Sex Education and Counseling of Special Groups Warren Russell Johnson, 1974 **Sex Education and Counseling of Special Groups** Warren Russell Johnson, Winifred Kempton, 1981 **Sex Education in the Eighties** Lorna Brown, 2012-12-06

The odd reader here in England odd means occasional may be interested in how a book comes about. Members of the SIECUS Board of Directors were planning a Festschrift and dinner for Mary Calderone on the occasion of her 75th birthday. One planning idea was to have a booklet filled with brief essays from prominent sex educators distributed between the roast beef and the ice cream. My reaction was that such souvenirs find their burial place in the same dusty drawer as the program from the high school prom and ticket stubs from South Pacific. I suggested a more lasting noticeable monument as proper as the English say book which would draw contributions from both SIECUS and non SIECUS scholars. I was too clever to be trapped as editor in a 1974 preface I had written. I swore I wouldn't edit another book. And so I seduced Lorna Brown into being editor. I contacted a few potential contributors suggested a few others convinced Leonard Pace at Plenum Press that this was a worthwhile venture and left the country. To my amazement six months after settling in Cambridge England the rough draft of the book arrived along with a reminder from Lorna that during the seduction I had promised to write an Introduction.

Already Doing It Michael Gill, 2015-03-27

Why is the sexuality of people with intellectual disabilities often deemed risky or inappropriate by teachers, parents, support staff, medical professionals, judges and the media? Should sexual citizenship depend on IQ? Confronting such questions head on, *Already Doing It* exposes the sexual ableism that denies the reality of individuals who despite the restrictions they face actively make decisions about their sexual lives. Tracing the history of efforts in the United States to limit the sexual freedoms of such persons using methods such as forced sterilization, invasive birth control and gender segregated living arrangements, Michael Gill demonstrates that these widespread practices stemmed from dominant views of disabled sexuality, not least the notion that intellectually disabled women are excessively sexual and fertile while their male counterparts are sexually predatory. Analyzing legal discourses, sex education materials and news stories going back to the 1970s, he shows for example that the intense focus on stranger danger in sex education for intellectually disabled individuals disregards their ability to independently choose activities and sexual partners, including nonheterosexual ones who are frequently treated with heightened suspicion. He also examines ethical issues surrounding masturbation training that aims to regulate individuals' sexual lives, challenges the perception that those whose sexuality is controlled or rejected should not reproduce and proposes recognition of the right to become parents for adults with intellectual disabilities. A powerfully argued call for sexual and reproductive justice for people with intellectual disabilities, *Already Doing It* urges a shift away from the compulsion to manage deviance, better known today as harm reduction, because the right to pleasure and intellectual disability are not mutually exclusive. In so doing it represents a vital new contribution to the ongoing debate over who in the United States should be allowed to have sex, reproduce, marry.
