Sex Machines Photographs And Interviews:

Sex Machines Timothy Archibald, 2005 A humorous thoughtful exploration of American sex machine inventors and users told through photographs and interviews **The Machines of Sex Research** Donna J. Drucker, 2013-07-04 The Machines of Sex Research describes how researchers worldwide integrated technology into studies of human sexuality in the postwar era The machines they invented made new ways of seeing bodies possible Some researchers who studied men used machines like penile strain gauges to police deviant male sexuality others used less painful devices like penis cameras to study women s sexual responses and map the physiology of their arousal and orgasm While researchers used the findings from their technological innovations to propose their own views of how people should view their bodies and should manage their sexual lives their readers interpreted their findings to enact their own visions of sexuality Drucker shows how the use of machines in sex research provided some of the intellectual underpinnings of the sexual revolution and the women s and gay rights movements and in turn how the sex research community developed new machines for investigations that would enhance sexual happiness rather than constrict it The Machines of Sex Research is a key read for those interested in the intersections between human sexuality technology and twentieth century social movements Describes the little known history of the machines of human sex research in the postwar era Shows how researchers worldwide invented and used machines to study human sexuality and the body in new ways and how they used and improved each other s designs Relates the relationship between the machines of sex research to Cold War sexualities and gender and sexual liberation movements

Pornography and Seriality S. Schaschek, 2013-12-05 Repetition and seriality are inherent in pornography and is constitutive for its functionality as a film genre an industry and an area of gender studies By linking the styles of the genre to processes of serial production consumption and discussion Schaschek questions the dominant assumptions about pornography and the stability of the genre **Sex Media** Feona Attwood, 2017-12-08 Media are central to our experiences and understandings of sex whether in the form of familiar mainstream genres pornographies and other sex genres or the new zones interactions and technosexualities made possible by the internet and mobile devices In this engaging new book Feona Attwood argues that to understand the significance of sex media we need to examine them in terms of their distinctive characteristics relationships to art and culture and changing place in society Observing the role that media play in relation to sex gender and sexuality this book considers the regulation of sex and sexual representation issues around the sexualization of culture and demonstrates how a critical focus on sex media can inform debates on sex education and sexual health as well as illuminate the relation of sex to labour leisure intimacy and bodies Sex Media is an essential resource for students and scholars of media culture gender and sexuality **Netporn** Katrien Jacobs, 2007 Netporn delves into the aesthetics and politics of sexuality in the era of do it yourself DIY Internet pornography Katrien Jacobs drawing on digital media theory and interviews with Web porn producers and consumers offers an unprecedented critical analysis of Web culture as digital

artistry and of the corresponding heightened government surveillance and censorship of the Internet Netporn features Web users who question the goals of global commercial porn industries whether they are engaged in Usenet fringes video blogging peer to peer distribution porn art collectives or decadent amateurism Emphasizing gender and cultural differences Jacobs shows how the creative uses of netporn images and services are important ways of exploring or redefining the network body and indispensable ingredients of a maturing network society

Porn.com Feona Attwood, 2010 Pornography has always been central to debates about sex and emerging new media technologies Today debate is increasingly focused on online pornographies This collection examines pornography s significance as a focus of definition debate and myth its development as a mainstream entertainment industry and the emergence of the new economy of Porn 2 0 and of new types of porn labor and professionalism It looks at porn style behind the scenes of straight hardcore in gay lesbian and queer pornographies in shock sites and in amateur erotica and investigates the rise of the online porn fan community the sex blogger the erotic rate me site and the visual cultures of swingers Treating these developments as part of a broader set of economic and cultural transformations this book argues that new porn practices reveal much about contemporary and competing views of sex and the self the real and the body culture and commerce

The Color of Kink Ariane Cruz, 2016-10-04 Winner of the MLA s 2016 Alan Bray Prize for Best Book in GLBTQ Studies How BDSM can be used as a metaphor for black female sexuality The Color of Kink explores black women s representations and performances within American pornography and BDSM bondage and discipline domination and submission and sadism and masochism from the 1930s to the present revealing the ways in which they illustrate a complex and contradictory negotiation of pain pleasure and power for black women Based on personal interviews conducted with pornography performers producers and professional dominatrices visual and textual analysis and extensive archival research Ariane Cruz reveals BDSM and pornography as critical sites from which to rethink the formative links between Black female sexuality and violence She explores how violence becomes not just a vehicle of pleasure but also a mode of accessing and contesting power Drawing on feminist and queer theory critical race theory and media studies Cruz argues that BDSM is a productive space from which to consider the complexity and diverseness of black women s sexual practice and the mutability of black female sexuality Illuminating the cross pollination of black sexuality and BDSM The Color of Kink makes a unique contribution to the growing scholarship on racialized sexuality

Roach, 2025-04-25 A New York Times Bestseller Rich in dexterous innuendo laugh out loud humor and illuminating fact It s compulsively readable Los Angeles Times Book Review In Bonk the best selling author of Stiff turns her outrageous curiosity and insight on the most alluring scientific subject of all sex Can a person think herself to orgasm Why doesn t Viagra help women or for that matter pandas Can a dead man get an erection Is vaginal orgasm a myth Mary Roach shows us how and why sexual arousal and orgasm two of the most complex delightful and amazing scientific phenomena on earth can be so hard to achieve and what science is doing to make the bedroom a more satisfying place *Responsibility and Resistance*

