

Macedonia From Philip Ii To The Roman Conquest

Robin J. Fox, Robin Lane Fox

Macedonia From Philip II To The Roman Conquest:

Macedonia Rene Ginouves, René Ginouvès, Giannes M. Akamates, Giannēs M. Akamatēs, 1994 This book offers an excellent introduction to the history culture art architecture and archaeology of ancient Macedonia and is packed full of illustrations bringing to life the society and culture of those peoples brought under Macedonian control **Macedonia** René

Ginouves, 1993 From the accession of Philip of Macedon to the Roman conquest of Carthage and Asia Philip Smith, 1868

Brill's Companion to Ancient Macedon Robin J. Fox, Robin Lane Fox, 2011-06-22 Drawing on the latest archaeology epigraphy and historical interpretation this major volume presents a survey of ancient Macedon important parts of which are published by their excavators for the first time including the palace of King Philip II Archaeologists and historians of the ancient Greek worlds will welcome this milestone in the study of this rapidly changing field packed with new information interpretations and essential bibliography **A Companion to Ancient Thrace** Julia Valeva, Emil Nankov, Denver

Graninger, 2015-04-08 A Companion to Ancient Thrace presents a series of essays that reveal the newly recognized complexity of the social and cultural phenomena of the peoples inhabiting the Balkan periphery of the Classical world Features a rich and detailed overview of Thracian history from the Early Iron Age to Late Antiquity Includes contributions from leading scholars in the archaeology art history and general history of Thrace Balances consideration of material evidence relating to Ancient Thrace with more traditional literary sources Integrates a study of Thrace within a broad context that includes the cultures of the eastern Mediterranean southwest Asia and southeast Europe Eurasia Reflects the impact of new theoretical approaches to economy ethnicity and cross cultural interaction and hybridity in Ancient Thrace **A**

Compendium of World Sovereigns: Volume I Ancient Timothy Venning, 2023-06-30 The Compendium of World Sovereigns series contains three volumes Ancient Medieval and Early Modern These volumes provide students with easy to access who s who with details on the identities and dates ages and wives where known of heads of government in any given state at any time within the framework of reference The relevant original and secondary sources are also listed in a comprehensive bibliography Providing a clear reference guide for students to who was who and when they ruled in the dynasties and other ruler lists for the Ancient Medieval and Early Modern worlds primarily European and Middle Eastern but including available information on Africa and Asia and the pre Columbian Americas The trilogy accesses and interprets the original data plus any modern controversies and disputes over names and dating reflecting on the shifts and widening of focus in student and academic studies Each volume contains league tables of rulers records and an extensive bibliographical guide to the relevant personnel and dynasties plus any controversies so readers can consult these for extra details and know exactly where to go for which information All relevant information is collected and provided as a one stop shop for students wishing to check the known information about a world Sovereign The Ancient volume begins with the Pharaohs in Egypt and moves through Greece Classical and Early Medieval Armenia Crimea Syria Jordan Israel and Judah Persia India and ends

