**The Complete Old English Poems**, 2017-01-31 From the riddling song of a bawdy onion that moves between kitchen and bedroom to the thrilling account of Beowulf's battle with a treasure

hoarding dragon from the heart rending lament of a lone castaway to the embodied speech of the cross upon which Christ was crucified from the anxiety of Eve who carries a sumptuous secret in her hands And a tempting truth hidden in her heart to the trust of Noah who builds a sea floater a wave walking Ocean home with rooms for all creatures the world of the Anglo Saxon poets is a place of harshness beauty and wonder Now for the first time the entire Old English poetic corpus including poems and fragments discovered only within the past fifty years is rendered into modern strong stress alliterative verse in a masterful translation by Craig Williamson Accompanied by an introduction by noted medievalist Tom Shippey on the literary scope and vision of these timeless poems and Williamson s own introductions to the individual works and his essay on translating Old English poetry the texts transport us back to the medieval scriptorium or ancient mead hall to share a herdsman s recounting of the story of the world s creation or a people s sorrow at the death of a beloved king to be present at the clash of battle or to puzzle over the sacred and profane answers to riddles posed over a thousand years ago This is poetry as stunning in its vitality as it is true to its sources Were Williamson s idiom not so modern we might think that the Anglo Saxon poets had taken up the lyre again and begun to sing once more
