Sex-Love, and Its Place in a Free Society Edward Carpenter, 2022-09-04 In Sex Love and Its Place in a Free Society Edward Carpenter delves into the intricate relationship between personal affection and the wider societal context Crafted with a blend of poignant prose and scholarly insight Carpenter's work meticulously interrogates the ethical and emotional facets of sexuality and love placing them within the framework of societal liberation and constraint Treading a fine line between literary exploration and social commentary the text is a seminal piece in the corpus of early sexual politics and continues to be pivotal in understanding the mores of love in relation to the fabric of an evolving society A pioneering figure

in social and sexual reform Edward Carpenter's oeuvre is emblematic of his progressive views which were radical for their time His literary endeavors deeply influenced by his own experiences and the humanist ideals of personal freedom reflect a lifetime dedicated to advocacy for social change and the emancipation of love from the shackles of outdated Victorian mores His profound empathy for individual expression resonates within the pages illuminating Carpenter's visionary perspective Carpenter's Sex Love and Its Place in a Free Society is an indispensable read for those intrigued by the intersection of love sexuality and social liberty It beckons the modern reader to engage with themes that remain as poignant today as they were when Carpenter first penned his revolutionary thoughts This book is highly recommended for students of social history gender studies and readers seeking a deeper understanding of the enduring quest for personal authenticity within a collective civilization What You Probably Didn't Know About Sex and Celibacy Simona Rich, 2016-05-01 Sex 2 So that it serves as a source of information for those who are thinking about this lifestyle and want to find out what they can expect from it 3 Over the years of my spiritual journey I have come across many incorrect accounts in regard to celibacy like in patriarchal religious texts of the East which probably suffered additions like the Bible did These distortions about sex and celibacy especially target women so I consider it my responsibility to dispel all these falsities through revealing my first hand experience on the matter as well as quoting reliable sources that support my experiences and thus prove them to be genuine 4 I ve also written this ebook to at least to some extent remove the repulsion about the word celibacy since many practice celibacy when they re totally not ready for it and thus truly misguide others about this lifestyle such as priests that have no choice about the matter Because of this indulgence in sense pleasures is chosen over celibacy which serves to stall the spiritual development of a human that s not ready 5 When one becomes interested in such a road usually he is exposed to age old religious teachings that were copied and distorted throughout the ages by those who weren t celibates or practiced celibacy for all the wrong reasons thus not being able to receive any celibacy benefits Reading such texts and looking at the lives of such people only serves to misguide and off put a would be celibate So usually a conclusion is arrived at that celibacy is a road to misery In truth it s a road to total freedom and bliss and you ll think this way too after reading the book 6 Not only most people practice celibacy for all the wrong reasons but they don't even know how to practice it As a result sexual impulses are not transformed into spiritual ones but suppressed instead This with time results in uncontrollable anger outbursts addictions perversions of all sorts or mental imbalances In the Sex Celibacy book you ll read about how to transmute the energy of sex to experience celibacy blessings such as higher intelligence and spiritual growth 7 Finally I felt it necessary to share my celibacy experiences because the female take on celibacy is almost non existent Though somewhat distorted Vedic and Taoist sources still serve as a source of inspiration and information for men But many of such accounts are in no way helpful to women and as I mention in the book can even stop their spiritual progress since some of the teachings are clearly anti female So I consider it essential to share my celibacy experiences as a woman To follow the road of

