reconceive refugee protection in a way that is reconcilable with the legitimate concerns of modern states yet which does not sacrifice the critical right of at risk people to seek asylum The essays in *Reconceiving International Refugee Law* offer a response to the concerns of many states that refugee protection has become no more than a back door route to permanent immigration and that its costs are not fairly apportioned among states Drawing on the research of leading migration scholars from around the world and vetted through dialogue with senior officials and non governmental experts this volume explores the potential for a shift to a robust and empowering system of temporary asylum supported by a pragmatic system of guarantees to share both the costs and human responsibilities of refugee protection

The Oxford Handbook of Contemporary Buddhism Michael K. Jerryson, 2017 The Oxford Handbook of Contemporary Buddhism offers a comprehensive collection of work by leading scholars in the field They examine the historical development of Buddhist traditions throughout the world from traditional settings like India Japan and Tibet to the less well known regions of Latin America Africa and Oceania

Echoes from Dharamsala Keila Diehl, 2002-06-03 In *Echoes from Dharamsala* Keila Diehl uses music to understand the experiences of Tibetans living in Dharamsala a town in the Indian Himalayas that for more than forty years has been home to Tibet s government in exile The Dalai Lama s presence lends Dharamsala s Tibetans a feeling of being in place but at the same time they have physically and psychologically constructed Dharamsala as not Tibet as a temporary resting place to which many are unable or unwilling to become attached Not surprisingly this community struggles with notions of home displacement ethnic identity and assimilation Diehl s ethnography explores the contradictory realities of cultural homogenization hybridity and concern about ethnic purity as they are negotiated in the everyday lives of individuals In this way she complicates explanations of culture change provided by the popular idea of global flow Diehl s accessible absorbing narrative argues that the exiles focus on cultural preservation while crucial has contributed to the development of essentialist ideas of what is truly Tibetan As a result foreign or modern practices that have gained deep relevance for Tibetan refugees have been devalued Diehl scrutinizes this tension in her discussion of the refugees enthusiasm for songs from blockbuster Hindi films the popularity of Western rock and roll among Tibetan youth and the emergence of a new genre of modern Tibetan music Diehl s insight into the soundscape of Dharamsala is enriched by her own experiences as the keyboard player for a Tibetan refugee rock group called the Yak Band Her groundbreaking study reveals the importance of music as a site where official and personal old and new representations of Tibetan culture meet and where different notions of Tibetan ness are being imagined performed and debated

State Making in Asia Richard Boyd, Tak-Wing Ngo, 2012-09-10 Including contributions from an international team of leading experts this volume examines state making from a uniquely Asian perspective and reveals some of the misunderstandings that arise when states and state making are judged solely on the basis of Western history The

contributors argue that if we are to understand states in Asia then we must first recognize the particular combination of institution and ideologies embedded in Asian state making and their distinctiveness from the Western experience Presenting new empirical and conceptual material based on original research the book provides a unique theoretical reflection of the state through a thorough comparison of East Asian nations and as such will be a valuable resource to scholars of Asian politics and international relations

Indo-Tibet-China Conflict Dinesh Lal, 2008 Tibet has been the point of contention between India and China for a very long time Both India and China consider Tibet vital of their national security Any strong power established in Tibet can become a direct threat to India Tibetan developments are therefore the central theme of this book This book covers relations between these countries keeping in mind border disputes Tibetan problem economic factors religious factors and cultural factors History present scenario and the future of relations between these three countries is covered in this book in a very systematic and organized manner A very well researched book it will prove to be a greate help to all those individuals studying relations between India China and Tibet

Emotions and Human Mobility Maruška Svašek, 2013-09-13 This book provides insights into the emotional dimensions of human mobility Drawing on findings and theoretical discussions in anthropology sociology cultural studies philosophy linguistics migration studies human geography and political science the authors offer interdisciplinary perspectives on a highly topical debate asking how emotions can be conceptualised as a tool to explore human mobility Emotions and Human Mobility investigates how emotional processes are shaped by migration and vice versa To what extent are people s feelings about migration influenced by structural possibilities and constraints such as immigration policies or economic inequality How do migrants interact emotionally with the people they meet in the receiving countries and how do they attach to new surroundings How do they interact with the locals with migrants from other countries and with migrants from their own homeland How do they stay in touch with absent kin The volume focuses on specific cases of migration within Europe intercontinental mobility and diasporic dynamics Critically engaging with the affective turn in the study of migration Emotions and Human Mobility will be highly relevant to scholars involved in current theoretical debates on human mobility Providing grounded ethnographic case studies that show how theory arises from concrete historical cases the book is also highly accessible to students of courses on globalisation migration transnationalism and emotion This book was originally published as a special issue of the Journal of Ethnic and Migration Studies
