Textual Promiscuities Antoinette Marie Sol, 2002 Drawing on correspondence novels literary criticism and other documents by Riccoboni Laclos and Burney Antoinette Sol demonstrates how these novelists traditionally separated by nationality gender and genre are in fact concerned with similar issues of individual authority and social criticism She shows how arbitrary literary categorization of these writers as sentimental or libertine has kept their work from a reading which reveals their commonalities **BOOK JACKET**     **The Iron Pen** Julia Epstein, 1989 Best known as a novelist and social satirist whose work anticipated Jane Austen's Frances Burney 1752-1840 has also been recognized as an important writer in the history of feminist literature Julia Epstein now offers a new interpretation of Burney and her work that Burney's anger at the economic and social conditions of women emerges in her writing in moments of barely contained violence and that her representations of violence and hostility provide a key to Burney's literary power The Iron Pen situates Burney's writings within the sociopolitical context of the late eighteenth century and proposes a new approach to the development of the novel of manners In addition Epstein presents a comprehensive study of the reception of Burney's work from its original publication to the present This study illuminates the history of popular book reviewing and of academic literary scholarship as political enterprises Beginning with an examination of Burney's journals and letters including an account of the mastectomy she underwent without anesthesia while in exile in Paris in 1811 Epstein then offers readings of Burney's four novels paying close attention to the depiction of repressed anger and violence that characterizes all her work The final section traces critics' responses to Burney's published writings from 1778 when her first novel Evelina appeared anonymously

to the present in readings informed by psychoanalysis post structuralism and feminist literary theory Drawing upon the work of critics of eighteenth century culture such as Mary Poovey Ellen Pollak Ruth Perry and Margaret Doody Epstein is successful in two ways in combining an analysis of a set of texts with an analysis of a particular set of cultural assumptions and in her intentional underscoring of the complex nature of critical practice Alas, for the Pelicans Anne Chittleborough,2002 In 1802 a Frenchman and an Englishman famously encountered each other off the shores of South Australia The voyages of discovery of Nicolas Baudin and Matthew Flinders opened the way for the increasingly rapid colonisation of Terra Australis Gothic Fiction: The Beginnings , **Conversion and Reform in the British Novel in the 1790s** A. Domestic service brought together women from different classes races and ethnicities and with it a degree of social anxiety as upwardly mobile young women struggled to construct their identities in a changing world The book focuses on the works of Charlotte Perkins Gilman Edith Wharton Gertrude Stein Nella Larsen Jessie Fauset Anzia Yezierska and Fannie Hurst and their various depictions of the maid mistress relationship revealing a feminized and racialized brand of class hegemony Modern servants became configured as racial hygienic and social threats to the emergent ideal of the nuclear family and played critical rhetorical roles in first wave feminism and the New Negro movements Ann Mattis reveals how U S domestic service was the political unconscious of cultural narratives that attempted to define modern domesticity and progressive femininity in monolithic terms

*Madame de Staël* Angelica Goodden,2008-03-06 How does exile beget writing and writing exile What kind of writing can both be fuelled by absence and prolong it Exile which was meant to imprison her paradoxically gave Madame de Staël a freedom that enabled her to be as active a dissident as any woman in the late eighteenth and early nineteenth centuries was capable of being Repeatedly banished for her nonconformism she felt she had been made to suffer twice over first for political daring and then for daring as a woman to be political a particularly grave offence in the eyes of the misogynist Napoleon Yet her outspokenness in novels comparative literary studies and works of political and social theory made her seem as much a threat outside her beloved France as within it while her friendship with statesmen soldiers and literary figures such as Byron Fanny Burney Goethe and Schiller simply added to her dangerous celebrity She preached the virtues of liberalism and freedom wherever she went turning the experiences of her enforced absence into an arsenal to use against all who tried to suppress her Even Napoleon perhaps her greatest foe conceded from his own exile on St Helena that she would last Her unremitting activity as a speaker and writer made her into precisely the sort of activist no woman at that time was permitted to be yet she paradoxically remained a reluctant feminist seeming even to connive at the inferior status society granted her sex at the same time as vociferously challenging it and remaining torn by the conflicting demands of public and private life

Wuthering Heights - Ed. Heywood Emily Brontë,2001-12-14 Critics often comment on the importance of landscape in *Wuthering Heights* and in this edition Christopher Heywood locates the text more precisely than previous editions amid Yorkshire's limestone north and moorland south drawing out the importance of the region's slaveholding society Heywood also makes an important contribution to scholarship arguing persuasively for a restructuring of the chapter and section breaks Finally this edition includes a variety of appendices that help to illuminate the novel's historical background
