Sex In Development Science Sexuality And Morality In Global Perspective:

Sex in Development Stacy Leigh Pigg, Vincanne Adams, 2005-05-03 Ethnographic studies of the role of sexuality and gender in development discourse and policy *Development, Sexual Rights and Global Governance* Amy Lind, 2010-01-04 This book addresses how sexual practices and identities are imagined and regulated through development discourses and within institutions of global governance The underlying premise of this volume is that the global development industry plays a central role in constructing people's sexual lives access to citizenship and struggles for livelihood Despite the industry's persistent insistence on viewing sexuality as basically outside the realm of economic modernization and anti poverty programs this volume brings to the fore heterosexual bias within macroeconomic and human rights development frameworks The work fills an important gap in understanding how people's intimate lives are governed through heteronormative policies which typically assume that the family is based on blood or property ties rather than on alternative forms of kinship By placing heteronormativity at the center of analysis this anthology thus provides a much needed discussion about the development industry's role in pathologizing sexual deviance yet also more recently in helping make visible a sexual rights agenda Providing insights valuable to a range of disciplines this book will be of particular interest to students and scholars of Development Studies Gender Studies and International Relations It will also be highly relevant to development practitioners and international human rights advocates The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9780203868348> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Understanding Global Sexualities Peter Aggleton, Paul Boyce, Henrietta L Moore, Richard Parker, 2012-07-26 Over the course of the past thirty years there has been an explosion of work on sexuality both conceptually and methodologically From a relatively limited specialist field the study of sexuality has expanded across a wide range of social sciences Yet as the field has grown it has become apparent that a number of leading edge critical issues remain This theory building book explores some of the areas in which there is major and continuing debate for example about the relationship between sexuality and gender about the nature and status of heterosexuality about hetero and homo normativity about the influence and intersection of class race age and other factors in sexual trajectories identities and lifestyles and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts With contributions from leading and new scholars and activists from across the globe this book highlights tensions or flash points in contemporary debate and offers some innovative ways forward in terms of thinking about sexuality both theoretically and with respect to policy and programme development An extended essay by Henrietta Moore introduces the volume and an afterword by Jeffrey Weeks offers pointers for the future The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations sexualities in practice and advancing new thinking on sexuality in policy and programmatic contexts It is of interest to students

researchers and activists in sexuality sexual health and gender studies especially those working from public health sociological and anthropological perspectives

Sexuality Reimagined Shailja Tandon, 2023-05-08 The book examines how medical knowledge is produced around bodies that do not fit in the heteronormative framework of the state's rationale and processes The marginal bodies studied in this research are termed MSM men who have sex with men categorized as a high risk group in the backdrop of HIV AIDS These Queer bodies entered the registers of epidemiology and governmentality This classification is the point of departure for the book The book interrogates and asks how does a sexual subject become a political question To answer this political trajectory the book analyses the category of risk in biomedicine It investigates how the category of risk becomes critical to the Indian state's rationale and policies wherein through the ambit of health and population sexuality is managed Unearthing the sexual politics in South Asia the book based on rich empirical evidence derived from the lived experiences of MSM narrates the construction of sexual subjectivity and masculinity The process of construction occurs in negotiation with the Indian state bringing forth the dimension of the Indian state as a medico legal governmentality regime and how MSM takes on the identity of a medicalized subject

Modernizing Sexuality Anne Esacove, 2016-06-28 Moving beyond the boundaries of HIV scholarship Modernizing Sexuality shows how Western idealizations of normative sexuality and the power of modernity intersect in U S HIV prevention policy In this book Anne Esacove gathers interview archival and ethnographic data from the United States and Malawi to reveal failing U S prevention efforts As seen in the promotion of love matches and women's right to say no to sex modernization embedded within U S policy actually limits action against this widespread epidemic and even exacerbates HIV risk among women Instead by illuminating the collective solutions and multiple paths of prevention used by Malawians Esacove's analysis expertly exposes these fundamental flaws and provides direction for potentially more effective strategies Through this analysis Modernizing Sexuality not only reveals major U S health policy flaws but asks important questions about prevention narratives medicalizing social justice advocacy and feminist and sexuality theories as a guide for HIV prevention policy Closing with an alternative narrative Esacove reimagines risk and offers readers innovative prevention strategies to guide future policy endeavors

