Divers Vanities Arthur Morrison, 2021-11-09 In *Divers Vanities* Arthur Morrison offers a compelling exploration of the complexities of human nature through a series of interconnected stories set in late Victorian London. The prose is characterized by Morrison's keen observational style and rich detail, blending realism with an undercurrent of social commentary. Each vignette illuminates the lives of various characters, from the downtrodden to the affluent, all grappling with their own vanities and desires. The work exemplifies the literary movement of naturalism, contrasting the aspirations and realities of life against the backdrop of an emergent urban society rife with moral ambiguity. Arthur Morrison, a contemporary of writers like George Gissing, was deeply influenced by the socioeconomic conditions of his time, which fueled his empathy for the marginalized. Growing up in the working-class neighborhoods of East London, Morrison's firsthand experiences informed his understanding of class struggles, passion for the human condition, and commitment to portraying life in its unvarnished form. His background as a journalist also provided him with a unique perspective on societal issues, further enriching his narrative style. *Divers Vanities* is an essential read for those interested in the intricacies of human frailty and the societal constraints of the era. Morrison's ability to weave poignant tales imbued with empathy invites readers to reflect on their own values and aspirations. This book not only captivates through its storytelling but also encourages critical contemplation of the vanities that permeate human existence.

The Story Within Us Megan Sweeney, 2012-09-11 This volume features in-depth oral interviews with eleven incarcerated women, each of whom offers a narrative of her life and her reading experiences within prison walls. The women share powerful stories about their complex and diverse efforts to negotiate difficult relationships, exercise agency in restrictive circumstances, and find meaning and beauty in the midst of pain. Their shared emphases on abuse, poverty, addiction, and mental illness illuminate the pathways that lead many women to prison and suggest possibilities for addressing the profound social problems that fuel crime. Framing the narratives within an analytic introduction and reflective afterword, Megan Sweeney highlights the crucial intellectual work that the incarcerated women perform despite myriad restrictions on reading and education in U.S. prisons. These women use the limited reading materials available to them as sources of guidance and support and as tools for self-reflection and self-education. Through their creative engagements with books, the women learn to reframe their own life stories, situate their experiences in relation to broader social patterns, deepen their understanding of others, experiment with new ways of being, and maintain a sense of connection with their fellow citizens on both sides of the prison fence.

Culinary Artistry Andrew Dornenburg, Karen Page, 1996-11-14 In *Culinary Artistry*, Dornenburg and Page provide food and flavor pairings as a kind of steppingstone for the recipe-dependent cook. Their hope is that once you know the scales, you will be able to compose a symphony. Molly O'Neil in *The New York Times Magazine*. For anyone who believes in the potential for artistry in the realm of food, *Culinary Artistry*

Amy's Children Olga Masters, 2013-06-26 Abandoned by her feckless husband during the Depression Amy decides to leave her country town and her three infant children and try her luck in the big smoke Life in wartime Sydney is far from easy but for Amy there are the hard won satisfactions of an office job and a house of her own Until her eldest Kathleen appears needing a home while she attends high school And Amy falls in love with a married man Enlivened with note perfect observations of the everyday wrenching in its portrayal of a young woman struggling to succeed yet often wilfully ignorant of her own children Olga Masters second and last novel is a triumph At its centre is Amy one of the great characters in Australian literature This edition comes with an introduction by the novelist Eva Hornung Olga Masters was born in Pambula New South Wales in 1919 She married at twenty one and had seven children working part time as a journalist leaving her little opportunity to develop her interest in creative writing until she was in her fifties In the 1970s Masters wrote a radio play and a stage play and between 1977 and 1981 she won prizes for her short stories Her debut the short story collection *The Home Girls* won a National Book Council Award in 1983 She wrote two novels and three collections of stories the third of which was published posthumously Masters died in 1986 A beautiful little book written with great gentleness and warmth

Courier Mail Olga Masters writes with freshness and brimming exuberance and yet control over her material is absolute Amy s Children is a polished moving story one that touches the very roots of being and feeling without the barest hint of cliché Age Amy s Children offers a delightfully wicked view of female values and culture Bulletin Masters best work It captures in photorealist detail the peeling facades of the inner city during the years when the Depression was supplanted by war What makes this quiet novel so remarkable Partly it is the language as regular and minutely exact as Amy s aunt s hand sewn buttonholes But the real magic lies in the way such words are deployed The sense of loss that pervades this final work is palpable Geordie Williamson **The Mixer and Server** ,1928