celibacy successfully as well as to gain spiritual blessings two essential rules must be met You must be ready to follow such a path most people aren t You must practice celibacy correctly most people don t This ebook explains in detail about how to meet both of these requirements Here's what Sex Celibacy ebook covers Celibacy benefits Celibacy dangers Things you must know before becoming celibate Who shouldn t practice celibacy How to practice celibacy correctly What is real celibacy and what isn t most people claiming to be celibates aren t Church misunderstanding of celibacy and a resulting disaster What takes place spiritually during the act of sex Lost information on conception exact days conception and delivery should occur for a developed soul to enter this dimension Immaculate conception Spirit possession during sex Astral body dangers for celibates Creative power of celibates and how not to misuse it Signs showing that you should become celibate What Jesus really says about celibacy What happens to the energy body during celibacy What happens to the energy body during sex Hidden teachings on celibacy and sex in books such as the Bible and A Course in Miracles How luciferian forces operate in the human body and why How luciferian forces penetrated the human body The real function of the astral body and astral realms Sex and attempt to escape from the background of pain What you should know about masturbation An easy yogic method to maintain celibacy My diary entries concerning sex and celibacy Conquering the serpent of lust Two alternative roads for those who find celibacy too difficult Misunderstood unconditional love And so much more I sincerely believe that this ebook contains all you need to know about celibacy It explains what dangers you need to be aware of on this road what kind of blessings you ll experience if you follow this road correctly how to practice celibacy in the right way as well as who should practice celibacy and who isn t yet ready What's more not only will this ebook fully inform you about this unusual yet bliss filled lifestyle but it will also open your eyes to the true nature of sex **Love and Sex in the Time of Plague** Guido Ruggiero, 2021-06-01 Guido Ruggiero brings readers back to Renaissance Florence capturing how the Decameron sounded to fourteenth century ears Giovanni Boccaccio s masterpiece of love sex loyalty and betrayal resonated amid the Black Death and the era's convulsive political change reimagining truth and virtue in a moment both desperate and full of potential

SEX RELATION THROUGH THE AGES EMIL LUCKA,1915 The Nature of Love Irving Singer, 1984 In this concluding volume of his impressive study of the history of Western thought about the nature of love Irving Singer reviews the principal efforts that have been made by 20th Century thinkers to analyze the phenomenon of love T he bulk of the book is taken up with critical accounts of the modern thinkers who have systematically called into question the possibility itself of love as a union of distinct human selves For the most part these critiques are effectively executed and they bring a high level of critical acumen to bear on skeptical theses about love that are now too often accepted as truisms Frederick A Olafson Los Angeles Times Book Review Irving Singer has developed a method of historical analysis flexible enough to deal with all kinds of love from Greek homosexual love in Plato to the philia and agape of the New Testament to the courtly love of medieval romance to the Romantics for whom love was magic This final volume brings us to the present In The Modern World Singer offers readings of Freud Proust and Sartre among others He shows how their work was formed in reaction to the 19th century ideal of merging of the identities of lover and beloved More often than not the great modern writers portray love as impossible as a field of failure and regret This masterpiece of critical thinking is a timely eloquent and scrupulous account of what after all still makes the world go round Thomas D Evelyn Christian Science Monitor This is the third of a three volume history of the philosophy of love It begins with Kierkegaard Tolstoy and Nietzsche in the nineteenth century and treats Freud Proust Bergson D H Lawrence G B Shaw Santayana Sartre and others in the twentieth Although the author's approach is primarily historical he intersperses critical remarks throughout Most of the major themes which are discussed by philosophers of love make their way into this history including friendship sexual love and the distinction between love that is based on the value of the beloved and love that bestows value on the beloved Singer devotes a number of pages to his own views on falling in love being in love and staying in love Singer's exposition is lucid and organized his criticisms are insightful Ethics In this third volume of historical overview of the development of the Western conception of love Singer uses writers philosophers and psychologists to provide the reader with an overview of love in the late 19th and 20th century Analyzing authors such as Tolstoy Proust D H Lawrence and Shaw and philosophers such as Nietzsche Kierkegaard Sartre and Santayana as well as Freud Singer links each contributor s thoughts to the influence of previous writers and also provides some psycho historical insight into their personal lives that might have been either a source or direct result of their views In this final volume Singer proceeds to look at not just the great men influence but also provides a chapter overviewing scientific contributions to our understanding of love Singer's work is a significant contribution to understanding the social construction of important abstract social and personal values By tracing love through different historical periods through a variety of voices Singer has created a rich history of the struggle between the ideal and the real between the dreams of what love should provide and the reality of what relationships have been in each historical period By personalizing the voice through psychohistorical analysis Singer also provides insight into the shaping of ideas through the intimate struggles of the shapers Mark V Chaffee