South Asia in the World: An Introduction Susan S Wadley, 2014-12-18 This first book in the new Foundations in Global Studies series offers a fresh comprehensive multidisciplinary introduction to South Asia The variations in social cultural economic and political life in this diverse and complex region are explored within the context of the globalising forces affecting all regions of the world In a simple strategy that all books in the series employ the volume begins with foundational material including chapters on history language and in the case of South Asia religion moves to a discussion of globalisation and then focuses the investigation more specifically through the use of case studies The cases expose the student to various disciplinary lenses that are important in understanding the region and are meant to bring the region to life through subjects of high interest and significance to today's readers Resource boxes an important feature of the book are

included to maintain currency and add utility They offer links that point readers to a rich archive of additional material connections to timely data reports on recent events official sites local and country based media visual material and so forth A website developed by Syracuse University s South Asia Center will feature additional graphic narrative and case study material to complement the book

Cosmopolitan Sexuality Ahonaa Roy,2023-02-16 Cosmopolitan Sexuality articulates the ethnographic and anthropological studies of varied embodied projects in Indian metropolises With particular reference to the city of Bombay it draws evidences of gendered representations their desires appeal and aspirations to be and to express their sense of self It attempts to establish arguments to a deconstructive notion of any fixation of identity categories and build a robust and complex understanding of sexual experiences love emotions and interpersonal relationships an unusual way of local as well as global patterns that are culturally scathed in the contemporary new India The book is relevant to contemporary embodiment studies the invasive means of desiring corporeal reconstruction on one hand and dress ornamentation and makeup on the other Transgressive politics are discursively and materially constructed to their everydayness and their unique ways of re representation Health is viewed in new dynamics of shared knowledges and communicative practices that has enabled building fresh arguments around community and public health with new visions of the anthropologies of empowerment

Equality in Asia-Pacific Phil C. W. Chan,2014-02-04 In 1948 the United Nations General Assembly proclaimed the Universal Declaration of Human Rights stating every human being s right of equality in dignity and right However notwithstanding recognition by the international community of its importance and codification in numerous national and sub national constitutions and legislation reinforced by various multilateral and regional human rights treaties the right

of equality continues to be unable to take complete firm hold in all regions and countries Evidence as presented by the insightful papers in this collection published initially as a Special Double Issue of The International Journal of Human Rights dedicated to exploring the place of equality in Asia Pacific societies suggests that although progress is being made the right of equality has not yet fully materialized both in law and in reality in the world's most populous region Many factors particularly entrenched cultural heritage and practices the lingering effects of colonialism and newly found independence and above all pervasive ignorance and prejudices continue to impede the recognition development and protection of equality in this region Of course equality a normative right and entitlement by virtue of our humanity has neither been fully achieved in societies outside the region Such neo colonial thinking in fact perpetuates and assists in the subjugation of the right of equality in the Asia Pacific Region as a matter of relevance and concern only to Western countries Accordingly we hope that our discussions will also be able to shed light and generate reflections on realities outside the region as interlinked with our aim The Editor's book fee has been donated to the UNICEF Tsunami Fund This book was previously published as a special issue of The International Journal of Human Rights

[Between HIV Prevention and LGBTI Rights](#) Ellie Gore, 2024-10-10 [Between HIV Prevention and LGBTI Rights](#) investigates the transformative impacts of global

development's sexual rights agenda on queer politics and activism in Ghana. With queer men bearing a disproportionate burden of HIV in Africa, rights-based health interventions have sought to tackle the epidemic by bringing together educating and empowering queer African communities. Gore argues that queer Ghanaian men are not benefiting from development's turn to sexual health and sexual rights. Instead, HIV and other sexual rights-based initiatives operate through neoliberal paradigms that reinforce class divides and depoliticize queer struggle. These dynamics are further shaped and shaped by the politicization of homophobia within the contemporary Ghanaian state. Gore combines original ethnography, documentary analysis, and the examination of development and global health data to connect the struggle for queer liberation in Ghana to broader trajectories of capitalist transformation and crisis and the afterlives of colonialism. In doing so, *Between HIV Prevention and LGBTI Rights* offers fascinating insights into the political economy of sexuality and global development for scholars, activists, and policymakers seeking to understand and address sexual injustice and oppression both in Africa and beyond. The open access edition of this book was made possible through the support of the Economic and Social Research Council UK.

