Pringle,1898 Selected Poems John Dryden,2013-03-05 Essential works of the renowned 17th century poet include Annus Mirabilis Absalom and Achitophel Mac Flecknoe Songs from Marriage la Mode To the Memory of Mr Oldham A Song for St Cecilia s Day more **Restoration and Eighteenth-Century Poetry 1660-1780 (Routledge Revivals)** Eric Rothstein,2014-10-10 Restoration and Eighteenth Century Poetry 1660 1780 originally published in 1981 considers poetry written between 1660 and 1780 a period which although largely recovered from its nineteenth century reputation still attracts widely varying critical responses Abandoning the old labels such as neoclassicism romanticism and sensibility the author focuses on descriptions of genres and their formal elements and traces the broader patterns of literary and historical change running through the period Eric Rothstein describes different poetic modes panegyric satire pastoral and topographical poetry the epistle and the ode to suggest their aesthetical possibilities as well as their process of change He also considers style and the uses of the past topics which have often caused particular problems for the students of the period What becomes clear is the extraordinary originality flexibility and power with which Restoration and eighteenth century poets handles the stylistic assumptions and the body of poems they inherited and employed in their own works
