Luigi Balugani's Drawings Of African Plants:

Luigi Balugani's Drawings of African Plants Paul Hulton, F. Nigel Hepper, Ib Friis, 2020-07-24 This work outlines the life of James Bruce of Kinnaird and Luigi Balugani and his relationship with James Bruce **Plotting to Stop the British Slave Trade** Jane Aptekar Reeve, 2019-12-09 This is an innovative biography about an adventurous game changing traveller in Africa during the West's Enlightenment period when the American and French Revolutions occurred James Bruce was not what he seemed to be I can now reveal that although he was notorious in his own day for a variety of interesting reasons including his alleged theft of his assistant's art work he was basically an espionage agent working with a clique of powerful mostly British persons whose secret agenda was to eradicate slaving Bruce undertook a subversive mission to investigate slave trafficking across the Mediterranean and Red Seas as well as the Atlantic in order to support his friends drive to destroy the principal source of their own country's wealth This was achieved in 1807 Like Bruce himself in my book I address neglected aspects of the ancient habit of slavery and the related abuse of particularly women Bruce's Travels 1790 is a delightful although massive read Therefore I sketch the geo historical and faith background to Bruce's work convey the feel of his book and add to the known facts of his life a great deal of newly discovered material This includes the international range of Bruce's friends and collaborators from Rome to Cairo to Bethlehem in the newly constituted U S A Change is agonisingly slow to take hold It was possibly because Bruce only wrote about Africa that he has been trivialised and his biography has never previously been fully responsibly researched *Rediscovering Enoch? The Antediluvian Past from the Fifteenth to Nineteenth Centuries*, 2023-02-13 The books of Enoch are famed for having been lost in the Middle Ages but rediscovered by modern scholars But was this really the case This volume is the first to explore the reception of Enochic texts and traditions between the fifteenth and nineteenth centuries Bringing specialists in antiquity into conversation with specialists in early modernity it reveals a much richer story with a more global scope Contributors show how Enoch and the era before the Flood were newly reimagined not just by scholars but also by European artists and adventurers Kabbalists Sufis Mormons and Ethiopian and Slavonic Christians Luigi Balugani's Drawings of African Plants Paul Hope Hulton, F.