Global HIV/AIDS Politics, Policy, and Activism Raymond A. Smith, 2013-10-28. An international team of specialists in politics, policy, and activism provide an indispensable guide to the persistent challenges and emerging issues posed by the global HIV/AIDS epidemic now in its fourth decade. The HIV/AIDS epidemic is at a critical turning point. Compelling new findings herald the potential to eventually grind the epidemic to a halt through a combination of expanded treatment coverage and new biomedical approaches to prevention. At the same time, the severe global economic downturns have negatively affected wealthy donor nations that have provided the funds and technical support for programs in the developing world. It is against this backdrop that this landmark three-volume set was developed. It provides a broad overview of the critical political issues surrounding HIV/AIDS, inspects key areas of policy and policymaking, and spotlights the most important forms of activism and community mobilization. The volumes reflect an eclectic and wide-ranging set of issues written by an international team comprising dozens of authors from nations including the United States, the United Kingdom, Ghana, South Africa, Brazil, Cambodia, Norway, and Qatar. The international contributors represent a variety of disciplines and bring with them a range of styles and methodological approaches appropriate to their specific topics and disciplines. An important addition to academic and public libraries, this expansive work will benefit students and other readers interested in politics, policymaking, public health, activism, and community mobilization both in the United States and globally.

Transforming Bodies and Religions Mariecke van den Berg, Lieke Schrijvers, Jelle Wiering, Anne-Marie Korte, 2020-10-01. This book sheds an interdisciplinary light on transforming bodies, bodies that have been subjected to, contributed to, or have resisted social transformations within religious or secular contexts in contemporary Europe. It explores the intersections of race, ethnicity, gender, sexuality, and religion that underpin embodied transformations. Using post-secularist, postcolonial, and gender/queer perspectives, it aims to gain a better understanding of the orchestrations and effects

of larger social transitions related to religion This volume is the outcome of the intensive collaboration of the authors who for years have been meeting regularly in Utrecht the Netherlands to discuss themes related to religion and the challenge of difference with an added afterword by Prof Pamela Klassen from the University of Toronto The book is divided in three subsections that focus on particular types of embodiment body politics in governmental and NGO organisations the role of the body in literary and or autobiographical narratives and ethnographic case studies of bodies in daily life Doing so it provides an innovative exploration of contemporary religion and the body It will therefore be of great interest to scholars of Religious Studies Gender and Sexuality Studies Post Colonial Studies Anthropology Sociology Theology and Philosophy

Intimate Interventions in Global Health Rachel Sullivan Robinson, 2017-05-11 This book considers the response to the HIV epidemic in sub Saharan Africa by examining family planning programs and HIV prevention efforts *Unruly Figures* Navaneetha Mokkil, 2019-05-02 The vibrant media landscape in the southern Indian state of Kerala where kiosks overflow with magazines and colorful film posters line roadside walls creates a sexually charged public sphere that has a long history of political protests The 2014 Kiss of Love campaign garnered national attention sparking controversy as images of activists kissing in public and dragged into police vans flooded the media In *Unruly Figures* Navaneetha Mokkil tracks the cultural practices through which sexual figures particularly the sex worker and the lesbian are produced in the public imagination Her analysis includes representations of the prostitute figure in popular media trajectories of queerness in Malayalam films public discourse on lesbian sexuality the autobiographical project of sex worker and activist Nalini Jameela and the memorialization of murdered transgender activist Sweet Maria showing how various marginalized figures stage their own fractured journeys of resistance in the post 1990s context of globalization By bringing a substantial body of Malayalam language literature and media texts on gender sexuality and social justice into conversation with current debates around sexuality studies and transnational feminism in Asian and Anglo American academia Mokkil reorients the debates on sexuality in India by considering the fraught trajectories of identity and rights *Brutal Beauty* Jisha Menon, 2021-10-15 *Brutal Beauty* Aesthetics and Aspiration in Urban India follows a postcolonial city as it transforms into a bustling global metropolis after the liberalization of the Indian economy Taking the once idyllic garden city of Bangalore in southern India as its point of departure the book explores how artists across India and beyond foreground neoliberalism as a structure of feeling permeating aesthetics selfhood and everyday life Jisha Menon conveys the affective life of the city through multiple aesthetic projects that express a range of urban feelings including aspiration panic and obsolescence As developers and policymakers remodel the city through tumultuous construction projects urban beautification privatization and other templated features of world class cities urban citizens are also changing transformed by nostalgia narcissism shame and the spaces where they dwell and work Sketching out scenes of urban aspiration and its dark underbelly Menon delineates the creative and destructive potential of India's lurch into contemporary capitalism uncovering the interconnectedness of local

and global power structures as well as art's capacity to absorb and critique liberalization's discontents. She argues that neoliberalism isn't just an economic, social, and political phenomenon; neoliberalism is also a profoundly aesthetic project.