Tobias Eberwein, Matthias Karmasin, Friedrich Krotz, Matthias Rath, 2019-08-05 The volume deals with the normative challenges and the ethical questions imposed by and through the developments and changes in everyday life culture and society in the context of media change It is thus concerned with the questions of whether and how the central concept of enlightened ethics must evolve under these premises or in other words what form do ethics take in mediatized societies In order to address this question and to stimulate and initiate a debate the authors focus on two concepts responsibility and resistance Their contributions try to shed light not only on the empirical shreds of evidence of change in mediatized societies but also on the normative challenges and ethical possibilities of these developments *Do Androids Sleep with Electric Sheep?*

Johannes Grenzfurthner, 2009 As the official artists collective representing Vienna at the S o Paulo Art Biennial in 2002 the monochrom group Johannes Grenzfurthner G nther Friesinger and Daniel Fabry invented an artist called Georg Paul Thomann and carried off the exhibition as a very elaborate prank The trio aided by philosopher Thomas Ballhausen brings that same sense of the cutting edge and the carnivalesque to this collection exploring erotica science fiction and technology A bracing mix of literary forms the book shows why the fantasy genre is especially suited to the investigation of the transgressive realms of sexuality and pornography Here questions of science research and technologization are examined along with the complex surrounding urbanism artificiality and control or the loss of control Provocative and penetrating *Do Androids Sleep with Electric Sheep* reveals a wealth of depictions of the future and shows the many ways in which they also address the present *Speculative Everything*

Anthony Dunne, Fiona Raby, 2013-12-06 How to use design as a tool to create not only things but ideas to speculate about possible futures Today designers often focus on making technology easy to use sexy and consumable In *Speculative Everything* Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas For them design is a means of speculating about how things could be to imagine possible futures This is not the usual sort of predicting or forecasting spotting trends and extrapolating these kinds of predictions have been proven wrong again and again Instead Dunne and Raby pose what if questions that are intended to open debate and discussion about the kind of future people want and do not want *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas ideals and approaches Dunne and Raby cite examples from their own design and teaching and from other projects from fine art design architecture cinema and photography They also draw on

futurology political theory the philosophy of technology and literary fiction They show us for example ideas for a solar kitchen restaurant a flypaper robotic clock a menstruation machine a cloud seeding truck a phantom limb sensation recorder and devices for food foraging that use the tools of synthetic biology Dunne and Raby contend that if we speculate more about everything reality will become more malleable The ideas freed by speculative design increase the odds of achieving desirable futures

Sex, machines and navels Fred Botting, 2024-07-30 Available again in paperback this study offers a rigorous critical re reading of fictions of humanity history technology and postmodern culture Taking psychoanalysis into cyberspace the book develops an innovative theoretical perspective on the relationship between bodies and machines to offer a focused re examination of notions of desire metaphor sexed identity and difference and the process of technological transformation The book unravels one figure in a detailed lucid and extensive revision of Lacanian psychoanalysis in association with postmodern theory feminism and deconstruction Problematising the easy conjunction of human bodies and inhuman technology the navel opens into networks of desire history culture and machines Linked to the unconscious to jokes and dreams navels appear on the bodies of replicants and in the technological matrix a strange excess in a future imagined in terms of corporeal meat or posthuman machine Exploring the significance of this omphalic excess the book closely examines postmodern and cyberpunk texts by Thomas Pynchon Graham Swift Julian Barnes William Gibson Rudy Rucker alongside detailed readings of contemporary cultural critics and theorists *The Oxford Handbook of Virtuality* Mark

Grimshaw, 2014-02 The book is a compendium of thinking on virtuality and its relationship to reality from the perspective of a variety of philosophical and applied fields of study Topics covered include presence immersion emotion ethics utopias and dystopias image sound literature AI law economics medical and military applications religion and sex *Contraception*

Donna J. Drucker, 2020-02-04 The development manufacturing and use of contraceptive methods from the late nineteenth century to the present viewed from the perspective of reproductive justice The beginning of the modern contraceptive era began in 1882 when Dr Aletta Jacobs opened the first birth control clinic in Amsterdam The founding of this facility and the clinical provision of contraception that it enabled marked the moment when physicians started to take the prevention of pregnancy seriously as a medical concern In this volume in the MIT Press Essential Knowledge series Donna Drucker traces the history of modern contraception outlining the development manufacturing and use of contraceptive methods from the opening of Dr Jacobs s clinic to the present Drucker approaches the subject from the perspective of reproductive justice the right to have a child the right not to have a child and the right to parent children safely and healthily Drucker describes contraceptive methods available before the pill including the diaphragm dispensed at the Jacobs clinic and condom spermicidal jellies and periodic abstinences She looks at the development and dissemination of the pill and its chemical descendants describes technological developments in such non hormonal contraceptives as the cervical cap and timing methods including the rhythm method favored by the Roman Catholic church and explains the concept of reproductive justice

Finally Drucker considers the future of contraception the adaptations of existing methods new forms of distribution and ongoing efforts needed to support contraceptive access worldwide
