Sex And God Some Varieties Of Womens Religious Experience:

Varieties of Religious Experience William James, 2002 William James series of lectures on religion as it is apprehended by and affect the individual **Sex and God** Linda Hurcombe, 2014-10-03 These stories essays and poems by women examine the connections feminists are making between sex and God The women write from very different perspectives cutting across the spectrum of feminist writing about sexuality and spirituality within the Judeo Christian tradition Some writers though critical are determined to retain their radicality in the very teeth of patriarchy by remaining within the traditional forms of faith Others impatient suggests the editor with the great inseminator in the sky have moved on to what might be described as a post patriarchal spirituality Contributions indicate the exciting spiritual journeys women are currently making and focus on the following areas monogamy and promiscuity sex politics and spirituality childbirth sex and healing in dying feminist sexual psychology lesbian identity and feminist embodied theology The recent and continuing debate about women priests in the Anglican church uneasily echoes the rumblings of change at a fundamental level in the relationship between women and religion This book with its reflections on both the politics of Christian feminism and the more widespread expression of women s spirituality makes an important contribution to that change First published in 1987

The Varieties of Religious Experience William James, 2012-07-26 Is life worth living Yes a thousand times yes when the world still holds such spirits as Professor James Gertrude Stein A classic of American thought William James The Varieties of Religious Experience is an extraordinary study of human spirituality in all its forms and one of the most profound works of Psychology ever written When the book was published in 1902 the study of the human mind was a thrillingly new field of scientific enquiry James was one of the first to seriously examine the psychology of religious faith and where he led both Jung and Freud would follow Yet for all its historical significance this is a book full of humanity wit and some deeply personal stories of revelation religious devotion and mystical experience The Routledge Classics edition of The Varieties of Religious Experience makes available in paperback for the first time the Centenary Edition published by Routledge in 2002 with new introductions on the historical and contemporary significance of James work and a foreword by the author s grandson Micky James **Sex and God (RLE Women and Religion)** Linda Hurcombe, 2014-10-03 These stories essays and poems by women examine the connections feminists are making between sex and God The women write from very different perspectives cutting across the spectrum of feminist writing about sexuality and spirituality within the Judeo Christian tradition Some writers though critical are determined to retain their radicality in the very teeth of patriarchy by remaining within the traditional forms of faith Others impatient suggests the editor with the great inseminator in the sky have moved on to what might be described as a post patriarchal spirituality Contributions indicate the exciting spiritual journeys women are currently making and focus on the following areas monogamy and promiscuity sex politics and spirituality childbirth sex and healing in dying feminist sexual psychology lesbian identity and feminist embodied theology The recent and continuing

debate about women priests in the Anglican church uneasily echoes the rumblings of change at a fundamental level in the relationship between women and religion This book with its reflections on both the politics of Christian feminism and the more widespread expression of women s spirituality makes an important contribution to that change First published in 1987

The Bonds of Freedom Rebekah L. Miles, 2001-08-23 In this constructive study Miles proposes a new feminist theological ethic drawing together the contributions of Reinhold Niebuhr Sharon Welch and Rosemary Ruether Seeking to critically reappropriate the Christian realism articulated by Niebuhr she reinterprets solutions to problems emergent from his theology Miles presents feminist Christian realism as an alternative that can reclaim a positive interpretation of divine transcendence and human self transcendence while maintaining newer emphases on human boundedness and divine immanence Theologians and ethicists will find her critical reassessment of the three authors distinctive and her challenging proposal for a positive creative transformation a significant contribution to the development of feminist ethics **The British Christian**

