Sex Respect The Option Of True Sexual Freedom A Public Health Manual For Teachers:

Sex Respect Coleen Kelly Mast,1990-11 **Sex Respect** Coleen Kelly Mast,Respect, Incorporated,2001-12 **Sex Ed for Caring Schools** Sharon Lamb,2015-04-25 While arguments for and against teaching abstinence the use of contraceptives and sexual identity are becoming more and more polarized most people agree that students must learn to navigate an increasingly sexual world Sex Ed for Caring Schools presents a curriculum that goes beyond the typical health education most students receive today As part of a critical pedagogy movement that connects education to social justice enterprises this book and the corresponding online curriculum encourage students to talk write and think about the moral and relational issues underlying sex in society today Addressing the real concerns of todays teens this book includes lessons on pornography prostitution media objectification religion and stereotypes The Fight for Sex Ed Margaret Grace Myers,2025-08-12 The first comprehensive trade history of sex ed in American schools and an impassioned call to reform sex ed into a powerful tool for reproductive justice and social equality The U S has some of the highest rates of STIs and teen pregnancies in the industrialized world A comprehensive sex education curriculum which teaches facts on contraception prophylactics consent and STIs has been available since the 90s Yet the majority of states require that sex education stress abstinence and 22 states do not require sex ed in public schools at all In The Fight for Sex Ed writer advocate and historian Margaret Myers shows us how we got here While the earliest calls for sex ed came from a coalition of religious leaders and doctors at the turn of the century who sought to control the prevalence of STIs the advent of antibiotics and modern condoms meant that abstinence was no longer good public health policy The religious right however continued to frame it as such using its impressive machinery to replace scientific facts with conservative Christian values Because sex ed is not mandated at the federal level these battles have played out locally throughout the decades through rigged school boards administrative oustings court cases unjust firings scare tactics and threats Myers also shows how the religious right has worked to narrow the discourse around sex ed often dictating the terms of debate almost entirely What we teach young people has serious ramifications for reproductive justice LGBTQ rights gender equality and public health Sex education lies at the intersection of these hugely important cultural forces yet it has been largely invisible This book illuminates its potential and its power

Sex Education Randy Engel,1993-09 Proves why classroom sex education is always wrong and always harmful that it destroys modesty awakens the passions promotes sexual activity and fosters acceptance of sexual sins Shows where it comes from who promotes it that it is all pervasive Gives the Church s position that sex education is the right and duty of parents only which may be delegated to others but never usurped A must for parents teachers and priests The Adolescent Family Life Demonstration Projects ,1990 Teaching Sex Jeffrey P. Moran,2002-10-15 Sex education since its advent at the dawn of the twentieth century has provoked the hopes and fears of generations of parents educators politicians and reformers On its success or failure seems to hinge the moral fate of the nation and its future citizens But whether we argue over condom

distribution to teenagers or the use of an anti abortion curriculum in high schools we rarely question the basic premise that adolescents need to be educated about sex How did we come to expect the public schools to manage our children s sexuality More important what is it about the adolescent that arouses so much anxiety among adults Teaching Sex travels back over the past century to trace the emergence of the sexual adolescent and the evolution of the schools efforts to teach sex to this captive pupil Jeffrey Moran takes us on a fascinating ride through America s sexual mores from a time when young men were warned about the crippling effects of masturbation to the belief that schools could and should train adolescents in proper courtship and parenting techniques to the reemergence of sexual abstention brought by the AIDS crisis We see how the political and moral anxieties of each era found their way into sex education curricula reflecting the priorities of the elders more than the concerns of the young Moran illuminates the aspirations and limits of sex education and the ability of public authority to shape private behavior More than a critique of public health policy Teaching Sex is a broad cultural inquiry into America s understanding of adolescence sexual morality and social reform

When Sex Goes to School Kristin Luker, 2012-02-20 It is difficult to imagine a juicier subject or a more thoughtful fluent trustworthy guide for its exploration San Francisco Chronicle A chronicle of the two decades that noted sociologist Kristin Luker spent following parents in four America communities engaged in a passionate war of ideas and values When Sex Goes to School explores a conflict with stakes that are deceptively simple and painfully personal For these parents the question of how their children should be taught about sex cuts far deeper than politics religion or even friendship The drama of this book comes from watching the exceptionally thoughtful Luker try to figure sex education out Judith Shulevitz New York Times Book Review In doing so Luker also traces the origins of sex education from the turn of the century hygienist movement to the marriage obsessed 1950s and the sexual and gender upheavals of the 1960s Her unexpected conclusions make it impossible to look at the intersections of the private and the political in the same way

The Catholic Lawyer ,1987 **Children's Books In Print 1998** Bowker Editorial Staff,R R Bowker Publishing,Bowker,1998 *Social Issues in America* James Ciment,2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia
