### **Revolutionary Struggles and Girls' Education**

Thera Mjaaland,2021-07-27 Revolutionary Struggles and Girls Education At the Frontiers of Gender Norms in North Ethiopia argues that at the base of girls poorer performance than boys at secondary school level when puberty has set in is the symbolic violence entailed in sanctioned femaleness Informed by the modesty of Virgin Mary in Orthodox Christian veneration it instructs girls to internalize a holding back which impinges on her self efficacy and ability to be an active learner Neoliberally informed educational policies and plans which have co opted liberal feminism also in Ethiopia do not address hard lived gender norms and the power and domination dynamics entailed when parity between boys and girls in school continues to be the dominant measure for equity Despite women s courageous contribution at a literal frontier during the Tigrayan liberation struggle 1975 91 where they fought on equal terms with men and despite the tendency that girls outnumber boys at secondary level in the present context sanctioned femaleness constitutes a frontier for girls educational success and transition to higher education In fact when teaching learning continues to be based on memorization rather than critical thinking the very transformative potential of education is undermined also in a gendered sense

*Women Education* Radha Dua, **Coerced Liberation** Zamira Abman, 2024-05-01 In 1924 the Bolshevik regime began an unprecedented campaign to forcibly emancipate the Muslim women of Tajikistan The emancipatory reforms included unveiling women passing progressive family code laws and educating women By the 1950s the Soviet regime largely succeeded in putting an end to veiling child marriage polygamy and bride payments Yet today there is a resurgence in these practices the Bolsheviks claimed to have eliminated *Coerced Liberation* reveals that the Soviet regime transformed the lives of urban women within a single generation but without lasting effect Drawing on unique primary sources the book examines why this occurred It addresses questions that are pertinent to ongoing debates in the international arena What happens when an outside force attempts to modernize a society deeply rooted in centuries of patriarchal norms and values In what ways can a devout religious rural community respond to survive and adapt to such interventions And how does a state centred top down approach towards women's emancipation work *Coerced Liberation* presents critical insights for readers interested in gender dynamics within Muslim communities the roles of women in Islam the resurgence of Islam in former
