Bauer, 2009-06-01 American women novelists of the late nineteenth and early twentieth centuries registered a call for a new sexual freedom Dale Bauer contends By creating a lexicon of sex expression many authors explored sexuality as part of a discourse about women's needs rather than confining it to the realm of sentiments where it had been relegated if broached at all by earlier writers This new rhetoric of sexuality enabled critical conversations about who had sex when in life they had it and how it signified Whether liberating or repressive sexuality became a potential force for female agency in these women's novels Bauer explains insofar as these novelists seized the power of rhetoric to establish their intellectual authority Thus Bauer argues they helped transform the traditional ideal of sexual purity into a new goal of sexual pleasure defining in their fiction what intimacy between equals might become Analyzing the work of canonical as well as popular writers including Edith Wharton Anzia Yezierska Julia Peterkin and Fannie Hurst among others Bauer demonstrates that the new sexualization

Get Rich Collection Napoleon Hill,Wallace D. Wattles,2012-01-17 Three of the most important self help tomes on getting rich and prosperity now available in one place and at one low price These three books are considered by many experts to be

the most important manuals on how to get rich and prosper Written at the turn of the century these books contain timeless wisdom that applies to yesterday today and the days to come Why wait Start living more prosperously today Think and Grow Rich by Napoleon Hill This book has been called the Granddaddy of All Motivational Literature It was the first book to boldly ask What makes a winner The man who asked and listened for the answer Napoleon Hill is now counted in the top ranks of the world s winners himself The most famous of all teachers of success spent a fortune and the better part of a lifetime of effort to produce the Law of Success philosophy that forms the basis of his books and that is so powerfully summarized in this one In the original Think and Grow Rich published in 1937 Hill draws on stories of Andrew Carnegie Thomas Edison Henry Ford and other millionaires of his generation to illustrate his principles In the updated version Arthur R Pell Ph D a nationally known author lecturer and consultant in human resources management and an expert in applying Hill s thought deftly interweaves anecdotes of how contemporary millionaires and billionaires such as Bill Gates Mary Kay Ash Dave Thomas and Sir John Templeton achieved their wealth Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers The Science of Getting Rich by Wallace D Wattles As featured in the bestselling book The Secret here is the landmark guide to wealth creation republished with the classic essay How to Get What You Want Wallace D Wattles spent a lifetime considering the laws of success as he found them in the work of the world s great philosophers He then turned his life effort into this simple slender book a volume that he vowed could replace libraries of philosophy spirituality and self help for the purpose of attaining one definite goal a life of prosperity Wattles describes a definite science of wealth attraction built on the foundation of one commanding idea There is a thinking stuff from which all things are made A thought in this substance produces the thing that is imaged by the thought In his seventeen short straight to the point chapters Wattles shows how to use this idea how to overcome barriers to its application and how work with very direct methods that awaken it in your life He further explains how creation and not competition is the hidden key to wealth attraction and how your power to get rich uplifts everyone around you The Science of Getting Rich concludes with Wattle s rare essay How to Get What You Want a brilliant refresher of his laws of wealth creation The Master Key System by Charles F Haanel Businessman Charles F Haanel made a meticulous study of the Law of Attraction in The Master Key System a step by step guide to activating the principle of mental power and a core inspiration behind The Secret

Instantaneous Personal Magnetism Edmund Shaftesbury, 1926 **Physics and Engineering Applications of**

Magnetism Yoshikazu Ishikawa, Noboru Miura, 2012-12-06 This book was originally published in Japanese in honour of Professor S Chikazumi on the occasion of his retirement from the University of Tokyo in March 1982 Physicists who had been supervised by him or had closely collaborated with him wrote articles on recent developments in magnetism and its engineering applications In the preface of his excellent textbook Physics of Magnetism Wiley 1964 Professor Chikazumi says that recent research in magnetism deals with fundamental physical problems and at the same time with more secondary

magnetic phenomena as well as with engineering applications of magnetic materials to electromagnetic machines permanent magnets and electronic computers and that the purpose of his textbook is to give a general view of these magnetic phenomena focusing its main interest at the center of such a broad field Always keeping such a viewpoint in mind Professor Chikazumi has contributed a great deal to both fundamental physics and applications of magnetism This is described in Chap 1 of this book Many books have been published on both the physics and applications of magnetism However no single book has a viewpoint covering both of them The recent development of high technology needs such a broad viewpoint for scientists and engineers since it is a product of both fundamental science and technology Research in magnetism is based on the response which materials show to the application of magnetic fields

Sexual Trauma: A Challenge Not Insanity K. Elan Jung, 2010-11-04

Possessed Victorians Sarah A.

Willburn, 2017-05-15 In her absorbing study of nineteenth century mystical writings Sarah Willburn formulates a new conception of individualism that offers a fresh look at Victorian subjectivity Drawing upon extensive archival work in the British Library Willburn analyzes s ance accounts novels about mediumship and metaphysical treatises to make important connections between contemporary writings on mysticism and fictional works Willburn presents the theories of compelling characters such as Newton Crosland and Lois Waisbrooker and provides exciting new readings of well known texts by Charlotte Bront Eliot Martineau and Corelli An understanding of the Victorian fascination with mysticism Willburn argues leads to a better appreciation of cultural constructions of the citizen in England and of the public sphere She introduces two key concepts against the backdrop of popular mysticism possessed individualism a model for Victorian individualism based on spiritual possession and extra spheres which complicate the traditional binary opposition of public and private Together these formulations urge us to rethink our views of Victorian political economy and gender as they pertain to mystical and religious practices
