The Sexual Self Michael S. Kimmel, 2007 Abstract

Sex in the Movies Sam Frank, 1986 Photographs and accompanying text explore the route film producers have taken in the last decade when depicting sexual relationships in the movies

The History of Sex in American Film Jody Pennington, 2007-07-30 Although American films especially Hollywood fare are often belittled for their one dimensional portrayal of sex a close examination of the history of sex in American motion pictures reveals that American cinema has actually represented sex in myriad ways A more complete understanding of the ways in which sex has been represented onscreen requires an approach that pays equal attention to cinematic techniques and to the diversity of sexual values and behaviors in American society It is necessary to frame this discussion within the multiple contradictions of an industry that has both repressed and represented sex with equal fervor over the course of its history of audiences that have both taken

offense at and flocked to films with sexual themes and a body politic that has regulated the sexual in popular culture even as its discourse has been saturated with sexual images and topics The History of Sex in American Cinema moves seamlessly between general film and social history to clarify how exactly sex has been expressed cinematically and how we have responded to those expressions as a culture In March of 1965 the Supreme Court put into motion legal changes that marked the end of local film censorship as it had existed since the early years of the twentieth century In Hollywood that same year The Pawnbroker was released with a Production Code Seal of Approval despite nudity that violated that Code As sexual liberation occurred onscreen parallel developments occurred in the way we lived our lives and by the end of the 1960s Americans were having sex more often and with more partners than ever before There was also now a public debate surrounding sexuality and one of the loudest and most continually active voices in this debate was that of American film This work begins with an examination of some of the earliest altercations in what later came to be known as the culture wars and follows those skirmishes more often than not provoked by American film up to the modern day By looking at how sex in the cinema has contributed to the demise of the fragile consensus between liberals and conservatives on freedom of expression The History of Sex in American Film suggests a perspective from which today s culture wars can be better understood This work combines close readings of many representative films including Who s Afraid of Virginia Woolf The Graduate Blue Velvet Philadelphia L A Confidential and Closer with a social and historical account of the most significant changes in American sexual behavior and sexual representation over the past fifty years **Los Angeles Magazine** ,2003-07 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian British Film Jim Leach,2004-08-30 This book explores British cinema in relation to its social political and cultural contexts Each chapter deals with a specific topic and includes close readings of key films from different historical periods Demonstrating the richness and variety of a national cinema that has traditionally struggled to define itself between the paradigms of Hollywood popular film and European art cinema British Film provides comprehensive coverage of British cinema and detailed discussion of specific films that can be used in tandem with screenings **Functional and Dysfunctional Sexual Behavior** Anders Agmo,2011-04-18 Functional and Dysfunctional Sexual Behavior explores the full consequences of the dissociation between sexual behaviors and reproduction Among the themes covered is the difference between the stereotyped sexual behaviors in non human mammals and the astounding variety of human sexual behaviors The role of learning in shaping sexual behaviors is explained and it is shown how particular sexual experiences may be at the origin of common human sexual dysfunctions Chapters on sexual

incentives and a summary of the endocrine and central nervous control of sexual behaviors are included Analyzes the origin and foundations of some of the myths surrounding sexual behaviors Highlights how learning shape human sexual behaviors Provides an overview of the endocrine and neural regulation of mammalian sexual behaviors Presents a comprehensive analysis of human sexual desire disorders Employs many entertaining examples for illustrating main points Written by a scientist thoroughly familiar with the research literature Presents examples of translational sex research **American**

International Pictures Rob Craig,2019-03-05 American International Pictures was in many ways the missing link between big budget Hollywood studios poverty row B movie factories and low rent exploitation movie distributors AIP first targeted teen audiences with science fiction horror and fantasy but soon grew to encompass many genres and demographics at times it was indistinguishable from many of the major studios From Abby to Zontar this filmography lists more than 800 feature films television series and TV specials by AIP and its partners and subsidiaries Special attention is given to American International Television the TV arm of AIP and an appendix lists the complete AITV catalog The author also discusses films produced by founders James H Nicholson and Samuel Z Arkoff after they left the company **Swedish Cinema and the Sexual Revolution** Elisabet Björklund,Mariah Larsson,2016-07-13 Swedish cinema became recognized for daring representations of sexuality with such films as One Summer of Happiness 1951 The Silence 1963 I Am Curious Yellow 1967 and a wave of sex films in the late 1960s and 1970s The association between Swedish film and sexuality shows up frequently in popular culture From Taxi Driver 1976 to Mad Men 2007 2015 dirty Swedish movie references abound Yet the connection has attracted little critical attention In this collection of new essays Swedish and American scholars go beyond popular misconceptions to explore the origins influences and reception of sexuality in Swedish cinema during the sexual revolution on both sides of the Atlantic A broad range of topics are covered from analyses of key films to a behind the scenes study of the Swedish Film Institute which played a significant role in opposing Swedish film censorship **Teen Movies** Timothy Shary,2005 Teen Movies American Youth on Screen is a detailed look at the depiction of teens on film and its impact throughout film s history Timothy Shary looks at the development of the teen movie the rebellion the romance the sex and the horror up to contemporary portrayals of ever changing youth Films studied include Rebel Without a Cause 1955 Splendor in the Grass 1961 Carrie 1976 The Breakfast Club 1985 and American Pie 1999 **Sex Psyche Etcetera in the Film** Parker Tyler,1969 Tyler was an influential critic fairly openly gay when it was still bad for one s career Misha Schutt

advances as video discs and cassettes two way television satellites cable and much more

The Sex Goddess in American Film, 1930-1965 Jessica Hope Jordan, 2009 In the first critical study of the sex goddess in film Jessica Hope Jordan illustrates how Jean Harlow uses her sexualized body to affect and seduce viewers away from any primary identification with those characters and their plotlines that are supposed to lead the film to identifying instead with the kind of sexual empowerment and self possession her characters consistently display Linking the idea of sexual empowerment to the filmic and public celebration of hyper feminine sexuality the book additionally covers previous feminist discussions of Mae West's performances as feminist camp to argue that West sought to both celebrate and embody for women viewers what she viewed as cultural ideals of femininity and women's sexuality With Lana Turner and the cinematic code the book considers the many problems inherent in both the filmic and public celebration of hyper feminine sexuality in relation to censorship and considers the effects of the Hays Code on hyper feminine sexuality as depicted in film noir The book also importantly presents the first critical discussion of the actress Jayne Mansfield suggesting that her 1950s open acceptance celebration and public promotion of her feminine sexuality both onscreen and off makes her not only a precursor of the more sexually liberated 60s but also like the other actresses discussed here a kind of prescient performance artist even theorist of feminine sexuality in particular and cultural ideas about sexuality more generally Beyond recouping her image as feminist the book demonstrates how the kind of desire aroused by the sex goddess a desire which remains endlessly suspended works as a supreme example of the aesthetic apparatus of cinema itself Book Jacket
