Luminous Ecstasies And Passions:

Luminous Ecstasies and Passions Richard Shiningthunder Francis, 2000-12-20 Luminous Ecstasies and Passions
Love Ministries, Inc., 2001-01-16 Richard Shining Thunder Francis was born March 1 1952 When he was four his family converted to the Jehovah s Witness cult and he now describes this as the most important and educational event in my life He says Being a Witness until I was in my early twenties taught me many crucial core lessons about religion and psychology It is helpful to observe people operating erroneously in order more directly to clarify by contrast a better way of life When he was about twenty Francis experienced a series of rapid dynamic radical shifts into an entirely new area of consciousness In this state he felt suffused by a Love so bottomless so tranquil so compassionate and so omnipresent that it changed his life forever After this illumination he came to reject the image of God as jealous violent psychotic or angry He turned away from the ancient vision of God as a tribal war god who belonged only to his chosen people Francis rejected the idea of Armageddon the belief that God very soon is going to massacre the entire human race except those who have joined the cult No more anti human doctrine can be imagined Jehovah will make Hitler s concentration camps look like Sunday picnics in the park notes Francis He came to believe by contrast that God was Love itself and that Love was God Out of love and compassion for others he wrote down his experiences and thoughts in a book Jehovah Lives in Brooklyn Jehovah s Witnesses as a Model of Fundamentalism His wish that his book can help others avoid the black hole of falling into a mind controlling minority religion where they will waste much time and energy and lose other valuable and precious components of their lives Joining such a group is dangerous to your mind says Francis In the longer term it can destroy your most prized friendships and tear apart even your family I ve seen it happen over and over again Francis does not hate Jehovah s Witnesses nor does he take a common route of trying to beat them to death with the Bible He is unconcerned with disproving their technical dogmas and proving alternatives Instead he takes an overall psychosocial view of the cult analyzing how behavioral and psychological changes transform one from a functional independent man or woman into a servant to an international publishing empire all in the name of God Jehovah s Witnesses distribute many books and magazines recycling their dogma and propaganda as part of their worship He reveals many secrets known only to members For example he notes that the Witnesses are so zealous in their sales work because they really believe that God will kill them and their families if they do not sell the books and magazines written and published by the JW Organization This is only one example of stunning revelations He also describes how Jehovah s Witness converts come to believe in a world similar to that of the Middle Ages where psychological and other problems are literally believed to be caused by evil spirits He discusses the place of such rabid superstitions among the Witnesses and details his own liberation from such radical misperceptions Unlike other authors Francis has no alternative religion to which he wishes desperately to convert his readers Francis himself belongs to no organized religion He says The alternative to the cult psychology of these groups is not found in the frying pan into the fire

strategy of joining another cult or restrictive religion The alternative that really works is freedom This is simple It is just learning to live a good life a life of compassion service friendship and good works It is the real and regular practice of Love that can liberate people It is spirituality Spirituality is what you do on the inside while religion is merely what you do on the outside Spirituality Francis believes is not just the memorization of texts Scriptures doctrines or dogmas Spirituality is Love in action Francis says Spirituality is service to the needy kindness extended to others It is also genuine friendship a rare and precious component of life This is not found among the Witnesses for they will recognize as friend only those who closely and meticulously conform to the rules of the Organization They have taken this idea so far that they now regard independent thinking as dangerous and possibly even sinful The Way of Love says Francis does not follow the ideas of legalism that if you only obey mechanical laws and embrace certain intellectual ideas you will somehow automatically find salvation Salvation is actually quite a bit simpler than all that The Way of Love states that the real value of any person's life is found in the quantity and quality of the Love which she has expressed The idea that you can create or earn Love contradicts that it is a free gift given willingly by a loving God We are saved not because of what we do or who we are but because God has chosen to save us to love us unconditionally So Love is also salvation Finding Love is finding grace a condition of stainless and pristine being By contrast Francis points out The Witnesses feel that they must wrest salvation from the hands of a miserly and unwilling god Their god tolerates people but does not actively love them He does not rejoice in their presence His royal dignity prohibits that That is one of the sad consequences of viewing your god as a literal king rather than choosing to embrace God as intimate friend Leaving a restrictive and controlling religion is never easy Francis now works as an exit counselor which means that it is one of his specialties to aid people to recover from the cult experience which always leaves deep but not necessarily harmful scars The healing begins by a shift in perspective he says Instead of seeing yourself as having lost friends and social stability try to see the larger and more realistic perspective You have actually rejoined the human race You have gained countless potential friends and no longer have to interrogate yourself or them to determine whether or not they are acceptable Instead for the first time you have a joyful opportunity to open wide your heart and arms and to embrace ordinary people yes including people even of other faiths To the average person this is quite ordinary But to the ex Jehovah's Witness making a friend from an ordinary neighbor is an astonishing mind rocking feat For JW internal society is meticulously structured to be totally isolated and insulated from all non JW contacts as it is taught that contact with ordinary people will contaminate corrupt or spoil the believer's purity Actually too much contact with normal people inevitably results in the Witness exit from the Organization as it results in a normalization process The leaders seem terrified of bad association which they define as anyone particularly any educated person who is outside the Organization They continuously bombard members with horror stories and veiled threats of Jehovah's vengeance against evil doers including any member who has the audacity to have non JW friends or associates They view the world as one views a population infected with plague as

