

My Life Had Stood – A Loaded Gun –

My Life had stood – a Loaded Gun –
In Corners – till a Day
The Owner passed – identified –
And carried Me away –

And now we roam in Sovereign
Woods-

And now We hunt the Doe –
And every time I speak for Him –
The Mountains straight reply –

And do I smile, such cordial light
Upon the Valley glow –
It is as a Vesuvian face
Had let its pleasure through –

And when at Night – Our good Day
done

I guard My Master's Head –
'Tis better than the Eider-Duck's
Deep Pillow – to have shared –

To foe of His – I'm deadly foe –
None stir the second time –
On whom I lay a Yellow Eye –
Or an emphatic Thumb –

Though I than He – may longer live
He longer must – than I –
For I have but the power to kill,
Without – the power to die –

Dickinson and the Boundaries of Feminist Theory Mary Loeffelholz, 1991 Poetry written by the gifted recluse Emily Dickinson has remained fresh and enigmatic for longer than works by her male Transcendentalist counterparts Here Mary Loeffelholz reads Dickinson's poetry and career in the double context of nineteenth century literary tradition and twentieth century feminist literary theory Mary Loeffelholz has written a book that actually performs what it promises It illuminates our understanding of Emily Dickinson with readings both elegant and useful and as importantly suggests modified direction for feminist psychoanalytic theory

Dickinson Emily Dickinson, Helen Vendler, 2010-09-07 The unrivaled doyenne of close reading offers an interpretive introduction to Emily Dickinson's brilliant enigmatic verse In commentaries accompanying 150 selected poems Helen Vendler explores Dickinson's major thematic preoccupations while highlighting the poet's startling imagination and the ingenuity of her linguistic invention

Emily Dickinson Elizabeth Phillips, 1988-01-01 Giving us a new sense of Dickinson it considers instead evidence of the poet Dickinson bore a heavy share of domestic duties and familial responsibilities throughout most of her life The crisis she experienced during the early 1860s in a cluster of responses to the Civil War coincided with the onset of her difficulties with her eyes Suffering from exotropia and photophobia she never fully recovered and gradually withdrew into the less severe light of the house in Amherst She continued to care for those close to her and to write both letters and verse From the perspective of Dickinson's maturity and resilience we also see her gift for depicting and dramatizing episodes in a manner that gives the illusion of their being autobiographical whether they are or not Dickinson was however an actress who changed roles and points of view as readily as she experimented with poetic genres Analyses of her various personae or supposed persons for dramatic monologues in the Browning tradition which enabled the poet to represent a range of experiences different from her own serve to dispel much of the confusion that has surrounded her in the last century Rather than searching for an illusive absent center Phillips scrutinizes in a most revealing way the poet's reading appropriation and command of materials from the Brontës George Eliot Hawthorne the Brownings Shakespeare and the Southey for personae that introduce us to a Dickinson

heretofore hardly glimpsed A central vision of the study is the poet as a biographer of souls *My Life Had Stood a Loaded Gun* Theo Padnos, 2004-01-28 The 33 year old author shares his experiences teaching a literature class inside a locked prison room at the Woodstock Correctional Facility in Vermont guiding his students to discover themselves and each other through the power of the written word The Passion of Emily Dickinson Judith Farr, 1992 In a profound new analysis of Dickinson's life and work Judith Farr explores the desire suffering exultation spiritual rapture and intense dedication to art that characterize Dickinson's poems deciphering their many complex and witty references to texts and paintings of the day

Emily Dickinson, a Poet's Grammar Crisanne Miller, 1987 In this inventive work on Emily Dickinson's poetry Crisanne Miller traces the roots of Dickinson's unusual compressed ungrammatical and richly ambiguous style finding them in sources as different as the New Testament and the daily patterns of women's speech Dickinson writes as she does both because she is steeped in the great patriarchal texts of her culture from the Bible and hymns to Herbert's poetry and Emerson's prose and because she is conscious of writing as a woman in an age and culture that assume great and serious poets are male Miller observes that Dickinson's language deviates from normal construction along definable and consistent lines consequently it lends itself to the categorical analysis of an interpretive grammar such as the one she has constructed in this book In order to facilitate the reading of Dickinson's poems and to reveal the values and assumptions behind the poet's manipulations of language Miller examines in this grammar how specific elements of the poet's style tend to function in various contexts Because many especially modernist poets use some of the same techniques the grammar throws light on the poetic syntax of other writers as well In the course of her analysis Miller draws not only on traditional historical and linguistic sources but also on current sociolinguistic studies of gender and speech and on feminist descriptions of women's writing Dickinson's language she concludes could almost have been designed as a model for twentieth century theories of what a woman's language might be As a critical examination of the relationship between linguistic style and literary identity in America's greatest woman poet Emily Dickinson *A Poet's Grammar* provides a significant addition to feminist literary studies **Fashioning the Female Subject** Sabine Sielke, 1997 Exploring the interrelatedness of the poetry of three American women writers