Women's Movement Jenny Daggars, 2018-05-08 This title was first published in 2002 This book presents a timely study of a neglected British Christian women s movement Jenny Daggars charts the inception of the movement in the exciting times of the post sixties decades amid new currents generated in the British denominational churches and the wider current of Women s Liberation Focusing on Christian women s concern with the position of women in the church this book identifies a core Christian women s theology which affirms a rehabilitated new Eve in Christ and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology Daggars argues that this divergence is primarily due to the effect of the prolonged Church of England women s ordination debate upon the ethos of the British Christian women s movement **Sex and the Goddess** Karin E Weiss Ph.D., PhD, 2019-11-25 It has been over twenty years since the full manuscript of my book was edited for publication in 1998 I had begun writing it in the previous decade the 1980 s a period of flourishing women s liberation movements against the patriarchal status quo Books about women s sexuality and spirituality were flooding the bookstores and many writers were producing profound studies of the untold heroism of women throughout history I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School s Program in Human Sexuality In addition I conducted women s self enrichment groups and workshops in my private practice Woman s Discovery Institute where I also gave professional Astrology readings and classes This rich mix of psychology philosophy spirituality and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women s unsung heroism throughout history It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi layered lives I based my theory on the lunar cycle which is eternally linked to women s menstrual emotional and psychic cycles With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals Yet for various reasons my book manuscript remained in my own bookshelf never getting published Until now the times again call for women to claim their

autonomy and gain equality in an overly male dominated and viciously callous world I am blessed to find in Xlibris a publisher ready to take on the project with me I am thrilled to finally see my Life s Masterwork in print You will find many divergent ideas in these two volumes No single woman encompasses all that are described but as you read and recognize these characters in yourselves and your friends I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers

Reading Medieval Anchoritism Mari Hughes-Edwards,2012-06-15 This interdisciplinary study of medieval English anchoritism from 1080 1450 explodes the myth of the anchorhold as solitary death cell reveals it instead as the site of potential intellectual exchange and demonstrates an anchoritic spirituality in synch with the wider medieval world

Routledge Revivals: The British Christian Women's Movement (2002) Jenny Daggars,2018-02-05 The British Christian Women s Movement charts the British Christian women s movement and its inception in the post sixties decades amid new currents generated in the British denominational churches and the wider current of Women s Liberation Focusing on Christian women s concern with the position of women in the church this book identifies core Christian women s theology which affirms a rehabilitated new Eve in Christ and contrasts with a paradigm shift taking shape in North American feminist theology It argues that this divergence is primarily because of the effect of prolonged Church of England women s ordination debates upon the ethos of the British Christian women s movement

Blessed Events Pamela E. Klassen,2021-06-08 Blessed Events explores how women who give birth at home use religion to make sense of their births and in turn draw on their birthing experiences to bring meaning to their lives and families Pamela Klassen introduces a surprisingly diverse group of women in their own words while also setting their birth stories within wider social political and economic contexts In doing so she emerges with a study that disrupts conventional views of both childbirth and religion by blurring assumed divisions between conservative and feminist women and by taking childbirth seriously as a religious act Most American women who have a choice give birth in a hospital and request pain medication Yet enough women choose and advocate unmedicated home birth and do so for carefully articulated reasons social resistance among them to constitute a movement Klassen investigates why women whose religious affiliations range from Old Order Amish to Reform Judaism to goddess centered spirituality defy majority opinion the medical establishment and sometimes the law to have their babies at home In considering their interpretations including their critiques of the dominant medical model of childbirth and their views on labor pain she examines the kinds of agency afforded to or denied women as they derive religious meanings from childbirth Throughout she identifies tensions and affinities between feminist and traditionalist appraisals of the symbolic meaning of birth and the power of women What does home birth a woman centered movement working to return birth to women s control mean in practice for women s gender and religious identities Is this supreme valuing of procreation and motherhood constraining or does it open up new realms of cultural and social power for women By asking these questions while remaining cognizant of religion s significance Blessed Events challenges both feminist and traditionalist accounts of