with the Roman World in the east and west A Compendium of World Sovereigns Volume I Ancient provides students and scholars with the perfect reference guide to support their studies and to fact check dates people and places *The Greek World in the Fourth Century* Lawrence A. Tritle, 2013-10-16 The contributors in this volume present a systematic survey of the struggles of Athens Sparta and Thebes to dominate Greece in the fourth century only to be overwhelmed by the newly emerging Macedonian kingdom of Philip II Additionally the situation of Greeks in Sicily Italy and Asia is portrayed showing the geographical and political diffusion of the Greeks in a broader historical context This book will provide the reader with a clearly drawn and vivid picture of the main events and leading personalities in this decisive period of Greek history **The popular encyclopedia; or, 'Conversations Lexicon': [ed. by A. Whitelaw from the Encyclopedia Americana].** Popular encyclopedia, 1846 *The Black Sea in the Light of New Archaeological Data and Theoretical Approaches* Manolis Manoledakis, 2016-12-31 The Black Sea in the Light of New Archaeological Data and Theoretical Approaches contains 19 papers on the archaeology and ancient history of the Black Sea region covering a vast period of time from the Early Iron Age until the Late Roman Early Byzantine Periods *Greek Perspectives on the Achaemenid Empire* Morgan Janett Morgan, 2016-03-07 How did the Greek view of Persia and Persians change so radically in the archaic and classical Greek sources that they turned from noble warriors into peacock loving cross dressers with murderous mothers This book looks at the development of a range of responses to the Achaemenids and their Empire Through a study of ancient texts and material evidence from the archaic and classical periods Janett Morgan investigates the historical political and social factors that inspired and manipulated different identities for Persia and the Persians within Greece Key Features an interdisciplinary approach to investigating cultural contact and cultural exchange to explore the Greek response to Persia offers unique insights into the role of Greek social elites and political communities in creating different representations of the Achaemenid Persians and their Empire Keywords *Greek Gold from Hellenistic Egypt* Michael Pfrommer, 2001 Although much is left to the imagination the basic facts do come to light and the facets and surfaces of the Getty's golden treasure enrich us with new understanding **BOOK JACKET** **Dynasties of the World** John Morby, 2014-09-18 This title has tables giving years of rule and family relationships in the male line unless otherwise indicated for the reigning families of the world from Horus Aha first pharaoh of Egypt to Abdallah present king of Saudi Arabia Included in the tables are data regarding regencies and co regencies abdications and depositions interregna and dynastic unions mandates and protectorates canonizations and beatifications and the end of monarchic rule through conquest or overthrow Notes provide information on chronological problems and uncertainties non Western dating systems and names and titles bibliographies document the research and guide the reader to additional information *Ancient Economies of the Northern Aegean* Zosia Halina Archibald, 2013-11-21 The south eastern tip of continental Europe was a major focus of creative energy in the second half of the first millennium BC As the bridgehead between Europe Asia and the Mediterranean the lands that corresponded to northern Greece Bulgaria and

the European parts of Turkey became a focus of interest for a variety of external powers keen to benefit from this region's burgeoning wealth. While the ancient kingdoms of Macedon and Thrace were thought of as fringe areas of the Mediterranean, they became rich and successful partly by exploiting the region's mineral wealth and timber and from the effective herding of livestock. In economic terms, these land-based states were strongly connected to the maritime powers of central and southern Greece and with areas far beyond the Aegean. Using the most up-to-date methods and theories about ancient economies, Archibald explores the cultural and economic dynamics of a region that continues to reveal unexpected dimensions of Classical antiquity. *A popular history of Greece, to the incorporation with the Roman empire*, ed. by W.H. Dulcken D. Rose, 1888

Encyclopedia of Ancient Greece Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era, this thoroughly cross-referenced and fully indexed work is written by an international group of scholars. This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition, the highly praised two-volume work. Newly edited by Nigel Wilson, this single-volume reference provides a comprehensive and authoritative guide to the political, cultural, and social life of the people and to the places, ideas, periods, and events that defined ancient Greece.

Ancient Macedonia Charles River Charles River Editors, 2018-05-19 Includes pictures. Includes ancient accounts. Includes online resources and a bibliography for further reading. There is nothing impossible to him that will but try Alexander the Great. The role of Macedonia and the Macedonians in the ancient world is apparent to those with even a cursory knowledge of the period. After all, Alexander the Great and his father Philip II were both Macedonians and most know at least a little about their violent struggles to conquer Greece and the Near East. However, Macedonian history began long before Philip II and Alexander III and continued for some time after they were gone. Thus, in many ways, the historical memory of Macedonia and the Macedonians is the victim of historical myopia, which is in part the result of popular entertainment. Alexander the Great makes for great fiction, so the more tedious aspects of Macedonian culture are often overlooked. An examination of ancient Macedonian culture from its earliest known references to the arrival of the Romans reveals that the Greeks' northern neighbors played an integral role in the development of Hellenic civilization. Although many of the traditional Greeks may not have considered the Macedonians to be fellow Hellenes at first, they were forced to accept them due to the Macedonians' superior military strength. By the time Alexander the Great had led his army across the Persian Empire, he and his fellow Macedonians had been for the most part accepted as Greeks by most other Greeks, but it was a long process. As the Athenians developed their government and philosophies, the Macedonians dedicated themselves to the art of war. Because of this, ancient Macedonia was in many ways a stark contrast to the republics and democracies of classical Greece. The Macedonian government was a traditional monarchy where only the strongest of the kings were able to survive assassination attempts and palace coups. The Macedonian kings were also expected to lead their armies into war, which they did almost continuously. Eventually, Macedonian culture slowly

