Ellis USAF, 2015-11-06 This study analyzes the evolution of Seventh Air Force s joint command and control relationships as well as the development of joint operational procedures and doctrine in the Central Pacific during World War II As this was arguably the most joint theater in World War II there are many lessons about the challenges of joint command and control and the development of joint combat procedures that are relevant to contemporary airmen The Seventh Air Force was established in the aftermath of the attack on Pearl Harbor It was initially a defensive and training oriented command protecting Hawaii from a possible attack by the Japanese and training replacement crews for units in the South Pacific However in the summer of 1943 the Seventh Air Force became an offensive mobile combat command that along with each of the other services played a major role in the island hopping campaign of World War II Major General Willis H Hale served as the commander of the Seventh Air Force during this transition period This study uses him as a lens to explore the unique challenges his command met and overcame Additionally since the Pacific Theater was on the tail end of the Europe First resupply policy the Seventh Air Force was chronically under manned and under equipped hence the moniker Hale s Handful **7th Bombardment Group/Wing, 1918-1995** Robert F.