childbearing while broadening our understanding of how religion is lived in contemporary America **An A-Z of Feminist Theology** Lisa Isherwood, Dorothea McEwan, 2016-10-06 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology There are entries on all the major themes of Christian feminist theology including models of God and of the Church ethics and spirituality sexuality and liberation Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse Together they present the far reaching concerns of feminist theology in an accessible and stimulating way The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity **Challenging Women's Orthodoxies in the Context of Faith** Susan Frank Parsons, 2019-07-31 This title was first published in 2000 Most of the papers in this volume were given at a day conference held at Heythrop College aimed at discussing challenging women's orthodoxies in the context of faith The book acts as an indication that gender matters in the understanding and living of faith Theology and Embodiment Melissa Raphael, 1996-03-01 Theology and Embodiment both analyses and contributes to spiritual feminism's postmodern construction of the female body as a metaphor and medium of divine generativity Addressing religious studies and women's studies students and all those interested in contemporary spirituality Raphael counters reformist feminism's recurrent criticism of goddess feminism as naively essentialist and sub political She presents spiritual feminism as a set of religious political manoeuvres that powerfully resist such patriarchal degradations of female natural generativity as environmental destruction weight reducing diets and menstrual taboos Jonathan's Loves, David's Laments Dirk von der Horst, 2017-03-24 Jonathan's Loves David's Laments uses early modern musical interpretations of David's Lament over Saul and Jonathan to deepen the historicist foundations of contemporary feminist and gay relational theologies After laying out how gay theologian Gary David Comstock connects the story of David and Jonathan to the theology of lesbian theologian Carter Heyward the argument interrogates both theological and exegetical problems in making those connections which include contradictory theological stances with regard to modernity and history as well as the indeterminacy of the biblical text Early modern musical interpretations of the text allow for a double move of engaging the texts through a sensual medium thus reinforcing queer possibilities for meaning making from the biblical text and staying attuned to the fact that the history of interpretation reinforces the indeterminacy of the text thus keeping queer interpretations aware of the relativizing function of historical difference *My Quests for Hope and Meaning* Rosemary Radford Ruether, 2013-10-02 This book is an autobiography tracing Rosemary Radford Ruether's intellectual development and writing career Ruether examines the influence of her mother and family on her development and particularly her interactions with the Roman Catholic religious tradition She delves into her exploration of interfaith relations with Judaism and Islam as well Her educational formation at Scripps College and the importance of historical theology is also a major emphasis Mental illness has also affected Ruether's nuclear family in the person of her son and she

details the family's struggle with this issue Finally in this intellectual autobiography Ruether explores her long concern and involvement with ecology feminism and the quest for a spirituality and practice for a livable planet The Spiral Path

Theresa King,1992-09 This treasure of diverse and visionary writings explores the sacredness of women's everyday lives Twenty two contemporary spiritual teachers including Irina Tweedie Brooke Medicine Eagle Swami Radha Bernadette Roberts and Mary Giles probe aspects of their lives from sexuality work and cooking to relationships prayer and mysticism A vision then emerges of women as extraordinary sacred beings their lives sources of personal and community transformation This book is a guide for those seeking a practical workable spiritual life *The Social World of Deuteronomy* Don C

Benjamin,2017-04-27 The book of Deuteronomy is not an orphan It belongs to a diverse family of legal traditions and cultures in the world of the Bible The Social World of Deuteronomy A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today Don C Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed as well as those that appear in its traditions He uses feminist criticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women daughters mothers wives and widows in their households but also their powerless children liminal people slaves prisoners outsiders livestock and nature Through the lens of feminist theory Benjamin explores important aspects of the daily lives of these often overlooked peoples in ancient Israel English Spirituality Gordon Mursell,2001-01-01 This

wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years **Power For: Feminism and Christ's Self-Giving** Anna

Mercedes,2011-09-22 Contesting the feminist critique of the dangers of Christianity's self giving ethics this book advances a contemporary feminist christology engaging the strength of self giving power Gender and the Language of Religion A. Jule,2005-07-31 This book contributes to an understanding of the complex relationship of gender and language alongside religion and religious life as experienced by various religious groups around the world The intention is to put forward current studies in the field of linguistics and explore how gender and various religions intersect with language use The universal and diverse experience of religion provides for this unique collection of papers concerning the use of language in religious liturgy in religious communities and in interaction with identity As such the book will attract students and researchers in discourse gender studies and religious studies

As recognized, adventure as without difficulty as experience approximately lesson, amusement, as well as bargain can be gotten by just checking out a books **Sex And God Some Varieties Of Womens Religious Experience** after that it is not directly done, you could acknowledge even more a propos this life, in the region of the world.