Defiant Ecstasy Janelle Taylor,2011-10-24 An imprisoned Englishwoman awaits to be rescued by a sexy Sioux warrior in this romance novel by the New York Times bestselling author of Savage Ecstasy The longer Alisha Williams remained at Fort Pierre the more she hoped her lover would rescue her from the taunts and tirades of the white pioneers They would never let her forget she had been the mistress of the infamous fierce warrior Gray Eagle As if the auburn haired beauty could forget Each night Alisha sweetly remembered Gray Eagle s bold caresses burning kisses his blazing passion Each day she scanned the vast horizon in hopes her Oglala brave would recapture her Then one day Alisha saw hundreds of Indian warriors riding to the gates of Fort Pierre and at their head was the fierce Gray Eagle Though her most fervent prayers had been answered Alisha s heart skipped a beat Would Gray Eagle destroy her or make her destiny his own Praise for Defiant Ecstasy I thought Taylor s ability to keep the conflict action and mystery going into this second book was brilliant And very difficult to do An adventure you will not want to miss This is a compelling story I could not put down Regan Walker author of The Donet Trilogy

Radical Passion Andrew Harvey,2012-10-23 This culmination of award winning author Andrew Harvey s life s work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey s concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic s passion for God with the activist s passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books Radical Passion does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future

Existential-Phenomenological Perspectives in Psychology Ronald S. Valle,Steen

Halling,2013-03-08 When I began to study psychology a half century ago it was defined as the study of behavior and experience By the time I completed my doctorate shortly after the end of World War II the last two words were fading rapidly In one of my first graduate classes a course in statistics the professor announced on the first day Whatever exists exists in some number We dutifully wrote that into our notes and did not pause to recognize that thereby all that makes life meaningful was being consigned to oblivion This bland restructuring perhaps more accurately destruction of the world was typical of its time 1940 The influence of a narrow scientific attitude was already spreading throughout the learned disciplines In the next two decades it would invade and tyrannize the social sciences education and even philosophy To be sure quantification is a powerful tool selectively employed but too often it has been made into an executioner s axe to deny actuality to all that does not yield to its procrustean demands

Sensible Ecstasy Amy Hollywood,2010-01-15 Sensible Ecstasy investigates the attraction to excessive forms of mysticism among twentieth century French intellectuals and demonstrates the work that the figure of the mystic does for these thinkers With special attention to Georges Bataille Simone de Beauvoir Jacques Lacan and Luce Irigaray Amy Hollywood asks why resolutely secular even anti Christian intellectuals are drawn to affective bodily and widely denigrated forms of mysticism What is particular to these thinkers Hollywood reveals is their attention to forms of mysticism associated with women They regard mystics such as Angela of Foligno Hadewijch and Teresa of Avila not as emotionally excessive or escapist but as unique in their ability to think outside of the restrictive oppositions that continue to afflict our understanding of subjectivity the body and sexual difference Mystics such as these like their twentieth century descendants bridge the gaps between action and contemplation emotion and reason and body and soul offering new ways of thinking about language and the limits of representation