began to adopt many of their southern neighbors attributes and likewise the Greek city states came to see the Macedonians as less barbarian and more Greek By the time the Romans had conquered Greece in the 2nd century BCE Macedonia had been viewed by most Greeks and nearly all Romans as nothing more than the northern reaches of Greece More importantly the Macedonians were arguably the most responsible for spreading Hellenism across the world than even the Greeks and Romans When Alexander died at the age of 32 he had made himself the most powerful man in the world and his dominions stretched from the Punjab to modern Albania making him one of the most successful conquerors in history Alexander and his successors Hellenized as far as they reached from Egypt to Persia and parts of Asia Minor and their influence is still readily visible Anthropologists have found that some of the earliest Buddha statues constructed in India bear an uncanny resemblance to Greek depictions of Apollo Further west much of Alexander s old empire was eventually conquered in the following centuries by Rome including Ptolemaic Egypt but instead of ending the Hellenistic culture the Roman Empire further reinforced it Having conquered Greece itself around 100 BCE the Roman Empire heavily assimilated the Greeks culture into its own Latin was an offshoot of the Greeks language the Romans mythology was nearly identical and Roman poetry literature and art all closely resembled what was produced to their east in the preceding centuries As such the Macedonians played a vital role in the course of Western Civilization Ancient Macedonia The History and Legacy of Alexander the Great and the Macedonians in Antiquity examines one of the most important ancient powers throughout its long and illustrious history

Encyclopedia of Greece and the Hellenic Tradition Graham Speake,2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence

Greece, Macedon and Persia Timothy Howe,Erin Garvin,Graham Wrightson,2015-03-12 Greece Macedon and Persia contains a collection of papers related to the history and historiography of warfare politics and power in the Ancient Mediterranean world The contributions written by 19 recognized experts from a variety of methodological and evidentiary perspectives show how ancient peoples considered war and conflict at the heart of social political and economic activity Though focusing on a single theme war the papers are firmly based in the context of the wider social and literary issues of Ancient Mediterranean

scholarship and as such consider war and conflict as part of a complex matrix of culture in which historical actors articulate their relationships with society and historical authors articulate their relationships with history The result is a rich understanding of Ancient World history and history writing The volume is presented in honour of Waldemar Heckel a foremost scholar of Alexander the Great and ancient warfare

The Military Legacy of Alexander the Great Michael P. Ferguson, Ian Worthington, 2023-11-28 Placing Alexander the Great's leadership, command skills and grand strategy within the context of twenty first century military challenges and thus showing continuities in leadership and warfare since his time this volume demonstrates how and why Alexander is relevant to the modern world by emphasizing the need for human leadership in our digital era Not only does this volume explore Alexander's rich military history but also it provides a robust exploration of the twenty first century security environment Theorists and policy makers will gain insight into how Alexander's story informs our thinking about peace war and strategy while practitioners and educators will encounter ways to improve their approaches to leader development and building curricula Ferguson and Worthington set forth these lessons in a thematic framework that organises Alexander's reign into distinct parts together with chapters discussing the lessons and warnings he brings to the modern world Twenty fifth National Security Advisor to the President of the United States Lt Gen H R McMaster provides a thoughtful conclusion to this fascinating volume Alexander's timeless campaigns remain as germane to this age as any other and demonstrate the critical importance of dynamic leadership and historical studies in an era increasingly dominated by the culture of technology The Military Legacy of Alexander the Great is expertly written for students and scholars in a variety of disciplines including Classics Ancient History Modern History Peace Studies and Military Studies It is also of great interest to senior defence leaders military academies leadership and management focused academic programmes intelligence organizations and senior service colleges The volume is also suitable for the general reader interested in warfare military history and history more broadly

The Village in Antiquity and the Rise of Early Christianity Alan Cadwallader, James R. Harrison, Angela Standhartinger, L. L. Welborn, 2023-12-28 A complete geographical and thematic overview of the village in antiquity and its role in the rise of Christianity The volume begins with a state of question introduction by Thomas Robinson assessing the interrelation of the village and city with the rise of early Christianity Alan Cadwallader then articulates a methodology for future New Testament studies on this topic employing a series of case studies to illustrate the methodological issues raised From there contributors explore three areas of village life in different geographical areas by means of a series of studies written by experts in each discipline They discuss the ancient near east Egypt and Israel mainland and Isthmian Greece Asia Minor and the Italian Peninsula This geographic focus sheds light upon the villages associated with the biblical cities Israel Corinth Galatia Ephesus Philippi Thessalonica Rome including potential insights into the rural nature of the churches located there A final section of thematic studies explores central issues of local village life indigenous and imperial cults funerary culture and agricultural and economic life
